I hope that everyone is doing well at this time and still prioritizing you! Remember the saying, "Put on your own oxygen mask before you help someone else". If we continue to take care of others without taking care of us, we will burn out, and be of no use to anyone. Especially now as we are in continue to be the midst of a pandemic, we need to be sure we are well.

We find ourselves at an important time in the world; being in the middle of a pandemic and a racial justice awakening. So many people have been saying why now? What is different this time then when we witnessed the murders of Philando Castile or Eric Garner and too many others? Why are more white people all over the world protesting, donating, lifting up black voices and standing in solidarity with Black Americans. I don't know who has the answer to why now but I know that I am personally taking actions to look at my own biases and how I can do better and be a true white ally. At Partnership Project we will be looking at ourselves as an agency to determine where we have done harm and how we can do better. We know we are not perfect, no one is.

In the next several pages, I offer some places to learn and listen as you go through your journey. I wish you all well on wherever your journey takes you.

Best,
Julia

Pride is a time to celebrate the strength, vibrancy and diversity of the LGBTQ+ community. It is also a time to learn about our history and to honor those who came before us.

Here is an article that offers one perspective about who started Stonewall and why it is and isn't important who threw the 1st brick. <https://www.them.us/story/who-threw-the-first-brick-at-stonewall>

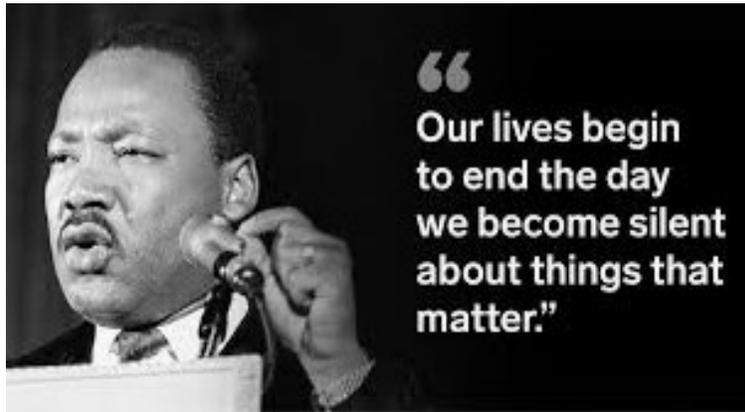

Here is [another article](#) that takes a look back at history to what Pride is today.

Self care reminder!

**Don't ever be
sorry for putting
yourself first
when it comes to
your emotional
and mental health.**

**Self-Care is a
priority and necessity
- not a luxury -
in the work that we do.**

As many of us are taking steps to understand what we each need to do to combat racism and how it impacts our communities, ourselves and our clients, I offer you these resources that I have gathered. This is not intended to be an exhaustive list. There are numerous other items to listen to, read, act with, support and watch. Thanks to those who have shared these with me.

Aging with Pride: IDEA

IDEA = Innovations in Dementia Empowerment and Action

ARE YOU OR SOMEONE YOU KNOW EXPERIENCING MEMORY LOSS?

The IDEA program uses easy video chatting!

Receive \$125 per pair for completing 5 phone interviews

- Coaches provide 9 virtual sessions for the person with memory loss and their care partner.
- Sessions are designed to improve the health and well-being of both.
- Either the person with memory loss or care partner must be LGBTQ.
- This free program is available in Washington, Oregon and California.

Contact us at 1-888-655-6646 or ageIDEA@uw.edu

Community partners include GenPRIDE, Openhouse, Family Caregiver Alliance, and LA LGBT Center.

Aging with Pride: IDEA (Innovations in Dementia Empowerment and Action) is offering our innovative program using easy video chatting. **We need your help!** LGBTQ older adults are often isolated and difficult to connect with, and experiencing cognitive difficulties can increase social isolation. This free virtual program is available throughout Washington, Oregon and California. Please help us spread the word.

Visit <https://ageidea.org/share/> to see how you can share information about this program. Check out the 2 minute video about the program on our website <https://ageidea.org/elementor-345/>

Together we can make a difference in people's lives. Thank you for your support!
