Struck the following OVS requirements for LPHAs

- Technical and Regulatory Assistance
- Investigation of Water Quality Alerts
- Enforcement Action Tracking and Follow-up
- Resolution of Monitoring and Reporting Violations

Substantive Changes

Continued - Summary of Required Services, Section 13:

- Added the requirement to Update and maintain inventory and documentation of new and existing water systems

Next Steps

We are currently waiting for the final / approved version of the 2025-27 agreement to be made available to us.

Once this is done, we will present the revisions covered today to CLHO-EH and the full CLHO committees as soon as practical.

Once done, we can implement statewide via amendment.

Questions?

Thank you!
