# MIECHV Performance Measures: Improving Oregon's Performance

July 19<sup>th</sup>, 2022

Oregon  
**Health**  
Authority

Maternal and Child Health (MCH) works to co-create courageous spaces to collaborate and share ideas respectfully. We acknowledge that a variety of backgrounds, skillsets, communication styles, and beliefs are present. While we acknowledge that there are power differentials among us, all attendees bring equally valuable opinions. Each participant is encouraged to provide leadership.

# Welcome!

# Agenda

Welcome and Check-in

Demonstrating Improvement in MIECHV Performance Measures

Oregon MIECHV Program's FY2018 - 2020 improvement

Highlighting Opportunities for FY2021 - 2023 improvement

Next Steps

## Objective

- Review: (a) MIECHV requirement for improvement in performance measures; (b) Oregon's FY2018 – 2020 improvement
- Highlight opportunities for Oregon's FY2021 – 2023 improvement

# Demonstrating Improvement in MIECHV Performance Measures

Background and Requirements

# Demonstrating Improvement Background

Demonstrate that the program results in improvements for eligible families

Enhance Awardee level understanding of performance

Describe performance of the federal Program

Illuminate areas for further study

# Demonstrating Improvement Requirements

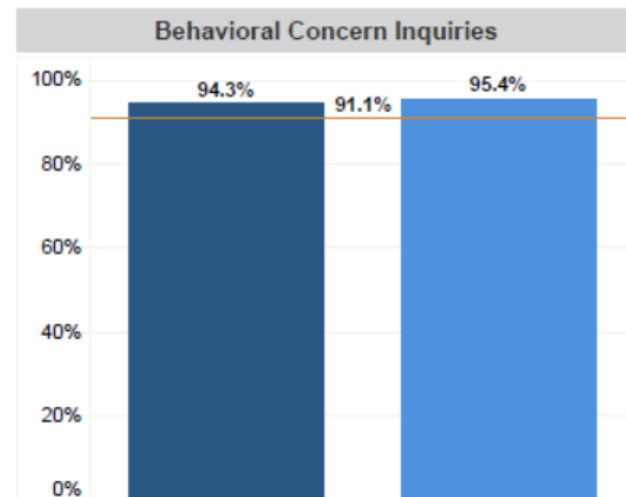

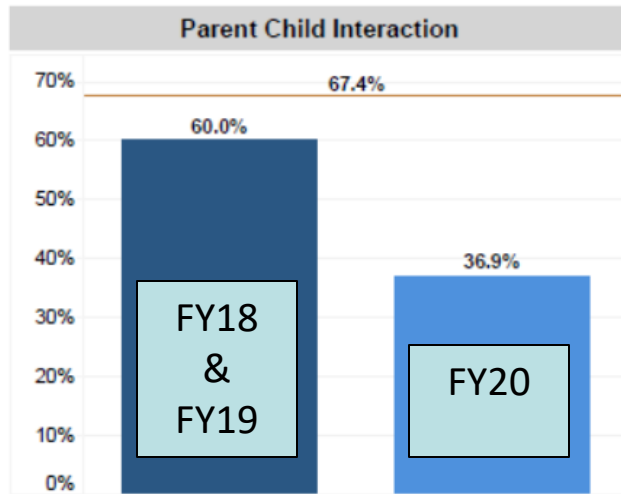

- Affordable Care Act (ACA)
  - From FY2013 to 2016, improve 4 of the 6 benchmark areas (consisting of 33 performance measures); Oregon improved all six!
- Bipartisan Budget Act of 2018 (BBA)
  - In FY2020, demonstrate improvement in 4 of the 6 benchmark areas (consisting of 19 performance measures); Oregon improved four.
  - Every three years thereafter (e.g., FY 2023, 2026), demonstrate improvement in 4 of the 6 benchmark areas

