Rural Community Assistance Partnership

COMMUNITIES
Unlimited

Environmental Finance Center Network

In a competitive application process RCAC was selected as the Environmental Finance Center (EFC) for U.S. Environmental Protection Agency (EPA) Region 10 – Alaska, Washington, Oregon and Idaho.

RCAC's mission

- RCAC partners with rural and Indigenous communities to achieve their vision and well being through technical assistance, training, financial resources and advocacy.

RCAC's vision

- Rural and Indigenous communities throughout the West are empowered to be vibrant, healthy and thriving.

RCAC's core values

- Leadership: identifies innovative strategies to further rural community and economic development and inspires partners to achieve great outcomes
- Collaboration: achieves superior results by respectfully and inclusively identifying partners
- Commitment: works with passion and dedication to improve rural communities and the lives of their low-income residents
- Quality: produces exceptional work products to help our partners meet their goals
- Integrity: practices the highest professional standards and cultural competency in our work

RCAC Projects Map

Blue River Water District

- **Where:** Blue River, McKenzie Valley, Lane County, Oregon
- **Problem:** Small rural communities struggle to obtain the emergency funding required to replace critical infrastructure destroyed by wildfires.
- **Solution:** Rural Community Assistance Corporation (RCAC) provided technical assistance that allowed the city to access FEMA emergency funds.

Sun Country Estates Maintenance Association

- **Where:** Yakima, Yakima County, Washington (4th Congressional District)
- **Problem:** Small rural water and wastewater systems struggle to access funding for critical upgrades and replacements of capital infrastructure.
- **Solution:** Rural Community Assistance Corporation (RCAC) completed a Median Household Income (MHI) survey to broaden access to funding opportunities.

Deer Island Village

- **Where:** Deer Island Village, Columbia County, Oregon
- **Problem:** Small water systems lack the technical, financial and managerial capacity to manage their systems.
- **Solution:** Rural Community Assistance Corporation provides technical assistance to ensure compliance with regulations.
