**Section 1: Intake**  
**Lesson: Applicant Prescreening**

**Objectives:**

Upon completion of this lesson the user will be able to:

- prescreen and enter a participant;
- determine if a potential participant is eligible and follow the appropriate process;
- differentiate between a Prescreening and an Enrollment transaction;
- complete the Income screen;
- complete the Intake screen;
- complete a wait list transaction; and
- issue and change WIC ID number.

**Oregon Policies:**

- ◆ 485 WIC Family ID Number and ID Card
- ◆ 540 Proxy System
- ◆ 605 Processing Standards
- ◆ 617 Income Eligibility: Determination of Income Eligibility

**Overview:**

The first step in the WIC process is screening potential participants for eligibility. In TWIST you can do this by entering or updating preliminary information on the potential participant in the Applicant Prescreening window and the Client Primary database. The Applicant Prescreening window is particularly useful when you just want to determine the income eligibility of a potential participant who is on the phone or is a walk-in. If the potential participant is income eligible, you would also use this window to either set up an appointment or put the person on a wait list.

In this lesson you will learn how to screen for eligibility by collecting income information, select the applicant's possible clinic and category, generate a temporary WIC ID number, wait-list an applicant, and record any notes. Using the Client Primary screens is covered in a separate lesson.

**Instruction:****Income Eligibility**

The starting point for this lesson is:

Client Processes ⇒ Enrollment & Intake ⇒ Applicant Prescreening

This window is divided into two sections.

Income Provider	Interval	Amount	Source	Proof of Income	Monthly	Annual
	MONTHLY	1,000.00	WAGES	PAY STUB	1,000.00	12,000.00
<b>Totals:</b>					1,000.00	12,000.00

**Figure 1: “Applicant Prescreening” Window**

- The top part of the window is titled “**Selection.**” This section is blank until a client is selected from Client Primary.
  - Income information may be entered without selecting a participant. To save information a participant must be selected.
  - The lower section contains 3 tabs - “**Income Eligibility,**” “**WIC Intake**” and “**WIC Notes.**”
1. **Tab to the “Calculate Income For” field and choose “Client” or “Family” from the drop down list.**

This field defaults to “**Family.**” You would choose “**Client**” to calculate income for a foster child. Otherwise the income calculation will be applied to all WIC participants who share the same family ID number.

♪ NOTE: Proof of ID and Proof of Residency are in this screen, but this documentation is neither collected nor required until Enrollment.

2. **Tab to the “No. in Family” field and enter the number of household members.**

*Example: If the applicant is a woman who is pregnant with twins and has no other family members in her household, you would enter this value as “1.”*

3. **Tab to the “Unborn Counted” field and enter the number of babies being carried by a pregnant woman.**

*Example: Following the example above you would enter this value as “2” for the pregnant woman’s twins.*

♪ NOTE: TWIST adds the “**No. in Family**” and “**Unborn Counted**” to calculate total number in family when determining income.

4. **Tab to the “New Income Date” field.**

The system automatically defaults to today’s date.

5. **Tab to the “SNAP” field and select yes or no from the drop down list.**

6. **Tab to the “Oregon Health Plan” field and select yes or no from the drop down list.**

7. **Tab to the “TANF” field and select yes or no from the drop down list.**

♪ NOTE: Selecting “Yes” for “**SNAP**,” “**Oregon Health Plan**,” or “**TANF**,” indicates the participant reports participating in one of those programs. They may be adjunctively eligible.

♪ NOTE: All mandatory fields must be completed before moving on to the “**WIC Intake**” tab.

8. **Tab to the “Income Provider” field and enter the name of the income provider.**

This refers to the name of the family member who provides the income amount to be entered.

9. **Tab to the “Interval” field and select the income interval from the drop down list.**

- This refers to how often the family receives the income amount to be entered.

- If “**Annually**” is selected as the income interval TWIST calculates the income amount as one payment per year.
- “**Every 2 Months**” calculates as 6 payments in one year .
- “**Every 2 Weeks**” calculates as 26 payments in one year.
- “**Daily**” calculates as 210 payments in one year.
- “**Hourly**” calculates for a 40-hour work week.
- “**Monthly**” calculates as twelve payments in one year.
- “**Quarterly**” calculates as four payments in one year.
- “**Twice a month**” calculates as 24 payments in one year.
- “**Twice a week**” calculates as 104 payments in one year.
- “**Twice a year**” calculates as two payments in one year.
- “**Weekly**” calculates as 52 payments in one year.
- If the client does not match one of these intervals calculate the interval most consistent with the participant’s work schedule.

*Example: If a participant works part-time (i.e. 20 hours per week) you would calculate her income based on a “Weekly” income interval.*

10. **Tab to the “Amount” field and enter the amount of income the client receives for this interval.**

- TWIST determines income eligibility automatically once the amount for an income interval is entered.
- If the amount of income entered exceeds the guidelines, a message is displayed stating, “*The Client is not Income Eligible. Do you want to print an Ineligibility Notice?*”
- Select “**No**” to close the pop-up without printing the notice.

♪ NOTE: Selecting “**Yes**” will produce a notice even if you have not saved the participant’s information. Refer to Termination/Eligibility lesson for printing WIC ineligibility letters.

- If the participant is over-income and pregnant go back to the “**Unborn Counted**” field and make sure you have entered the number of babies she is carrying.
- If the participant is income eligible, nothing will appear and you may continue.

11. **Tab to the “Source” field and select the source of the income from the drop down list.**

This refers to the type of income entered.

♪ NOTE: Proof of Income is collected at Enrollment.

12. **Press “Tab” to create another line to enter additional income.**
  - TWIST will automatically calculate the monthly and annual salary amounts based upon the information you entered for each line.
  - Cumulative totals are also calculated for all lines and displayed in the “**Totals**” fields.
