(A) Cuntada waa in laga ilaaliyaa is wasakhaynta ayada oo: (1) Marka laga reebo sida ku cad (1) (c) hoose, laga sooco cuntada xayawaanka cayriinka ah inta lagu jiro kaydinta, diyaarinta, haynta, iyo soo bandhigidda: (a) Cuntada cayriinka ah ee u diyaarsan in la cuno oo ay kujirto cunto kale oo cayriin ah sida kaluunka sushi ama xayawaanka badda ku nool ee qolofa leh ee molluscan, ama cuntada kale ee cayriinka ah ee diyaarka u ah in la cuno sida miraha darayga ah iyo qudaarta, ^p iyo (b) Cuntada la kariyay ee diyaarka u ah in la cuno; ^p (c) Cuntada xayawaanka ee cayriinka ah ee la qaboojiyay, loo diyaariyay in laga ganacsado lana seejalay waxaa lala kaydin karaa ama lala soo bandhigi karaa ama korkeeda la saari karaa ayada oo barafaysan, cuntada in la cuno u diyaarsan ee ganacsi ahaan loo diyaariyay lana seejalay.

SABABAHA LA XIRIIRA CAAFIMAADKA BULSHADA:

Cuntooyinka xayawaanka ee cayriinka ah waa in la kala soocaa ayada oo lagu salaynayo isku xigxigitaanka heerkullada lagu kariyay maadaama heerkullada karintu sida ku cad § 3-401.11 ay ku salaysan yihiin xogta burburinta ee dabka iyo heerka nooleyaasha la filayo. Tusaale ahaan, si looga hortago isugudbin-ta wasakhda, kaluunka iyo doofaarka, kuwaas oo looga baahan yahay in la kariyo heerkul gaaraya 145°F ilaa 15 ilbiriqsi, waa in lagu kaydiyaa meel ka saraysa ama ka fog digaagga cayriinka ah, kaasoo loo baahan yahay in lagu kariyo heerkul gaaraya 165°F ilaa 15 ilbiriqsi ayada oo ay sabab u tahay heerka nooleyaasha la filayo in ay kujiraan oo sareeya. Ka reebid ayaa loo ogolyahay cuntada xayawaanka ee cayriinka ah ee la qaboojiyay, ganacsi ahaanna loo seejalay in lagu kaydiyo ama laga bandhigo meel ku dhaggan ama ka saraysa cuntada la qaboojiyay, ganacsi ahaanna loo seejalay ee cunista u diyaarsan.

Ku kaydinta Cuntooyinka Xayawaanka Cayriinka ah Qaboojiyaha

Taariikh ahaan, goobaha shatiga haysta waxaa looga baahan yahay in cuntada xayawaanka ee cayriinka ah ay kala saaraan, sida hilibka lo'da, kaluunka, digaagga iyo doofaarka oo ay sidoo kalena ka saaraan cuntooyinka kale ee u diyaarsan in la cuno ee ku jirta qaboojiyeyaasha iyo tallaagadaha waaweyn ee **qaboojinta** cuntada "walk-ins". Isbadal ku yimaada Shuruucda Fayadhowrka Cuntada ayaa shardigaan sii gaarsiin doona qaybaha qaboojinta sidaa si lamid ah, laakiin kaliya waa cuntooyinka xayawaanka cayriinka ah halkaasoo seejalaaddooda ganacsi ahaaneed la furay iyo/ama cuntada dib loo seejalay. Tan sababteedu waxa ay tahay cuntooyinka cayriinka ah ama diyaarka u ah in la cuno kuwaas oo lagu seejalay isla goobta waxay keenayaan khatar badan oo ku saabsan isu gudbinta wasakhda. Gacan ku haynta dheeraadka waxsoosaarka, dhexgalinta inta lagu jiro hanaanka qaboojinta, milmidda aan dhammaystirnayn ama seejalidda aan dhamayska tirneyn waxay kordhinayaan khatarta isugudbinta wasakhda ee ka imaanaya waxsoosaaradaan guriga lagu seejalay.

Si kastaba ha ahaatee, waxaa jirta ka reebid loo ogolyahay cuntada xayawaanka ee cayriinka ah ee la **qaboojiyay**, aan la furin ganacsi ahaanna loo seejalay in lagu kaydiyo ama lagu soo bandhigo meel ku dhaggan ama ka saraysa cuntada la qaboojiyay, ganacsi ahaanta loo seejalay ee cunista u diyaarsan.

Qalabka qaboojinta waa in loo habeyyaa loona diyaariyo si cuntada loogu hayo marxaladda qabowga ah. Talaabo sixitaan waa in la qaado haddii qaybta kaydka ama soo bandhigista ay korontadu ka tagto ama si kale u shaqayn waydo.

Kaydiyaha Qaboojiyaha Taagan:
U kaydi baaktyada la furay ama hilibka iyo cuntada kale ee dib loo seejalay qaabkaan:

MARFISHKA KORE
Kaluunka, Hilibka jiiirka ah, Hilibka doofaarka Haanbeegar-ka, Doofaarka jarjaran Digaagga, digaagga kale ee in la cuno u diyaarsan MARFISHKA HOOSE

Hilibka, digaagga iyo cuntada badda cayriinka ah waxaa lala kaydin kara ama meel ka saraysa lagu kaydin karaa cuntooyinka in la cuno diyaarka u ah ee kujira qaboojiyaha haddii dhammaan waxyaabaha ganacsi ahaan loo diyaariyay loona seejalay

Kaydiyaha Qaboojiyaha Jifka ah:
Waa la aqbali karaa in la isticmaalo weelasha siman, aan wax nuugin, lana nadiifin karo si waxyaabaha loo kala saaro qaybta salka ah ee qaboojiyeyaasha taagga ah iyo kuwa jifka ah.
