

## We're Hiring a Reproductive Health Nurse Consultant!

We are recruiting for a Reproductive Health Nurse Consultant to provide expert consultation and technical assistance to facilitate the successful implementation of RH Program requirements among a statewide network of clinical agencies. This position is responsible for leadership relevant to clinical reproductive health issues and for working collaboratively with the RH Program staff to assess and meet the needs of local programs for education, training, and on-site consultation. This position also has primary responsibility for onsite clinical reviews of RH Program-certified agencies.

## Health Equity

### Resources for Providing Trauma Informed Care to Adolescents

#### [Mini-Training Resources: Principles of Trauma-Informed Care for Adolescent Patients](#)<sup>7</sup>

This mini-training by the Adolescent Health Initiative outlines the basic principles of trauma-informed care, reviews strategies to make clinics more trauma-informed, and demonstrates how to take the traumatic aspects of patient care interactions into consideration.

#### [Job Aid: Trauma-Informed Care for Adolescents in Primary Care](#)<sup>7</sup>

This job aid, or Starter Guide from Adolescent Health Initiative, is a mini-toolkit that offers concrete, actionable steps to improve trauma-informed care practices.

### Free Webinar: Contraceptive Care for Gender Expansive Individuals (March 14, 10:00 – 11:00)

Offered by Beyond the Pill and the National Abortion Federation (NAF), this training will review best practices and recommendations for the provision of contraceptive care to transgender and gender expansive individuals who have a uterus and ovaries. Topics include taking a gender-inclusive sexual history, contraceptive method considerations, and guidance for providing trauma-informed pelvic care to people of all gender identities. This webinar is open to non-NAF members and will be recorded. Is it eligible for CME credit through Beyond the Pill.

### Oregon Sexual Assault Task Force Adult/Adolescent 40-Hour SANE Training (March 6th – 8th)

Interested in becoming a Sexual Assault Nurse Examiner/Sexual Assault Examiner in your community? This is a HYBRID training, meaning that you will need to complete an online portion (twelve online modules) as well as an in-person class. The modules will be made available to you upon your registration, and are expected to take a total of approximately 15 hours to complete but will vary by individual. **In order to register for the in-person training, you must commit to completing all twelve online modules PRIOR to the first day of this class.** By successfully completing both the online portion and the in-person class, you will have fulfilled state and national requirements for a 40-hour didactic adult-adolescent SANE course. Following this course, you will be expected to seek out clinical training on your own to develop proficiency in speculum exams and medical-forensic sexual-assault exams. Our staff are available to support you in making connections and seeking out opportunities!

The class will be held at Linfield University, March 6th-8th, 8:00 - 5:00. Each day includes an hour lunch break on your own.

Cost: \$325

Registration closes: Feb. 26

## Resources

### Updated Resource – [STI FAQ](#)<sup>7</sup>

RHAF coverage of STI services is always a hot topic. We have updated the RHAF STI FAQ to reflect current coverage and recent questions received. If you have additional questions, please email us at [RH.Billing@oha.oregon.gov](mailto:RH.Billing@oha.oregon.gov).

### Job Aid: Supportive Work Environment Agency Self-Assessment

This self-assessment tool, from the Reproductive Health National Training Center, is designed to help family planning agencies determine where they are already using supportive work environment strategies, as well as opportunities to cultivate a more open, connected, and responsive work environment. Agencies are encouraged to use this tool to establish a baseline for continuous improvement, and to revisit the self-assessment over time.
