Oregon  
Health  
Authority

### ***OAR Update***

## **Update to Oregon Administrative Rules: Removal of PID from List of Reportable Diseases**

The Oregon Administrative Rules, [Chapter 333, Division 18](#) regarding disease reporting were amended on August 16, 2016.

Pelvic Inflammatory Disease (PID) is no longer reportable to the Oregon Public Health Division.

Local county health departments may still indicate that a chlamydia or gonorrhea case resulted in PID through the Oregon Public Health Epidemiologists' User System (ORPHEUS) using the "stage/syndrome" drop-down.

Please contact the [Oregon STD Program](#) with any questions.
