

Billing and Data Submission Guidance for RHCare clinics

Billing: The primary diagnosis code must be one of the listed ICD-10 codes. For well visits, there must be at least one Z30, Z31, or Z32 code in the first 6 diagnosis codes.

Data Submission: All RHCare clinics are required to submit a CVR for all visits that have a primary diagnosis code related to family planning (Z30, Z31, or Z32, or T81-T86 contraceptive complications codes listed below) regardless of the payer. A CVR must also be submitted for well visits if the second diagnosis code is a Z30, Z31, or Z32 code.

Contraceptive Visits

Table 1: Method Initiation

Code	Definition	Comment
Z30.011	Initial prescription (Rx) of oral contraceptive (Pill)	Includes combined and progestin-only pills
Z30.012	Rx of emergency contraception (EC)	All emergency contraception pills (ECPs). Optional for copper intrauterine device (IUD) used as EC
Z30.013	Initial Rx of injectable contraceptive (Depo)	Includes DMPA-IM and DMPA-SQ (Depo-
Z30.014	Initial Rx of IUD	Includes the discussion, counseling, and ordering of IUD.
Z30.430	Insertion of IUD	Use Z30.014 for initial counseling and advice related to the IUD.
Z30.015	Initial Rx of vaginal ring contraceptive	All contraceptive vaginal ring products
Z30.016	Initial Rx of transdermal patch	All contraceptive transdermal products
Z30.017	Initial Rx of implantable subdermal contraceptive (implant)	Insertion of etonogestrel implant (Nexplanon), including counseling, advice, and insertion, even if performed at a separate encounter
Z30.018	Initial Rx of other contraceptives	Includes barrier methods (diaphragm, condom) and spermicides.
Z30.019	Initial Rx of contraceptives, unspecified	Use more specific codes when available

Table 2: Method Follow-up Visits (includes refills and surveillance)

Code	Definition	Comment
Z30.40	Surveillance of contraceptives, unspecified	Use more specific codes when available
Z30.41	Surveillance of oral contraceptive pills	Include combined and progestin-only pills
Z30.42	Surveillance of injectable contraceptive (Depo)	DMPA-IM and DMPA-SQ follow-up or repeat injection visits. Can also use Z76.0 for repeat injections.

Z30.431	Routine checking of IUD	IUD follow-up visits
Z30.432	Removal of IUD	IUD removal
Z30.433	Removal + reinsertion of IUD	IUD is both removed and reinserted during the same visit
Z30.44	Surveillance of vaginal ring	All contraceptive vaginal ring products
Z30.45	Surveillance of transdermal patch	All transdermal contraceptive products
Z30.46	Surveillance of implantable subdermal contraceptive (implant)	Includes checking, removal, exchange of implant
Z30.49	Surveillance of other contraceptives	Includes barrier methods (diaphragm, condom) and spermicides.

Table 3: Other Contraceptive Codes

Code	Definition	Comment
Z30.02	Counseling on natural family planning (NFP) to avoid pregnancy	Includes counseling on fertility awareness-based method (FABM) and lactational amenorrhea method (LAM)
Z30.09	Other general counseling on contraception	Counseling occurred, but no method started. If a method was initiated use the code for the method selected. • Counseling for pre-sterilization
Z30.2	Sterilization procedure	Day of vasectomy procedure
Z30.8	Other contraceptive management	• Routine exam for contraceptive maintenance. • Abstinence, withdrawal, spermicide, other • Encounter for post-vasectomy sperm count • Use specific method codes as applicable. Payers may not reimburse due to lack of specificity.
Z30.9	Contraceptive management, unspecified	Use specific method codes as applicable. Payers may not reimburse due to lack of

Table 4: Contraceptive Complications

Code	Definition	Comment
T81.40XA	Infection following a procedure, unspecified, initial encounter	Post-IUD pelvic inflammatory disease (PID), initial encounter
T81.40XD	Infection following a procedure, unspecified, subsequent encounter	Post-IUD pelvic inflammatory disease (PID), subsequent encounter
T81.40XS	Infection following a procedure, unspecified, sequelae	Post-IUD pelvic inflammatory disease (PID), sequelae
T81.41XA	Infection following a procedure, superficial incisional surgical site, initial encounter	Post-implant site infection, initial encounter