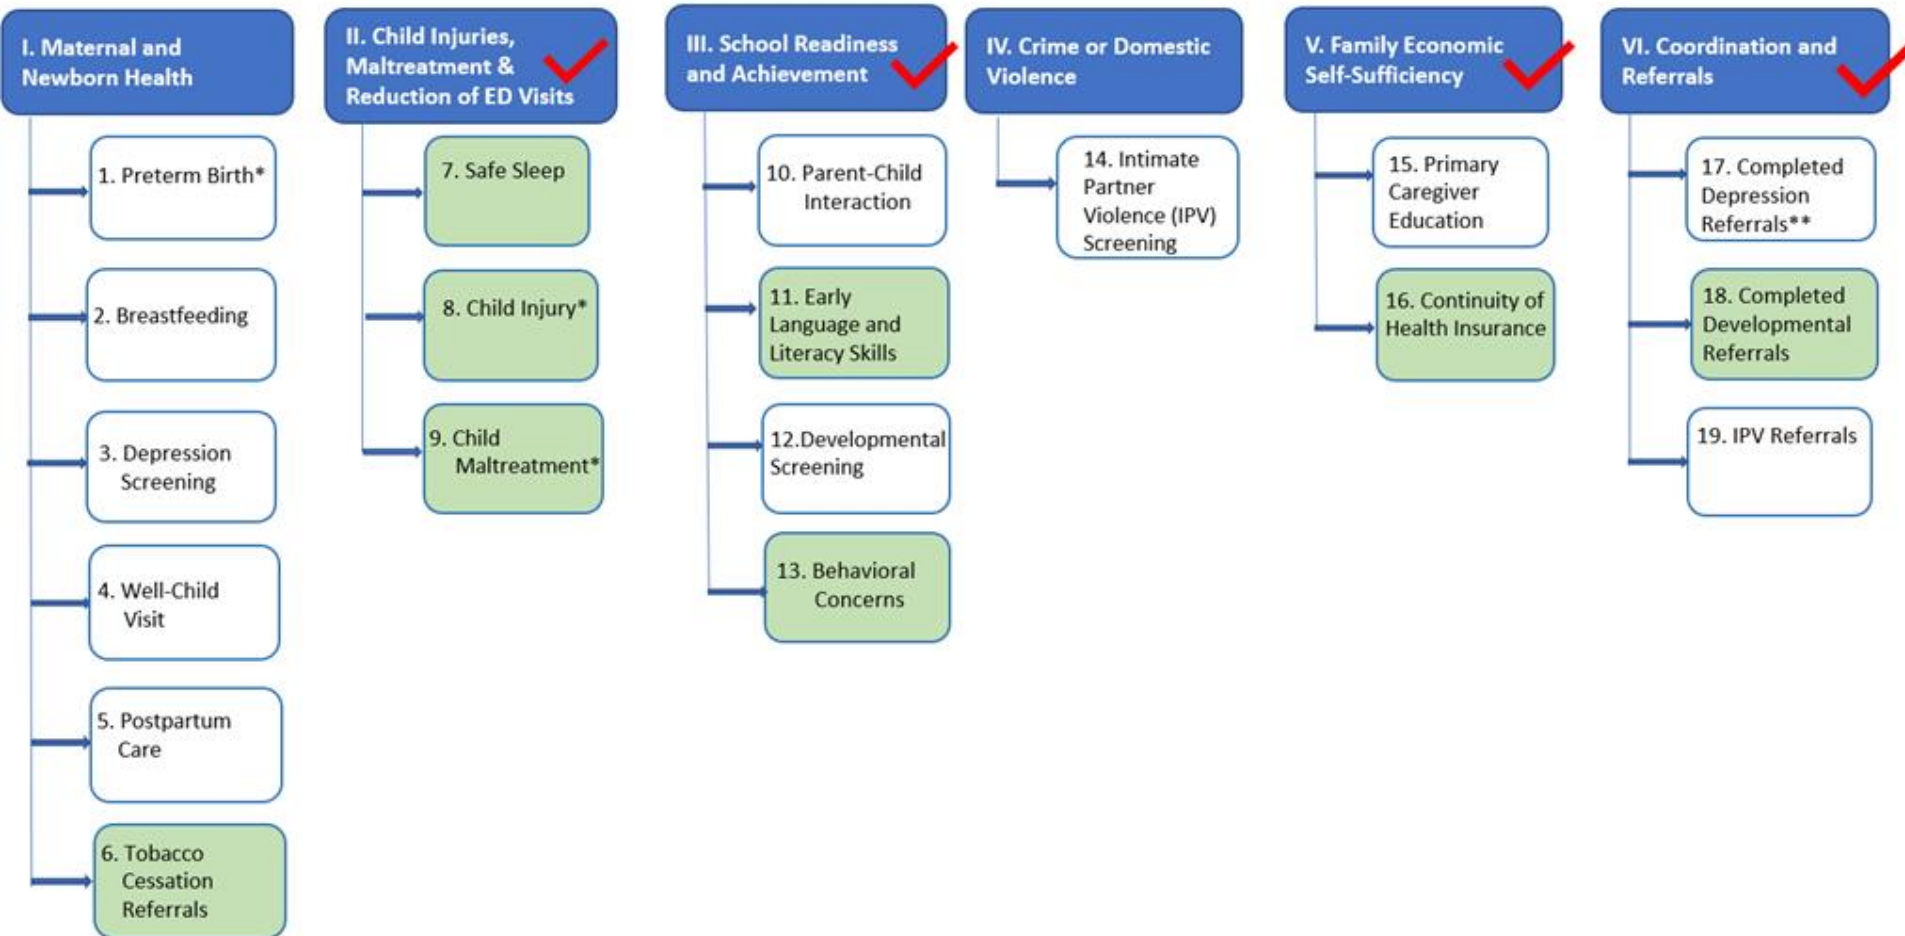

## Benchmark III – School Readiness and Achievement

This view provides an overview of measure-level information for Benchmark III.

■ Awardee Baseline Value ■ Reporting Fiscal Year Performance Value ■ National Threshold

