- 718 Breastfeeding Peer Counseling: Job Parameters, Protocol and Scope of Practice

Overview:

This lesson covers how you will use TWIST to assign a Breastfeeding Peer Counselor to a WIC participant who is pregnant and has indicated that she would like to have a Breastfeeding Peer Counselor. You will learn how to enter and update data in the “Assign Peer Counselor” screen. You will learn the impact this screen and fields have on the reports that Breastfeeding Peer Counselors, Coordinators and State WIC Staff use, and you will learn how to print a Peer Counseling report.

♫ NOTE: Once a participant has been assigned to a peer counselor in TWIST, a schedule of calls is available in the report “PC Schedule for Participant Contacts”. See the last section of this lesson on running Peer Counseling Reports.

Instruction:

Entering or Updating the Peer Counselor Assignment

The starting point for this section is:
- Participant Processes ⇒ Enrollment and Intake ⇒ Enrollment
♫ NOTE: The participant must be fully certified in TWIST before assigning a peer counselor.

1. **Open the “Enrollment” screen and retrieve the participant to be assigned a peer counselor.**

   **Figure 2: “Assign Peer Counselor” Pop-Up showing Start and End Dates auto-filled**
NOTE: The Start Date will automatically fill with today’s date. The End Date will automatically fill a date six months from the EDD rounded to the end of the month. Once the ADD has been entered in the Intake Screen, the End Date will adjust to six months from ADD.

NOTE: Peer counselor staff must first be added to the “Staff Information” table in the “Operations and Management” module, which requires the Breastfeeding Peer Counselor Coordinator to have the correct security role.

4. Click on the “OK” button to close the “Assign Peer Counselor” Screen.

NOTE: TWIST automatically adds “ACTIVE” to the Status field after OK is clicked and the Assign Peer Counselor screen is closed. When a woman is no longer participating in the peer counselor program, the status will be “INACTIVE”.

NOTE: To change a peer counselor, repeat the process for accessing the Assign Peer Counselor screen and select a different peer counselor.
5. **Select “PC Level.”**

- Agencies with Breastfeeding Peer Counselor programs may assign one of two PC levels, “PC” or “PC1”. The levels are used to organize the Peer Counseling program participants into the two groupings.
- TWIST will auto fill "PC" when you assign a woman to a peer counselor. “PC” identifies the routine service - enrolling pregnant women into the prenatal series.
- “PC1” identifies the non-routine service - enrolling pregnant women and following them individually during office visits, one to one, instead of in a group.

- Once the PC level is assigned on a participant's "Assign Peer Counselor" pop-up, it will display on the blue title banner for the client at the top of the screen. The blue banner will display "PC Level: PC," "PC Level: PC1" or “PC Status: Inactive.”
