Subject: New Oregon WIC-approved egg sizes

To ensure access to WIC foods during the current egg supply shortage, Oregon WIC made changes to allowable egg sizes.

As of **1/9/2023** the new egg sizes will be added to our Approved Products List (APL). These new egg sizes will be allowed until further notice. The list of newly added UPCs is attached. All egg sizes now allowed are listed below.

- Eggs – dozen size, white (no organic):
  - Large
  - Medium (new)
  - Extra-large (new)
  - Jumbo (new)
  - Receipts will say “Eggs, white”

If your store carries brands of newly added eggs that are not on this list, please submit the UPC and product information to [WIC.UPC@state.or.us](mailto:WIC.UPC@state.or.us).

This notice is also being physically mailed to all store locations. WIC shoppers are being notified about these changes via the WICShopper app.

Please complete the following action items related to these changes:

1. Update all store registers or WIC terminals with the most current APL.
2. Flag these UPCs as WIC-eligible if needed on your store system,
3. Notify store employees responsible for ordering these products.

4. Notify cashiers of the changes (the WIC Food List will not be updated).
5. Put WIC Food shelf tags under the newly eligible eggs so shoppers know they can buy them.

Thank you for your continued hard work providing food to WIC shoppers and all Oregonians! We value your partnership.