# Performance Measures that improved in FY2020 from Baseline (mean of FY18 & FY19): EHS, HFA, & NFP

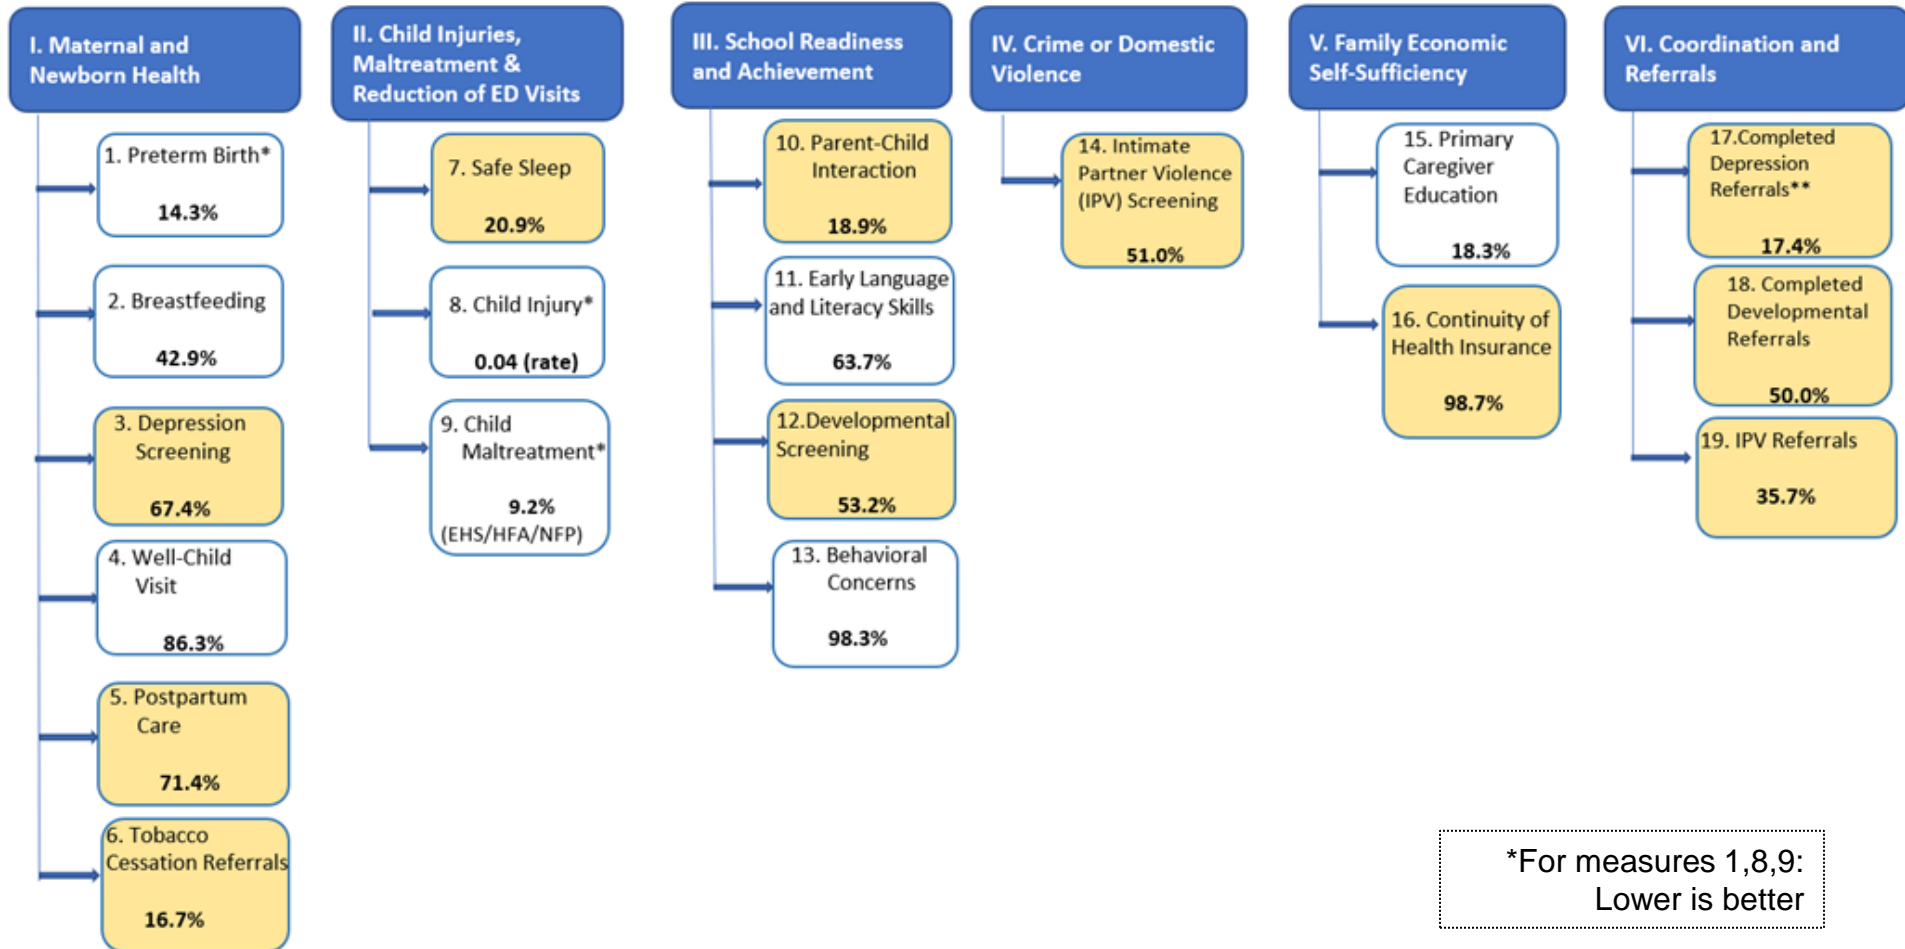

**QUESTIONS?**

# Highlighting Opportunities for FY2021 – FY2023 Improvement, *EHS and HFA*

# FY2021 Oregon Annual Data, EHS & HFA: Improvement Opportunities

\*For measures 1,8,9:  
Lower is better

## Performance Measure 5: Postpartum Care

FY20

77.3%

FY21

71.4%

### Measure Definition

Percent of mothers enrolled in home visiting prenatally or within 30 days after delivery who **received a postpartum visit with a healthcare provider within 8 weeks (56 days) of delivery**

### FY22 Mid Year

**73.7% (14/19);**  
*Missing = 47.2% (17)*

## Performance Measure 6: Tobacco Cessation Referrals

FY20	FY21
8.0%	16.7%

Measure Definition	FY22 Mid Year
Percent of caregivers enrolled in home visiting who <u>reported using tobacco or cigarettes at enrollment</u> and who were <b>referred to tobacco cessation counseling services</b> within three months of enrollment.	<b>0.0% (0/3);</b> <i>Missing = 76.9% (10)</i>

# Performance Measure 7: Safe Sleep

FY20	FY21
27.8%	20.9%

Measure Definition	Mid Year Data
Percent of infants enrolled in home visiting who are <b>always placed to sleep on their backs, without bed-sharing or soft bedding</b>	<b>26.5% (43/162);</b> <i>Missing = 23.6% (50)</i>

# Performance Measure 10: Parent-Child Interaction

FY20	FY21
47.3%	18.9%

Measure Definition	Mid Year Data
Percent of caregivers who <b>receive a timely observation of the caregiver-child interaction</b> by the home visitor.	<p><b>N/A</b></p> <p><i>Pending changes in the measure definition, data form, and system</i></p>

## Performance Measure 3: Depression Screening

FY20	FY21
63.6%	67.4%

Measure Definition	FY22 Mid Year
<p>Percent of caregivers who received a <b>timely screen* for depression</b> using a validated tool</p> <p><i>*(a) within 3 months of enrollment for those not enrolled prenatally;</i> <i>(b) within 3 months of delivery for those enrolled prenatally</i></p>	<p><b>69.0% (69/100);</b> <i>Missing = 0%</i></p>

