

## Oregon eWIC Prioritized Decision Making Criteria

Priority	Criteria
1	Efficiencies in WIC clinic processes
2	User friendliness of participant experience
3	Efficiencies for state staff
4	Ability to obtain funding in the current funding cycle (including the FNS requirement to be affordable within current NSA budget)
5	Good stewardship in cost and planning choices (includes outsourcing options)
6	Preferences expressed by local agencies
7	Impacts on WIC vendor community
8	Cost and complexity of MIS development
9	Supportive of participant centered interaction
10	Technical architecture fit
11	Ability to have a system that supports phasing in additional functionality over time
12	IT resource capacity fit
13	Long term sustainability
14	Considers other stakeholders
