Introduction

School-Based Health Centers (SBHCs) are a unique health care model for comprehensive physical, mental and preventive health services provided to youth in a school setting. SBHCs ensure children and youth receive the health care they need, helping them thrive in the classroom and beyond.

The “Oregon School-Based Health Centers Standards for Certification, Version 4” (referred to as “Standards for Certification” herein) outlines the minimum requirements Oregon SBHCs must meet for the Oregon Health Authority Public Health Division’s SBHC State Program Office (SPO) to certify them. SBHCs may provide services beyond these minimum standards. Certification is voluntary; an SBHC may choose not to participate in state certification and still operate independently. However, only certified SBHCs are eligible for Oregon Health Authority funding per OAR 333-028-0260.

The Standards for Certification create a foundational model for SBHCs in Oregon emphasizing best practice for youth-centered services and population-based, patient-centered preventive care. SBHCs take a holistic approach to examining the whole child and work to meet children’s and youths’ needs through on-site service provision and referral to school and community providers.

The SPO therefore expects that partner agencies providing care at SBHCs will also strive to meet the Standards for Certification.

Background

SBHCs have existed in Oregon since 1986. They succeed through public-private partnerships between the Oregon Public Health Division, school districts, county public health departments, public and private practitioners, parents, youth, and community members. The SBHC State Program Office provides oversight of certified Oregon SBHCs.

The SPO, the Oregon School-Based Health Alliance, and the Conference of Local Health Officials initially developed the Standards for Certification in 2000. The standards:

- Establish a clearly defined SBHC model for Oregon
- Reduce site-to-site variability
- Improve SBHC sustainability and
- Increase the availability of quality health care for children and adolescents.

In 2014, Oregon Administrative Rules 333-028-0200 through 333-028-0250 were adopted to establish the procedures and criteria the Oregon Health Authority shall use to certify, suspend and decertify SBHCs. Section A of the Standards for Certification outlines these rules.

Comprehensive best practice

The Standards for Certification are grounded in promoting comprehensive preventive care provision for Oregon’s children and youth. This most recent version (Version 4) makes clear that SBHCs provide pediatric health care in line with nationally recognized standards, including recommendations from the American Academy of Pediatrics (AAP) Bright Futures.(1) The minimum level of services required of Oregon SBHCs in Section E directly tie to the Bright Futures guidelines.

Youth-friendly services

The SPO is committed to meeting youth where they are. Youth clients have unique physical, behavioral and preventive health needs that must be met through partnerships with parents, schools and other health providers. SBHCs can best address these needs and facilitate youth access to health services by providing clinical care that meets the following criteria from the Society for Adolescent Health and Medicine (SAHM)(2):

- Availability
- Confidentiality
- Visibility
- Coordination
- Quality
- Affordability
- Flexibility

SPO supports the definitions of “youth-friendly” clinic practices that SAHM,(3) the AAP(4) and Advocates for Youth(5) outline. These principles are central to Version 4 of the Standards for Certification. SPO encourages certified SBHCs to provide youth-friendly care that aligns with them.

Population-based, patient-centered care

Finally, SBHCs are natural partners as Oregon transitions our health care system to a model that prioritizes ensuring a healthy population through quality care at a lower cost. Version 4 of the Standards for Certification incorporates some elements of the Oregon Patient-Centered Primary Care Home (PCPCH) Standards for Recognition and has aligned certain requirements, such as the Key Performance Measures (Section F), with Oregon coordinated care organization (CCO) incentive metrics. Although not required, SPO strongly encourages all certified SBHCs to become state-recognized patient-centered primary care homes.

For more information about SBHCs in Oregon or the SBHC State Program Office, please visit the SPO website, www.healthoregon.org/sbhc, or contact the SPO directly at sbhc.program@state.or.us or 971-673-0871.

Section A: Certification process

The following section refers to OAR 333-028-0200 – OAR 333-028-0250.

