

## Oregon Program Review Panel (OPRP) – Submitter Form

### Overview:

The CDC's Division of HIV Prevention requires that any HIV educational materials created with CDC HIV prevention funds be reviewed by a state Program Materials Review Board. To meet this requirement, the Oregon Health Authority's HIV/STD/TB Program (HST) manages the Oregon Program Review Panel (OPRP). Complete this form to submit HIV prevention material to the OPRP for review.

### Instruction:

Completion of this form ensures material submitted meets CDC criteria described below. Begin by providing basic information about the submitter and agency. Providing accurate contact information ensures we can ask follow up questions, if needed, and can report back a decision on the review.

For stand-alone material: Using each of the criteria below, assess only whether the material: 1) meets the standard; 2) does not meet the standard; or 3) the standard is not applicable.

For material that is part of a broader HIV prevention program: If materials do not meet the standards below, please describe how your broader HIV prevention program, in which these materials will be used, will meet the standard. (See also **OPRP Submitter Instructions**).

Last revision: January 2026

**Submitter Agency Name:**

**Submitter Name and Title:**

**Contact Info:** (e.g. email, phone number, other)

**Name or Title of Material:**

**Material Type:** (e.g. poster, brochure, survey, internet, etc.):

**Check one:**  **Stand-alone material review**       **Material is part of a broader HIV prevention program**

**Signature:** \_\_\_\_\_

**Date:**

**Add comments if applies.** *Include any additional information that could be helpful for OPRP to understand when reviewing material submitted.*

Materials Review - Standards Criteria	Meets Standard <i>If yes, check box</i>	If stand-alone materials <i>do NOT</i> meet the CDC standard, please indicate how they will be used as part of a broader HIV prevention program.
1. Information is included that promotes abstinence from: <ul style="list-style-type: none"> <li data-bbox="255 295 819 458">a. sexual intercourse except in a mutually monogamous relationship with an uninfected partner or a person living with HIV who is taking ART and is virally suppressed.</li> <li data-bbox="255 470 487 507">b. illicit drug use</li> </ul>	<input data-bbox="952 279 979 306" type="checkbox"/> <input data-bbox="952 409 979 437" type="checkbox"/>	
2. Information or education DOES NOT provide information that directly encourages or promotes: <ul style="list-style-type: none"> <li data-bbox="255 610 487 631">a. sexual activity</li> <li data-bbox="255 643 587 664">b. intravenous drug use</li> </ul>	<input data-bbox="952 528 979 556" type="checkbox"/> <input data-bbox="952 626 979 654" type="checkbox"/>	
3. Accurate public health information is provided about: <ul style="list-style-type: none"> <li data-bbox="255 763 530 784">a. HIV transmission</li> <li data-bbox="255 796 544 817">b. HIV risk reduction</li> </ul>	<input data-bbox="952 747 979 775" type="checkbox"/> <input data-bbox="952 780 979 807" type="checkbox"/>	
4. The title of the material and/or program accurately represents the content or activity.	<input data-bbox="952 851 979 879" type="checkbox"/>	
5. Materials designed for preventing sexually transmitted infections contain medically accurate information about the degree to which condoms are effective in preventing transmission of the disease the material is designed to address.	<input data-bbox="952 987 979 1015" type="checkbox"/>	
6. The potential of the material and/or program reaching a specific population and preventing HIV outweighs any potential "obscenity."	<input data-bbox="952 1148 979 1176" type="checkbox"/>	
7. Identify the target population(s) for the proposed material. Who is this intended for? (e.g., <i>men who have sexual contact with other men, youth, those who inject drugs, Latinx women, people living with HIV, heterosexual women, rural populations</i> )	Indicate:	

Materials Review - Standards Criteria	Meets Standard <i>If yes, check box</i>	If stand-alone materials <i>do NOT meet the CDC standard</i> , please indicate how they will be used as part of a broader HIV prevention program.
8. List all places where the proposed material will be distributed or disseminated (e.g., churches, local health departments, websites, bars, billboards, bathhouses, bookstores, other community sites).	Indicate:
