

RH Program Orientation Video

One of our goals this year is to post recordings of program trainings online and our first one is done! This 20-minute Orientation is posted on our [Trainings webpage](#) and provides a broad overview of the RH Program – our funding, client eligibility for coverage, services, billing/data, program monitoring, and resources. It is appropriate for staff at both RH Program clinics and CCare-only clinics.

Watch it here.

New Resource Webpages!

We have two new resource pages, one for RH Partners and one for clients:

New RH Partner Resources Page

Our first new resources page is meant to support community-based agencies and non-profits in helping clients access reproductive health services. We have resources that help explain the RH Program, FAQs, and materials that assist in starting a conversation about accessing RH services. There are also examples of some of our client facing materials. All of the materials are in English and Spanish.

Check it out!

New Resources for Accessing Care Page

Our other new resource page is for clients and community-based organizations that work with potential clients, but do not provide reproductive health services. The page includes links to transportation assistance, OHP application assistance, and other state programs that provide services for uninsured and underinsured clients.

Check it out!

Health Equity

Recorded Webinar: Improving Health Disparities in Rural Communities

In 2018, the CDC's Research Centers partnered with the Association of State and Territorial Officials (ASTHO) to host this webinar about promoting public health in rural settings. In it expert panelists discuss policy, systems, and environmental change strategies for promoting public health in rural communities.

Watch the webinar.

Trainings & Education

Webinar: RH Program CVR (Wednesday, March 6, 1:00-2:30)

This RH Program webinar will go over the CVR, both broadly and section-by-section. This is a good training for anyone who interacts with the CVR either through an EHR, Ahlers software, or the web-based system. RH Coordinators are highly encouraged to attend if they have not received training on the CVR.

Register here.

Online Accredited Training Modules: Preventing Adverse Childhood Experiences (ACEs)

The CDC created online training modules to help audience members understand, recognize, and prevent ACEs. Training topics include:

- Adverse Childhood Experiences, Brain Development, and Toxic Stress
- The ACE Study
- Prevalence and Consequences of ACEs
- Risk and Protective Factors for ACEs
- Essentials for Childhood: Assuring Safe, Stable, Nurturing Relationship and Environments

Learn more about these modules. CMEs available.

NEW! Intro to Trauma Informed Care Training Modules

Trauma Informed Oregon recently posted four self-directed modules that help people understand the basics of trauma informed care. These modules include content videos and videos from community members talking about how trauma has impacted them and their community. There are also additional resources that help individuals go deeper in their understanding about trauma. These modules can be completed at your own pace.

Learn more about these trainings.