A.1 Application and certification process and renewal

- a. An individual with legal authority to act on behalf of the entity that administers an SBHC may apply for certification of an SBHC by submitting an SBHC Certification Application to the program via electronic mail to the program’s electronic mail address posted on the program’s website or by mail to the mailing address posted on the program’s website, www.healthoregon.org/sbhc.
 - (1) Instructions and criteria for submitting an SBHC Certification Application are posted on the program’s website.
 - (2) An individual may submit an application for more than one SBHC provided that each SBHC will be administered by the same entity and each SBHC individually meets the certification requirements.
- b. Within 30 days of receiving an application, the program shall review the application to determine whether it is complete.
- c. If the program determines that the application is not complete, it will be returned to the applicant for completion and resubmission.
- d. If the program determines that the application is complete, it will be reviewed to determine if it meets certification requirements described in OAR 333-028-0220. If the program determines that on the face of the application and in reviewing any other applicable documents that the SBHC meets the certification requirements the program shall:
 - (1) Inform the applicant in writing that the application has been approved and that the SBHC is certified and
 - (2) Instruct the applicant to complete the program’s online Operational Profile and a date by which the forms must be completed.
- e. Once the application has been approved, the program will schedule an on-site verification review in accordance with Section A.4 (OAR 333-028-0240).

- f. If an SBHC does not meet certification requirements in its certification application, the program may choose one of the following actions:
 - (1) The program may deny SBHC certification if the SBHC does not meet the requirements of these rules.
 - i. The program will provide the applicant with a clear description of reasons for denial based on the certification standards in the denial letter.
 - ii. An applicant may request that the program reconsider the denial of SBHC certification. A request for reconsideration must be submitted in writing to the program within 90 days of the date of the denial letter and must include a detailed explanation of why the applicant believes the program’s decision is in error along with any supporting documentation.
 - iii. The program shall inform the applicant in writing whether it has reconsidered its decision.
 - or–
 - (2) The program may approve the applicant’s SBHC certification based on an agreed upon timeline for a corrective action plan for the non-compliant requirements. The site must submit a waiver to the program that includes an explanation of the non-compliant requirements, a plan for corrective action and date for meeting compliance.
- g. A certified SBHC must renew its certification no later than October 1 each year by completing the program’s online Operational Profile forms. An SBHC’s certification expires if it is not renewed by Oct. 1 of each year and the SBHC must reapply for certification under Section A of this rule.
- h. The program will notify SBHCs of their certification renewal status by January 1 each year.
- i. Once an SBHC is certified, the certification status is effective for the following certification year.

A.2 Required training

- a. At least one representative from an SBHC must attend an SBHC orientation, provided by the program, within one year of the program’s approval of the SBHC’s certification application.

A.3 Transfer of medical sponsorship

- a. A certified SBHC that wishes to transfer medical sponsorship to a new entity must submit a “Transfer of Medical Sponsor Application” to provide medical oversight.
- b. The program will review the “Transfer of Medical Sponsorship Application” in accordance with Section A.1 (OAR 333-028-0230).

A.4 Verification

- a. The program shall conduct one on-site verification review of each approved SBHC within one year of application approval to determine compliance with SBHC certification requirements.
- b. After the initial on-site verification review, the program shall conduct an on-site verification review every two years for a representative sample of certified SBHCs in each SBHC system.
- c. An SBHC will be notified, in writing, no less than 30 days before its scheduled verification review.
- d. An SBHC must permit program staff access to the site's place of business during the review.
- e. The verification review must include, but is not limited to:
 - (1) Review of documents, policies and procedures, and records
 - (2) Review of electronic medical record systems, review of electronic health records systems, and review of practice management systems
 - (3) Review of data reports from electronic systems or other patient registry and tracking systems
 - (4) Interviews with practice management, clinical and administrative staff
 - (5) On-site observation of practice staff with at a minimum two school-aged patients, with the consent of the patient, parent or guardian and
 - (6) On-site observation of patient environment and physical environment during business hours.
- f. Following a review, program staff may conduct an exit interview with SBHC representative(s). During the exit interview the program staff shall:
 - (1) Inform the SBHC representative(s) of the preliminary findings of the review and
 - (2) Give the SBHC representatives(s) a reasonable opportunity to submit additional facts or other information to the program staff in response to the findings.
- g. Within 14 calendar days of the on-site visit, program staff must prepare and provide the SBHC with a written report of the findings from the on-site review.
- h. If no certification deficiencies are found during the review, the program shall issue written findings to the SBHC indicating no deficiencies were found.
- i. If certification deficiencies are found during the on-site review, the program may:
 - (1) Require action items to be completed within a specified timeline **or**
 - (2) Take action in accordance with Section A.5 (OAR 333-028-0250).