T81.41XD	Infection following a procedure, superficial incisional surgical site, subsequent encounter	Post-implant site infection, subsequent encounter
T81.41XS	Infection following a procedure, superficial incisional surgical site, sequelae	Post-implant site infection, sequelae
T83.31XA	Mechanical breakdown of IUD, initial encounter	Expired; broken or bent arm, initial encounter
T83.31XD	Mechanical breakdown of IUD, subsequent encounter	Expired; broken or bent arm, subsequent encounter
T83.31XS	Mechanical breakdown of IUD, sequelae	Expired; broken or bent arm, sequelae
T83.32XA	Displacement of IUD, initial encounter	Malposition, missing string, partial expulsion, initial encounter
T83.32XD	Displacement of IUD, subsequent encounter	Malposition, missing string, partial expulsion, subsequent encounter
T83.32XS	Displacement of IUD, sequelae	Malposition, missing string, partial expulsion, sequelae
T83.39XA	Other mechanical complication of IUD, initial encounter	Perforation, embedment, translocation, initial encounter
T83.39XD	Other mechanical complication of IUD, subsequent encounter	Perforation, embedment, translocation, subsequent encounter
T83.39XS	Other mechanical complication of IUD, sequelae	Perforation, embedment, translocation, sequelae
T85.618A	Mechanical breakdown of implant, initial encounter	Expired, fractured implant, initial encounter
T85.618D	Mechanical breakdown of implant, subsequent encounter	Expired, fractured implant, subsequent encounter
T85.618S	Mechanical breakdown of implant,	Expired, fractured implant, sequelae
T85.628A	Displacement of implant, initial encounter	Malposition, missing, partial expulsion, initial encounter
T85.628D	Displacement of implant, subsequent encounter	Malposition, missing, partial expulsion, subsequent encounter
T85.628S	Displacement of implant, sequelae	Malposition, missing, partial expulsion, sequelae
T85.698A	Other mechanical complication of implant, initial encounter	Nerve or vascular injury from implant, initial encounter
T85.698D	Other mechanical complication of implant, subsequent encounter	Nerve or vascular injury from implant, subsequent encounter
T85.698S	Other mechanical complication of implant, sequelae	Nerve or vascular injury from implant, sequelae
T85.79XA	Infection and inflammatory reaction due to implant, initial encounter	Infection over implant site, initial encounter

T85.79XD	Infection and inflammatory reaction due to implant, subsequent encounter	Infection over implant site, subsequent encounter
T86.79XS	Infection and inflammatory reaction due to implant, sequelae	Infection over implant site, sequelae

Well Visits*

*Well visits must have a Z30, Z31 or Z32 code in first 6 positions

Table 5: Well Visits

Code	Definition	Comment
Z00.00	General adult medical exam no abnormal findings	Comprehensive health screening, no new abnormal findings
Z00.01	General adult medical exam with abnormal findings*	Comprehensive health screening, with new abnormal findings
Z01.419	Routine gynecological exam no abnormal findings	Well visit, without new abnormal findings
Z01.411	Routine gynecological exam with abnormal findings*	Well visit, with new abnormal findings
Z00.129	Routine child health exam no abnormal findings	Child well visit, without new abnormal findings • For children up to age 17
Z00.121	Routine child health exam with abnormal findings	Child well visit, with new abnormal findings • For children up to age 17

Cervical Cancer Screening

Table 6: Cervical Cancer Screening and Rescreening

Code	Definition	Comment
N87.0	Mild cervical dysplasia; CIN 1	LSIL/CIN 1 (biopsy diagnosis)
N87.1	Moderate cervical dysplasia; CIN 2	HSIL/CIN 2 (biopsy diagnosis)
N87.9	Dysplasia of cervix uteri, unspecified	Unspecified cervical dysplasia
R87.610	ASC-US cytology	Atypical squamous cells of undetermined significance
R87.611	ASC-H cytology	Atypical squamous cells cannot exclude HSIL
R87.612	LGSIL cytology	Low grade SIL
R87.613	HGSIL of cervix	High grade SIL
R87.614	Cytologic evidence of malignancy	Evidence of malignancy on cervical cytology
R87.615	Unsatisfactory cytologic smear	Inadequate specimen
R87.616	Satisfactory but lacking transformation zone	Few or no endocervical cells
R87.618	Other abnormal cytological findings	Other abnormal findings

