*For families with more than 8 persons, add \$921 per month

*As defined by the Bureau of the Census for statistical purposes, a household consists of all the persons who occupy a housing unit (house or apartment), whether they are related to each other or not. If a family and an unrelated individual, or two unrelated individuals, are living in the same housing unit, they would constitute two family units, but only one household.

**Size of Family Unit supported by Total Gross Household Income. Gross income is money made by individual BEFORE taxes.