- j. The program may conduct a review of a certified SBHC without prior notice of any or all selected certification requirements for compliance and perform a verification on-site review of a certified SBHC if the program is made aware of issues of compliance from any source.
- k. At any time, an SBHC may request an administrative review of compliance, which includes one on-site visit. The review will be considered a “no penalty” review with the exception of gross violation or negligence that may require site closure or temporary suspension of services.

A.5 Compliance

- a. SBHCs must notify the program within 20 calendar days of any change that brings the SBHC out of compliance with the certification requirements. SBHCs must submit a waiver to the program that includes an explanation of the non-compliant requirement, a plan for corrective action and date for meeting compliance.
- b. The program will review the waiver request and inform the SBHC of approval or denial of the waiver within two weeks of submission.
- c. If the waiver is approved, the SBHC must comply with certification requirements by the proposed date of compliance.
- d. If a waiver is denied, an SBHC does not come into compliance by the date of compliance stated on the waiver or the SBHC is out of compliance with certification requirements and has not submitted a waiver, the program may:
 - (1) Require the SBHC to complete an additional waiver with an updated plan for corrective action and updated date for meeting compliance
 - (2) Issue a written warning with a timeline for corrective action **or**
 - (3) Issue a letter of non-compliance with the notification of a suspension or decertification status.
- e. An SBHC with its certification status suspended may have its suspension lifted once the program determines that compliance with certification requirements has been achieved satisfactorily.
- f. An SBHC that had been decertified may reapply under Section A.1 (OAR 333-028-0230) at any time.
- g. If these rules are amended in a manner that requires an SBHC to make any operational changes, the program will allow the SBHC until the beginning of the next certification year or a minimum of 90 days to come into compliance.

Section B: Sponsoring agency

B.1 Sponsoring agency requirements

- a. A sponsoring agency is an entity that provides an SBHC or contracts with another entity to provide one or more of the following:
 - (1) Funding
 - (2) Staffing
 - (3) Medical oversight
 - (4) Liability insurance
 - (5) Billing support and
 - (6) Space
- b. Medical sponsorship requirements shall include:
 - (1) Medical liability coverage
 - (2) Ownership of medical records and
 - (3) Medical oversight
- c. SBHCs may have more than one sponsor, but at least one of the sponsors must meet the definition of a medical sponsor.
- d. All sponsoring agencies must have a signed written agreement describing their roles and responsibilities in SBHC operations.
- e. Each SBHC shall have a designated site coordinator who is employed by at least one of the SBHC sponsoring agencies. The site coordinator is the primary contact to the SPO and acts as a liaison between the SBHC, SPO, local public health authority (LPHA) and other SBHC community partners. They are responsible for attending SPO meetings, preparing for and attending verification site visits, and completing the Operational Profile.
- f. SBHCs shall have a designated SBHC administrator with administrative duties who is employed by at least one of the sponsoring agencies of the SBHC.
- g. SBHCs shall designate a quality assurance coordinator who is responsible for the SBHC's quality improvement processes.

- h. Each SBHC shall have a designated medical director, who is employed by the medical sponsoring agency. The medical director must be an MD, DO, ND or NP licensed to practice independently in Oregon with the population being served. The medical director must have prescriptive authority and be actively involved in development of clinical policies and procedures, review of medical records, and clinical oversight.
- i. The LPHA retains the right to approve use of public funds to provide public health services on the local level (Oregon Revised Statutes [ORS] 431.375 section 3) and thus has first right of refusal to become the SBHC medical sponsor when public funds are awarded for SBHCs. LPHAs shall designate a health department primary contact who is responsible for communication/liaison between the SBHC and LPHA.