R87.619	Unspecified abnormal cytological findings	Atypical glandular cells of cervix not otherwise specified
R87.810	High-risk HPV test positive	History of positive high-risk HPV test
Z01.42	Cervical smear to confirm findings of recent normal smear following initial abnormal smear	Repeat cytology to confirm findings of recent normal cytology following initial abnormal
Z12.4	Encounter for screening for malignant neoplasm of cervix	Screening for cervical cancer and precursors
Z85.41	Personal history of malignant neoplasm of cervix uteri	History of cervical cancer
Z87.42	Personal history of other diseases of the female genital tract	History of abnormal cytology or histology

Achieving Pregnancy and Basic Infertility

Table 7: Pregnancy Evaluation

Code	Definition	Comment
Z32.00	Pregnancy test/exam, result unknown	Pregnancy test results pending or inconclusive
Z32.01	Pregnancy test/exam, positive	Positive pregnancy test
Z32.02	Pregnancy test/exam, negative	Negative pregnancy test

Table 8: Procreative Management

Code	Definition	Comment
Z31.41	Encounter for fertility testing	Infertility study(ies) done (fallopian tube patency or sperm count)
Z31.61	Procreative counseling/advice using NFP	Counseling on natural family planning to achieve pregnancy
Z31.69	Encounter for other general counseling and advice on procreation	Counseling on procreative management, medications, sterilization reversal, infertility preconception
Z31.9	Encounter for procreative management, unspecified	Use more specific codes when available
Z31.62	Encounter for fertility preservation counseling	Counseling on preserving reproductive capabilities

Table 9: Infertility

Code	Definition	Comment
N46.9	Male infertility, unspecified	Male factor infertility
N97.0	Female infertility associated with anovulation	Oligo-anovulation, lack of ovulation, menstruation without ovulation

N97.1	Female infertility of tubal origin	Partial or complete occlusion of fallopian tubes
N97.2	Female infertility of uterine origin	Sub-mucus fibroid, congenital anomaly of endometrium or corpus
N97.8	Female infertility of other origin	Female infertility due to advanced maternal age, or vaginal origin
N97.9	Female infertility, unspecified	Female infertility, primary or secondary
Z31.41	Encounter for fertility testing	Encounter for sperm count for fertility testing or fallopian tube patency testing; infertility study done
Z31.81	Encounter for male factor infertility in female patient	Evaluation of male partner during infertility; evaluation of female

Sexually Transmitted Disease (STI) Services

Table 10: STI Screening and Counseling Services

Code	Definition	Comment
Z11.3	Encounter for screening for infections with predominantly sexual mode of transmission	Screening for STI
Z11.4	Encounter for screening for human immunodeficiency virus (HIV)	HIV screening test(s) performed or ordered
Z11.51	Encounter for screening for human papillomavirus (HPV)	Screening for HPV
Z11.59	Screening for other viral diseases	Genital herpes screening, hepatitis screening
Z11.6	Screening for other protozoal diseases	Vaginal trichomoniasis screening
Z11.8	Screening for other infectious and parasitic diseases	Chlamydia, rickettsial infections, spirochetal infections, mycoses, and parasitic infestations screening
Z20.2	Contact with or exposure to STI	Recent contact (exposure) to a STI
Z20.5	Contact with and (suspected) exposure to viral hepatitis	Exposure to hepatitis A, B, or C
Z20.6	Contact with and (suspected) exposure to HIV	Exposure to HIV
Z22.8	Carrier/suspected carrier of STI	Carrier or suspected carrier
Z71.7	Person with feared health complaint in whom no diagnosis is made	Counseling regarding HIV prevention, diagnosis, treatment
Z71.89	Other specified counseling	Counseling on a specific topic, not elsewhere classified
Z71.9	Counseling, unspecified	General counseling on a variety of topics
Z86.19	Personal history of other infectious and parasitic diseases	Includes personal history of STI. Rescreening after treatment of chlamydia or gonorrhea

Table 11: STI Rescreening after Treatment

Code	Definition	Comment
Z09	Follow-up exam after completed treatment for conditions other than malignant neoplasm	STI rescreening
Z03.89	Observation for other suspected diseases and conditions ruled out	STI rescreening
Z86.19	Personal history of other infectious and parasitic diseases	Includes personal history of STI. Rescreening after treatment of chlamydia or gonorrhea.

