SWP-25-008 Lincoln County	Land Conservation Planning for Protection in the Troller's Cove Water Association's Drinking Water Source Watersheds: Hire a consultant to manage project focused on tax lot analysis for land conservation planning, communicate with landowners, and develop conservation strategy and fact sheets.	Enhanced Assessment, Source Protection, & Land Acquisition Planning.*	\$70,000	70,000*	2025	75	YES (+10 pts)	20	10	0	5	30					
10	City of Brookings SWP-25-006 Curry County	Chetco River Source Water Protection Project: Installation of security fencing and gates in critical area near Ranney Collector, DWSP signage, & river clean-up funding.	Security & Implementation	\$26,500	\$26,500	2025	75	YES (+10 pts)	20	9	0	6	30					
11	Nearctic Water District SWP-25-011 Tillamook County	Fall Creek Watershed Conservation Easement: Form planning team to evaluate feasibility for conservation easement or similar protection effort, determine value of easement, develop forestry management plan, & identify funding opportunities.	Land Acquisition Planning & Source Protection Planning.*	\$70,000	70,000*	2025	75	YES (+10 pts)	20	10	0	5	30					
12	City of Cottage Grove SWP-25-007 Lane County	City of Cottage Groe Drinking Water Protection Plan Update: Update DWSP Plan, originally completed in 2015, with new information from most recent SWA update that occurred in 2019.	Enhanced Assessment & Source Protection Planning	\$50,000	\$50,000	2025	75	YES (+10 pts)	20	10	0	5	30					
				\$681,500	\$681,500													
				Total Requested	Total Fundable													

Projects below funding line that met eligibility score:						
Applicant	Applicant #	Ranking Points	Disadvantaged Community	Project Description	Amount Requested	Fundable Amount
Portland Water Bureau	SWP-25-009	73	YES	Strengthen watershed protection with added security equipment including cameras, gates, gate sensors, and fencing at strategic locations within watershed.	\$50,000	\$50,000
City of Pilot Rock	SWP-25-003	63	NO	Conduct Household Hazardous Waste Collection event, purchase spill kits, inspect sewer lines.	\$37,000	\$28,500
					\$87,000	\$78,500

Projects not eligible for funding:					
Applicant	Applicant #	Ranking Points	Project Description	Amount Requested	Funding Amount
Adair Village Water System	SWP-25-016	----	Develop service line replacement plan and replace service lateral connections.	\$50,000	Not applicable. Drinking Water Source Protection funds not available for infrastructure improvements.
Klamath County: Project Homefront	SWP-25-010	----	Clean, inspect, repair damage, and test septic system.	\$50,000	Not applicable. Drinking Water Source Protection funds not available for routine regulatory requirements.

**COLUMN NOTES**  
(1) Applicant (SWP#) column is an Applicant number assigned to the system after they submit their Application.  
(2) Primary Project Focus column demonstrates the primary focus for what the DWSPF funds will be utilized for. In many cases, projects have more than one focus, but often they have one or two primary focuses for their project. This column displays that focus.  
(3) Grant Award column shows the year in which the projects were awarded. Projects are removed from PPL when funds have been committed to the project from Business Oregon.  
Projects may also be removed from the PPL if more than a year has transpired and Business Oregon has not been able to commit funds to the project.  
\* Denotes projects funded through IJA Supplemental funds.

Eligible DWSPF projects are placed on this PPL annually, but the PPL is updated internally each quarter to keep track of how much money is available for lending and to remove projects that have been awarded funds.
