Jim Clay,
Cascade AIDS
Project

Thursday, February 7th is National Black HIV/AIDS Awareness Day.

"This year's NBHAAD theme, *"Together for Love: Stop HIV Stigma"*, highlights the messages of the [Act Against AIDS](#), [Let's Stop HIV Together](#) campaign. *Let's Stop HIV Together* raises awareness that we all have a role to play in stopping HIV stigma. Partners and organizations can use the *"Together for Love: Stop HIV Stigma"* theme as an anchor phrase to highlight ways to reduce HIV stigma within the black community."

Visit <https://www.cdc.gov/hiv/library/awareness/nbhaad.html> for images and content to share on social media to raise awareness.

**NASTAD has created a toolkit on Trauma Informed Approaches
specifically for agencies
providing services to those living with HIV**

TAKE OUR SURVEY AND HELP US MAKE THE NATIONAL TRANSGENDER HIV TESTING DAY EVENT A SAFE, INCLUSIVE, AND EDUCATIONAL EVENT FOR OUR COMMUNITY.

April 18th, 2019

For the past several years a number of community members and community agencies have come together to create an event in honor of National Transgender HIV Testing Day.

We are collaborating again with amazing humans to make this years event meaningful, safe and affirming for community but we need help.

Please take a few moments to take this survey in [English](#) or [Spanish](#) to help us create another meaningful event.

Please share far and wide with your communities and consider joining us in the planning!

Visit our page [National Transgender HIV Testing Day - Portland](#) for details about planning meetings and interesting information.

In an effort to remain aware of all of our programmatic and staff changes throughout the HIV community in Oregon we would like to collect and share that information

Programmatic & staff changes should be sent to lagermes@ohsu.edu
by the last Wednesday of the month.

I will also be emailing agencies to obtain that information but if I miss you let me know.