Section C: Facility

C.1 Facility requirements

- a. SBHCs are defined as space located on the grounds of a school in a school district or on the grounds of a school operated by a federally recognized Indian tribe or tribal organization used exclusively for the purpose of providing primary health care, preventive health, behavioral health, oral health and health education services (ORS 413.225). Oregon's SBHC model excludes mobile health units/vans.
- b. A copy of patient rights and responsibilities and a "Notice of Privacy Practices" (NPP) must be posted in a clear and prominent location.
- c. Though there may be differences in SBHCs from site to site and multiple-use spaces are allowable, the following must be present within the SBHC:
 - (1) Waiting/reception area
 - (2) Exam room(s) with sink
 - (3) Bathroom facility
 - (4) Office area
 - (5) Secure records storage area as required by state and federal law
 - (6) Secure storage area for supplies (e.g., medications, lab supplies, vaccines)
 - (7) Designated lab space with sink and separate clean and dirty areas
 - (8) Confidential phone (placing confidential phone calls and receiving confidential messages) and
 - (9) Confidential fax (SBHC staff access only).

- d. The SBHC shall maintain staff and patient safety as required by state and federal law.
- e. The design of clinic space and staff practice should support client confidentiality. The clinic must have:
 - (1) One exam room for each provider on-site during operational hours and
 - (2) Provisions for necessary sound and sight security for private examination and conversations, both in person and on the telephone.
- f. A facility floor plan (to scale) must be submitted for approval to the SPO with the initial certification application.

Section D: Operations/staffing

D.1 Hours of operation and staffing minimum requirements

- a. SBHCs must be open and offering clinical services (medical, behavioral and/or oral health) a minimum of three days/week when school is in session.
- b. SBHCs must be open for services at least 15 hours/week, with availability for same-day and scheduled appointments during these hours.
 - (1) SBHC staff shall include on-site at a minimum (see Table 1):
 - i. Office/health/medical assistant — 15 hours/week
 - ii. Primary care provider (MD, DO, NP, ND, PA) — 10 hours/week, at least two days/week
 - iii. An additional 10 hours/week must be provided by a medical, behavioral or oral health professional and may include an MD, DO, NP, ND, PA, DMD, EFDA, RDH, RN, LPN and/or a QMHP*
 - iv. At least one licensed medical professional (e.g., MD, DO, NP, ND, PA, DMD, EFDA, RDH, RN, and/or LPN,) and/or QMHP (as defined in OAR 309-019-0100 to 309-019-0220) must be available on-site each day the SBHC is open.
 - (2) A Qualified Mental Health Professional (QMHP) must be available either on-site or through referral.
 - (3) If the SBHC model includes planned staff time alone during hours of operation, the SBHC must have a written safety plan with agreement from school, clinic partners and LPHA to provide protection from property loss, HIPAA violations or personal injury.

* Minimum hours specified in D.1(b)(1)(ii) and D.1(b)(1)(iii) may overlap as long as the SBHC is open for services at least 15 hours/week (as specified in D.1(b)).

Table 1: SBHC minimum staffing requirements

SBHC staffing type	Minimum hours per week	Minimum days per week
Office/health/medical assistant	15 hours	Unspecified
Primary care provider	10 hours	2 days
Additional health professional (medical/behavioral/oral health)	10 hours	Unspecified

- c. SBHCs must have a strategy to ensure the clinic provides a youth-friendly environment.
- d. Information on how to access care outside of clinic hours or when the provider is not available shall be posted outside the main entrance of the SBHC and available by telephone answering or voice mail system that is accessible 24 hours a day on a direct phone line.
- e. Hours of operation must be clearly posted outside clinic entrance.
- f. Electronic and printed materials should be accurate regarding SBHC services and hours.
- g. SBHCs must demonstrate a mechanism to reassign administrative requests, prescription refills and clinical questions when a provider is not available.

D.2 Eligibility for services minimum requirements

All students in the school are eligible for services.

