RE: FDA Recall Notice: Enfamil Prosoabee powder infant formula

Action required: Share with all store managers and cashiers.

The Food & Drug Administration announced a voluntary recall by Reckitt of Enfamil Prosoabee powder formula due to *Cronobacter sakazakii* or *Salmonella*.

This recall includes approximately 145,000 cans across the United States, Guam, and Puerto Rico. Affected batches can be identified as follows:

- 12.9 oz can size
- UPC of 300871214415
- Use by date: 1 Mar 2024
- Batch number on the bottom of the can:
 - ZL2HZF
 - ZL2HZZ

This formula was issued to seven Oregon WIC participants in February 2023. **For WIC purchases, vendors may exchange affected cans of the product for the exact same formula that is not included in the recall.**

WIC Federal Regulations prohibit issuing cash refunds, store credit/gift cards, or rainchecks on products purchased with WIC.
