*Note: due to small numbers, the two most recent years of data are combined for some agencies

**Even with two years of data combined, there are fewer than 50 participants in this denominator.

Do not share this data outside local agencies

¹ Grand Ronde WIC began serving participants in November 2025. Rates will be published with a full year of data.

WIC infants are considered 'fully breastfed' until the introduction of formula.

Data include infants who turned 3, 6, or 12 months during the calendar year, depending on the measure.