- a. Students shall not be denied access to services based on insurance status or ability to pay.
- b. Students shall not be denied access to services based on race, color, national origin, religion, sex, gender identity and/or gender expression/presentation, immigration status, sexual orientation, disability or marital status, in accordance with applicable laws, including: Title IX of the Education Amendments of 1972, Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, and Oregon Revised Statutes Chapter 659A.
- c. Minors 15 years of age or older may consent for medical and oral health services (ORS 109.640).
- d. Minors 14 years of age or older may consent for outpatient mental health, drug or alcohol treatment (excluding methadone) (ORS 109.675).
- e. Minors of any age may consent for birth control-related information and services, as well as testing and treatment for sexually transmitted infections (STIs) including human immunodeficiency virus (HIV) (ORS 109.640, ORS 109.610).
- f. If needed services are not available on-site, appropriate referral is required.

D.3 Policies and procedures minimum requirements

- a. SBHCs must have SBHC-specific written policies set forth and in place for:
 - (1) Consent for SBHC services (parent/guardian and/or client)
 - (2) Release of information and/or access to medical records to parents when requested by parents and/or guardians
 - (3) Method of transmitting billing and other fiscal information to agencies, including the handling of explanation of benefits (EOB) statements for confidential patient visits
 - (4) Emergency procedures (disaster/fire/school violence)
 - (5) Reporting of child abuse and maltreatment
 - (6) Complaint and incident review
 - (7) Parent and/or guardian involvement
 - (8) Coordination of care between providers with shared clients (physical/behavioral/oral/specialty care)
 - (9) Continuity of care (when SBHC is closed or client transitioning out of care) and
 - (10) Information sharing between school nurse and SBHC staff.
- b. Each written policy and procedure shall be reviewed and approved every two years.
- c. SBHCs shall have a designated privacy official who is responsible for health information privacy, including compliance with HIPAA/FERPA and Oregon privacy laws.

Section E: Comprehensive pediatric health care

E.1 Comprehensive pediatric health care minimum requirements

- a. SBHCs provide pediatric health care in line with nationally recognized standards of care, including recommendations from the American Academy of Pediatrics Bright Futures guidelines. SBHC providers should refer to Bright Futures to determine age appropriate levels of service.

- b. Table 2 specifies the minimum level of comprehensive pediatric health care services that must be available either:
- (1) **On-site:** Services are available on-site at the SBHC.
 - (2) **▲ On-site:** Laboratory testing is available on-site as point-of-care testing.
 - (3) **● On-site:** Laboratory must have ability to collect specimen/sample. Sample may be sent offsite for diagnostic testing.
- or–
- (4) **Referral:** Services and laboratory testing available by referral (if not on-site) with system for tracking referrals and follow-up. Referral sources should be youth-friendly, confidential and available regardless of a client’s ability to pay. A list of referral sources must be available to the SPO upon request.

Table 2: Comprehensive pediatric health care minimum requirements

Comprehensive pediatric health care	Minimum level of service required
History	
Comprehensive medical histories	On-site
Measurements	
Height and weight	On-site
Body mass index (BMI)	On-site
Blood pressure	On-site
Sensory screening	
Vision	On-site
Hearing	Referral
Physical health services	
Comprehensive physical exams	On-site
Evaluation and treatment of non-urgent, acute and chronic conditions	On-site
Medical specialty services	Referral
Developmental/behavioral services*	
Health assessment**	On-site
Assessment of educational, achievement and attendance issues	On-site
Developmental assessments	On-site
Psychosocial/behavioral assessment	On-site
Depression screening	On-site
Alcohol and other drug screening	On-site
Alcohol and other drug assessment***	Referral
Prescriptions for mental health conditions	Referral
Individual, group and family counseling and treatment	Referral
Social services assessment and referral	Referral