# Performance Measure 17: Completed Depression Referrals

FY20	FY21
6.1%	17.4%

Measure Definition	FY22 Mid Year
Percent of caregivers referred to services for a <b>positive screen for depression who receive one or more service contacts</b>	<b>12.5% (2/16);</b> <i>Missing = 0%</i>

## Performance Measure 12: Developmental Screening

FY20	FY21
49.4%	53.2%

Measure Definition	FY22 Mid Year
Percent of children enrolled in home visiting with a <b>timely screen for developmental delays</b> using a validated parent-completed tool	<b>49.7% (96/193);</b> <i>Missing = 0%</i>

# Performance Measure 18: Completed Developmental Referrals

FY20	FY21
43.6%	50.0%

Measure Definition	FY22 Mid Year
Percent of children enrolled in home visiting with <b>positive screens for developmental delays</b> (measured using a validated tool) who <b>receive services in a timely manner</b>	<p><b>37.5% (12/32);</b> <i>Missing = 0%</i></p> <p><i>Received:</i></p> <ul style="list-style-type: none"> <li>(a) <b>Individualized developmental support, 37.5% (12)</b></li> <li>(b) EI services, 3.1% (1)</li> <li>(c) Other community services, 0% (0)</li> </ul>

## Performance Measure 14: Intimate Partner Violence Screening

FY20	FY21
58.9%	51.0%

Measure Definition	FY22 Mid Year
Percent of primary caregivers enrolled in home visiting who are <b>screened for interpersonal violence (IPV)</b> within six months of enrollment using a validated tool.	<b>64.9% (61/94);</b> <i>Missing = 0%</i>

# Performance Measure 19: Intimate Partner Violence Referrals

FY20	FY21
18.2%	35.7%

Measure Definition	FY22 Mid Year
Percent of caregivers enrolled in home visiting with positive screens for intimate partner violence (IPV) who <b>receive referral information to IPV resources</b>	<b>20.0% (1/5); Missing = 0%</b>

## Reflections

How can we support you and your teams in improvement?

What can home visiting teams do to support improvement?

What do you think is possible?

Maternal & Child Health Section  
Public Health Division

A young child with light brown hair, wearing a blue and white striped shirt and pink pants, is sitting on a wooden staircase. The child is looking down at a tablet device held in their hands. The staircase has wooden treads and blue-painted risers. The walls are white with a white handrail. The overall scene is dimly lit, with a soft glow from the tablet.

### Webinars

MIECHV Referrals & Screenings Webinar for Oct 1, 2020 Data Collection

The objectives for these webinars are to:

- Increase understanding of when and how to complete and document screenings and referrals for tobacco cessation, maternal depression, child development and intimate partner violence (IPV); and
- Review the MIECHV screenings and referrals data collection forms.

The primary audience for these presentations is MIECHV local implementing agency staff including Home Visitors, Home Visiting supervisors and Data Entry staff.

- Live EHS/HFA Screening & Referral Forms Webinar from 9/23/2020 (link to webinar recording: 2 hrs 5 mins)
  - EHS/HFA Screening & Referral Forms Webinar slides (pdf)
- Helpful Guidelines for EHS/HFA Screenings & Referrals (pdf)

Links to topic specific, pre-recorded videos on screening and referrals:

- Tobacco Cessation Referrals (link to webinar recording: 8 mins)
  - Tobacco Cessation Referrals slides (pdf)
- Developmental Screening & Referrals (link to webinar recording: 15 mins)
- Developmental Screening & Referrals slides (pdf)
- Maternal Depression Screening & Referrals (link to webinar recording: 11 mins)
  - Maternal Depression Screening & Referrals slides (pdf)
- IPV Screening & Referrals (link to webinar recording: 15 mins)
- Intimate Partner Violence Screening & Referrals slides (pdf)

### Data Collection Schedule

[EHS/HFA Data Collection Schedule](#)

Data Collection Schedule is available to support home visitors in completing client data forms on-time. It can be filled out for each client.

The schedule includes four tabs:

- Tab 1: "Instructions"
- Tab 2: "Process Map"
- Tab 3: "Prenatal Mom Enrolling"
- Tab 4: "Parent and Child Enrolling"

Please note: The schedules look best when printed as a PDF rather than an Excel document.  
The Excel data collection schedule will be replaced in the future with an automated tool within THEO. Implementation timeframe for automated tool TBD.

**Thank You!**
