FROM: WIC Vendor Management Services Team

RE: Potential 2025 Federal Government Shutdown

**Action required: Post in a visible location for all store employees.**

OHA has received questions regarding the status of WIC funding in the event of a government shutdown. We share these concerns and are monitoring legislative developments closely as negotiations progress. **At this time, we can confirm that, should the government shut down, the current plan is WIC will continue to function through mid-October, past the September 30 federal funding cutoff.** The state WIC program will provide more information as soon as it becomes available.

Thank you for your continued patience.