Comprehensive pediatric health care	Minimum level of service required
Oral health services	
Visual inspection of teeth and gums	On-site
Preventive oral health education and counseling	On-site
Fluoride supplement prescription	On-site
Comprehensive oral health evaluation and treatment	Referral
Reproductive health services	
Reproductive health exam	On-site
Prescriptions for contraceptives [†]	Referral
Condom availability [†]	Referral
STI prevention education and treatment	On-site
Pregnancy prevention education	On-site
Prenatal care	Referral
HIV counseling	On-site
HIV treatment	Referral
Anticipatory guidance	
Provision of age-appropriate anticipatory guidance	On-site
Targeted patient education	On-site
Procedures	
Immunizations	On-site
Urinalysis	▲ On-site
Hematocrit or hemoglobin	▲ On-site
Blood glucose	▲ On-site
Strep throat [‡]	▲ On-site
Pregnancy testing [§]	▲ On-site
STI screening and testing [¶]	● On-site
HIV screening and testing	● On-site
Tuberculosis testing	Referral
Lead screening and testing	Referral
Dyslipidemia screening	Referral

* Behavioral health services include mental health and substance abuse.

** Health assessments may be completed through a health assessment tool or through documented assessment of health risks and strengths (e.g., physical growth and development, emotional well-being, violence and injury prevention, etc.)

*** If not available on-site, a written agreement with the outside provider or agency must be in place to provide services and for sharing information necessary to provide coordinated care.

† SPO recommends on-site access to contraceptives and condoms. Providing access to contraceptives is a clinical best practice recognized by the American Academy of Pediatrics, the Centers for Disease Control and Prevention, and other national and international organizations. However, communities may choose to offer contraceptive services by referral.

‡ Rapid

§ Urine human chorionic gonadotropin (UHCG)

¶ Chlamydia, gonorrhea, syphilis

E.2 Immunizations

- a. SBHCs must be enrolled in the Vaccines for Children (VFC) program and meet the federal and state requirements of this program.
- b. SBHCs must designate an immunization coordinator who is fully trained to be responsible for all vaccine management activities within the practice. This includes responsibility for all requirements of the Oregon VFC program. The individual is the SBHC's liaison to the Oregon Immunization Program and LPHA immunization coordinator.

E.3 Equipment

- a. Equipment must be maintained and calibrated per manufacturer and/or agency guidelines.
- b. SBHCs must have a process in place for quality assurance per manufacturer and/or agency guidelines.
- c. SBHCs must have appropriate emergency medical equipment per agency guidelines that is inspected regularly.

E.4 Medications

- a. Any medications kept on-site must be kept in accordance with local, state and federal rules and regulations.

E.5 Laboratory

- a. SBHCs must meet Code of Federal Regulations (CFR) requirements and hold a valid Clinical Laboratory Improvement Amendments (CLIA) certificate for the level of testing performed or participate in a multiple-site CLIA certificate.
- b. Lab equipment must be maintained and/or calibrated regularly to meet all CLIA manufacturer or SBHC policy requirements.
- c. SBHCs must have signed, SBHC-specific written procedures set forth and in place that ensure:
 - (1) Timely review of lab results by an authorized provider (ORS 438.430(1))
 - (2) Documentation and follow-up of abnormal labs, and
 - (3) Confidential handling of lab results.

Section F: Data collection/reporting

F.1 Data collection requirements

- a. SBHCs must maintain an electronic data collection system that is compatible with the SPO's data collection system and has the capacity to collect the required variables listed below. Compatibility means the system can export required variables in a useable format.
- b. Data collection and reporting requirements apply to all ongoing services (including physical, behavioral and oral health) provided on-site at the SBHC, regardless of the age of the client.

F.2 Data variable requirements

- a. Certain data variables shall be collected at each encountered visit including:
 - (1) Unique patient identifier (not name)
 - (2) Medicaid ID #
 - (3) Date of birth
 - (4) Gender
 - (5) Race
 - (6) Ethnicity
 - (7) Preferred language
 - (8) Insurance status (to include at a minimum the following categories: Medicaid, other public, private, none, unknown, CCare)
 - (9) Payor name
 - (10) Total charges
 - (11) Total payments
 - (12) Date of visit
 - (13) Location of visit (site identification)
 - (14) Provider type (as defined by SPO)
 - (15) Provider name
 - (16) National Provider Identifier (NPI)
 - (17) Visit procedure code(s)
 - (18) Procedure code modifiers and
 - (19) Diagnostic code(s) (most recent ICD and DSM code(s)).

