**Attachments:** Oregon WIC Stores.xls

Hello Corporate Contacts,

Oregon's eWIC pilot launch is around the corner, and as we discussed at our July Vendor Advisory Council meeting, we are looking ahead to potential shopper access issues as we anticipate there may be some eWIC participants who will travel outside the pilot area of Linn and Benton counties.

Ideally we would like all the stores in your chain to be fully eWIC operational by the end of calendar year 2015. By this we mean:

- your stores' ECR systems are eWIC-enabled and
- store managers, at a minimum, are prepared to complete eWIC transactions.

Given this ideal scenario, I've attached a list of your chain's stores and their eWIC roll-out date. **By 9/15, please identify which stores you could enable for eWIC ahead of our roll-out schedule, and the date a shopper should be able to purchase items with eWIC at each store.**

We are reaching out to other large chains in a similar manner, as we would like to ensure the best statewide eWIC coverage as soon as possible. We will reflect this coverage on our "Find a Clinic or Store" map at <http://public.health.oregon.gov/HealthyPeopleFamilies/wic/Pages/countyinfo.aspx>. eWIC-enabled stores will be red markers on the map, which we will update regularly.

If you have any questions please contact Maria Menor, Oregon WIC Vendor Team Lead, at 971-673-0056 or Sara Sloan, WIC Operations Manager, at 971-673-0043. Thank you for considering this request, and we'll look forward to hearing back from you!

Thank you,  
Vendor Management Services Team
