

ScreenWise Program Update: July 2019

ScreenWise Providers,

Last month we emailed a survey to all enrolling providers in an effort to better serve patients and provide current and accurate referrals to potential patients in our community. Approximately 1/3 of our clinical sites submitted their completed survey, thank you. We are asking that all enrolling providers that have not already completed a survey, do so by **July 19, 2019**.

The survey link is found here: <https://www.surveymonkey.com/r/68883BD>

The information captured by the survey will serve two purposes:

1. It will help ScreenWise develop an interactive directory for the community to be able to find enrolling providers within their region. The directory will be accessible through the ScreenWise website.
2. All Internal information, such as main contacts and direct phone numbers will only be used to update our internal directory.

ScreenWise is sending the survey to each individual clinical site, which may mean your agency may receive this email more than once if you have multiple clinical sites that enroll ScreenWise patients. **Every clinical site is expected to respond to the survey.**

Thank you for your cooperation and support in completing this survey. If you have any questions, please email ScreenWise, screenwise.info@dhsosha.state.or.us or call (971) 673-0581.