Table 12: Chlamydia Treatment

Code	Definition	Comment
A56.00	Chlamydial infection lower genitourinary (GU) tract, unspecified	Use more specific codes when available
A56.01	Chlamydial cystitis and urethritis	Chlamydial cystitis and urethritis
A56.02	Chlamydial vulvovaginitis	Chlamydial vulvovaginitis
A56.09	Other chlamydial infection of lower GU tract	Chlamydial cervicitis
A56.11	Chlamydial PID	Chlamydial PID
A56.19	Other chlamydial GU infection	Chlamydia epididymitis or orchitis
A56.2	Chlamydial infection of genitourinary tract, unspecified	Unspecified chlamydial infection of genitourinary tract
A56.3	Chlamydial infection of anus and rectum	Chlamydial infection of anus and rectum, proctitis
A56.4	Chlamydial infection of pharynx	Chlamydial pharyngitis
A56.8	Sexually transmitted chlamydial infection of other sites	Sexually transmitted chlamydia, other sites
A74.9	Chlamydia, unspecified	

Table 13: Gonorrhea Treatment

Code	Definition	Comment
A54.00	Gonococcal infection of lower GU tract, unspecified	Gonorrhea, lower GU tract
A54.01	Gonococcal cystitis and urethritis	Gonococcal urethritis (female, male)
A54.02	Gonococcal vulvovaginitis, unspecified	Gonococcal vulvovaginitis
A54.03	Gonococcal cervicitis, unspecified	Gonococcal cervicitis (female)
A54.09	Other gonococcal infection of lower GU tract	Gonococcal infection at sites other than those listed

A54.1	Gonococcal periurethral and accessory gland abscess	Gonococcal Bartholin duct abscess
A54.21	Gonococcal infection of kidney and ureter	Gonococcal infection of kidney and ureter
A54.22	Gonococcal prostatitis	Gonococcal prostatitis (male)
A54.23	Gonococcal infection of other male genital organs	Gonococcal epididymitis or orchitis (male)
A54.24	Gonococcal PID	Gonococcal PID (female)
A54.29	Other gonococcal genitourinary infection	Acute gonorrhea, upper genitourinary tract
A54.5	Gonococcal pharyngitis	Gonococcal pharyngitis (female, male)
A54.6	Gonococcal infection of anus and rectum	Gonococcal proctitis (female, male)
A54.9	Gonococcal infection, unspecified	Unspecified gonococcal infection

Table 14: Syphilis Treatment

Code	Definition	Comment
A51.0	Primary genital syphilis	Primary syphilis, genital chancre
A51.1	Primary anal syphilis	Primary syphilis, anal chancre
A51.2	Primary syphilis of other sites	Primary syphilis of other sites
A51.31	Condyloma latum	Wart-like skin manifestation of secondary syphilis
A51.39	Other secondary syphilis of skin	Syphilitic mucous patch, syphilitic leukoderma
A51.5	Early syphilis, latent	Asymptomatic syphilis, < 2 years after infection
A51.9	Early syphilis, unspecified	Early syphilis, unspecified
A52.8	Late syphilis, latent	Asymptomatic syphilis, > 2 years after infection or unknown duration
A52.9	Late syphilis, unspecified	Syphilis of unknown duration
A53.9	Syphilis, unspecified	Use more specific codes when available

Table 15: Trichomoniasis Treatment

Code	Definition	Comment
A59.00	Urogenital trichomoniasis, unspecified	Fluor (vaginalis) or Leukorrhea (vaginalis) due to Trichomonas
A59.01	Trichomonas vulvovaginitis	Vaginal trichomoniasis
A59.02	Trichomonal prostatitis	Trichomonal prostatitis
A59.03	Trichomonal cystitis and urethritis	Trichomonal cystitis and urethritis
A59.09	Urogenital trichomoniasis, other	Trichomonas cervicitis
A59.8	Trichomoniasis of other sites	Trichomoniasis of other sites
A59.9	Trichomoniasis, unspecified	Trichomoniasis, unspecified