F.3 Data reporting requirements

- a. SBHCs shall submit encounter data to the SPO twice annually.
- b. SBHCs shall complete an annual chart review based on SPO-required key performance measures, to be submitted to the SPO annually.
- c. SBHCs shall administer student satisfaction surveys according to SPO requirements and submit survey data to the SPO a minimum of twice annually.
- d. SBHCs shall keep an up-to-date Operational Profile with information about clinic operations.

Section G: Billing

G.1 Billing requirements

- a. All providers whose provider type is eligible to enroll with the Oregon Health Plan (OHP) must enroll with and bill OHP.
- b. Providers must be credentialed with and bill private insurance companies for reimbursement whenever possible.
- c. SBHCs must determine whether their coordinated care organization(s) (CCOs) have mechanisms for maintaining confidentiality when billing for services (e.g., ability to suppress EOBs for confidential visits). If a procedure does not exist, the SBHCs shall work with the CCO to determine the best method for the SBHC to bill for services while preventing inadvertent disclosure of personal health information.

Section H: Terminology

H.1 Definitions (OAR 333-028-0210)

Term	Definition
Authority	Refers to the Oregon Health Authority
Certification year	A one-year period beginning July 1 and ending June 30
Electronic health record (EHR)	An electronic record of an individual's health-related information that conforms to nationally recognized interoperability standards and can be created, managed and consulted by authorized clinicians and staff across more than one health care provider
Electronic medical record (EMR)	A digital version of a paper chart that contains all of the patient's medical history from one practice (an EMR is mostly used by providers for diagnosis and treatment)
Program	Refers to Oregon Health Authority, Public Health Division, School-Based Health Center Program
School-Based Health Center (SBHC)	The meaning given the term in ORS 413.225
SBHC system	One or more SBHCs that operate under the same sponsoring agency
Sponsoring agency	An entity that provides the following services for an SBHC or contracts with another entity to provide one or more of the following: <ul style="list-style-type: none">• Funding• Staffing• Medical oversight• Liability insurance and• Billing support.

H.2 Acronyms/abbreviations

ADA	Americans with Disabilities Act
AOD	Alcohol and other drugs
BMI	Body mass index
CCare	Oregon Contraceptive Care
CCO	Coordinated care organization
CFR	Code of Federal Regulations
CLIA	Clinical Laboratory Improvement Amendments
CPT	Current procedural terminology
DMD	Doctor of Dental Medicine
DO	Doctor of Osteopathy
DSM V	Diagnostic and Statistical Manual of Mental Disorders
EFDA	Expanded function dental assistant
EHR/EMR	Electronic health record/electronic medical record
EOB	Explanation of benefits
FERPA	Family Educational Rights and Privacy Act
FTE	Full-time equivalent
GC	Gonorrhea
HIPAA	Health Insurance Portability and Accountability Act
HIV	Human immunodeficiency virus
ICD	International Classification of Disease
IUD	Intrauterine device (contraceptive)
LPHA	Local public health authority
LPN	Licensed Practical Nurse

MD	Doctor of Medicine
ND	Naturopathic Doctor
NP	Nurse Practitioner
NPI	National Provider Identifier
NPP	Notice of Privacy Practices
OAR	Oregon Administrative Rules
OHP	Oregon Health Plan
ORS	Oregon Revised Statutes
OSHA	Occupational Safety and Health Association
OSPHL	Oregon State Public Health Laboratory
OTC	Over-the-counter
PA	Physician Assistant
PPD	Intradermal tuberculosis screening test
QA	Quality assurance
QMHP	Qualified Mental Health Professional
RDH	Registered Dental Hygienist
RN	Registered Nurse
RX	Prescription medication
SBHC	School-Based Health Center
SPO	State Program Office
STI	Sexually transmitted infection
UHCG	Urine human chorionic gonadotropin (qualitative pregnancy test)
VFC	Vaccines for Children

