

Tracking Home Visiting Effectiveness in Oregon (THEO) Monthly Status Update

January 2019

What is THEO? Tracking Home Visiting Effectiveness in Oregon (THEO) is a data system that collects home visiting data, provides case management features, and reduce data silos to tell the home visiting story.

Time line: System Implementation within home visiting agencies will begin in March. Rollout will be staggered and agencies will be contacted in advance for implementation support and training.

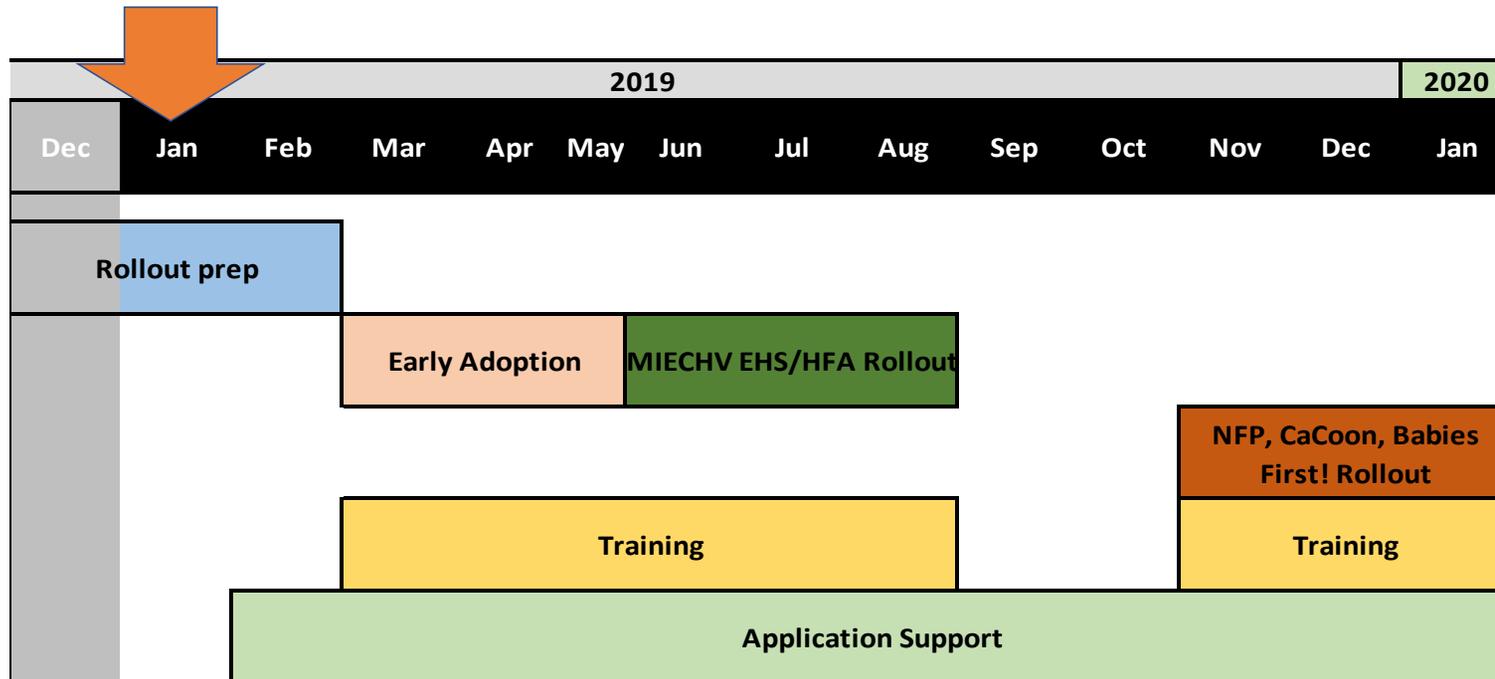

March-May: Early adoption

June-September: MIECHV-funded EHS/HFA

November-January 2020: Babies First!, CaCoon, and NFP

Monthly updates will be provided throughout implementation to provide information regarding project status, availability of training materials and webinar schedules, and opportunities for feedback.
