### Objective

This memo notifies commercial health benefit plan carriers and Family Connects Oregon (FCO) service providers of the 2023-2025 rates, effective July 1, 2023 through June 30, 2025.

### Status Update

Oregon Administrative Rules ([OAR 333-006-0180 through 333-006-0190](#)) gives Oregon Health Authority (OHA) the authority to define the requirements for reimbursement for health benefit plans and the process for defining the reimbursement rate. The rules also stipulate OHA will convene a Reimbursement Advisory Committee comprised of ten members to represent various FCO stakeholders (e.g. health benefit plans, FCO service providers and community members). The legislation states: “*The case rate and the single support visit rate on July 1, 2023, and thereafter shall be determined by a cost study coordinated by the Authority in consultation with an advisory committee on a biennial schedule. The case rate will be effective on July 1 of odd numbered calendar years.*”

During winter 2023, the Reimbursement Advisory Committee met three times to review and offer subject matter expertise on the budget standards documentation and the cost template used to calculate FCO costs for service providers. Reimbursement Advisory Committee members were presented the final 2023-2025 case rate at the last meeting on March 21, 2023.

### FCO Rates for 2023-2025 Biennium

Beginning July 1, 2023, the case rate for FCO services is **\$1276.93**. The single support visit rate is **\$293.69**. The multiple infant rate is **\$204.31**.
