

# Inclusion Criteria for the Oregon Home Visitor Resource Library

The Oregon Home Visitor Resource Library content has been included based on the four inclusion criteria described below.

Note that some resources are provided by mission-driven organizations or platforms whose message is not accountable to a government or academic institution. In these cases, the content in the resource shared is aligned with the [Oregon Home Visiting Core Competencies](#) (See Inclusion Criteria 4).

If you come across a resource you believe has been included inappropriately, or if you would like us to add a resource, please let us know by filling out [this feedback form](#).

## Inclusion Criteria 1: Government

-  Resources provided by local, state or federal government or other public institutions, such as libraries.

## Inclusion Criteria 2: Academic

-  Resources provided by academic institutions.

## Inclusion Criteria 3: Government-Sponsored

-  Resources provided by non-governmental agencies or institutions which are sponsored by public agencies.

## Inclusion Criteria 4: Core Competencies

-  Resources that seek to support the home visiting workforce in implementing the [Oregon Home Visiting Core Competencies](#). All resources must meet inclusion criteria 4 to be included, regardless of the source.