H.3 SBHC role descriptions

Role	Definition
Sponsoring agency	Entity or entities that provide the following services for an SBHC or contracts with another entity to provide one or more of the following: funding, staffing, medical oversight, liability insurance, billing support and space. SBHCs may have more than one sponsor, but at least one of the sponsors must meet the definition of a medical sponsor. All sponsoring agencies must have a written agreement with the SBHC describing their role in SBHC operations. (Standards B.1 (a) (c) (d)).
Medical sponsor	Entity that provides the following: medical liability coverage, ownership of medical records and designation of an SBHC medical director (Standards B.1(h)).
<p>The following role descriptions are in alphabetical order. This matches the alphabetical order of staff roles listed on the STAFF DETAIL page in the Operational Profile. Individual staff may fulfill multiple roles, depending on local capacity and organizational structure.</p>	
Health department administrator	The individual, an employee of the Local Public Health Authority (LPHA), responsible for supervising the activities of the LPHA in accordance with law. This person is appointed per ORS 431.418. This individual's responsibilities and qualifications are described in the Minimum Standards for Local Health Departments in Oregon.
Health department primary SBHC contact	The individual, an employee of the LPHA, responsible for communication/liaison between SBHC and the LPHA (Standards B.1 (i)).
Immunization coordinator	The individual who is designated and fully trained to be responsible for all vaccine management activities within the practice. This includes responsibility for all requirements of the Oregon Vaccines for Children (VFC) program. This individual is the SBHC's liaison to the Oregon Immunization Program and LPHA immunization coordinator (Standards E.2 (b)).
Laboratory coordinator	The individual who is designated and fully trained to liaise with the laboratory coordinator for laboratory activities within the SBHC. Note: The laboratory coordinator is the individual named on the SBHC's CLIA license that is responsible for the overall operation and administration of the laboratory (Standards E).
Medical director	The individual employed by the medical sponsoring agency who must be an MD, DO, ND or NP licensed to practice independently in Oregon with the population being served. The medical director must have prescriptive authority and be actively involved in developing clinical policies and procedures, and reviewing medical records and clinical oversight. (Standards B.1 (h)).
Nurse	RN, LPN with assigned staff hours at the SBHC. The individual provides direct patient care (Standards D.1 (b)).
Office/Health/Medical Assistant	Support staff with assigned staff hours at the SBHC (Standards D.1 (b)).
Oral health provider	DMD, EFDA, RDH with assigned staff hours at the SBHC. The individual provides direct patient care (Standards D.1 (b)).

Role	Definition
Primary care provider	MD, DO, ND, NP, PA with assigned staff hours at the SBHC. The individual provides direct patient care (Standards D.1 (b)).
Privacy official	The individual responsible for health information privacy, including HIPAA/FERPA and Oregon privacy laws. The privacy official is responsible for the SBHC's privacy policies and procedures and for ensuring all staff has completed privacy training (Standards D.3 (c)).
Qualified Mental Health Professional	QMHP with assigned staff hours at the SBHC. The individual provides direct patient care. The individual must be trained at master's degree level in a mental health field; be eligible for reimbursement for services; be able to or have an agreement with a licensed professional to prescribe medications for mental health conditions as clinically indicated; and provide AOD assessment through the sponsoring agency or through referral to an outside provider (Standards D.1 (b)).
Quality assurance coordinator	The individual responsible for the SBHC's quality improvement processes. These processes include monitoring, coordinating, reporting and evaluating the following: visit/encounter data, student satisfaction surveys and key performance measures (Standards B.1 (g)).
SBHC administrator	An individual with administrative duties employed by at least one of the sponsoring agencies of the SBHC. That person may share duties with the SBHC site coordinator. (Standards B.1 (f)).
SBHC site coordinator	An individual employed by at least one of the sponsoring agencies of the SBHC. They are the primary contact with the State Program Office (SPO) and the liaison between the SBHC, SPO, LPHA and other SBHC community partners. The person is responsible for attending SPO meetings, preparing for and attending verification site visits, and completing the Operational Profile (Standards B.1 (e)).
