

2025 MHEG: Youth-Led Projects Grant Report

Introduction:

The Mental Health Expansion Grant (MHEG): Youth-Led Projects Report helps the State Program Office (SPO) better understand how grant dollars have been used to support youth-led projects in partnership with Oregon School-Based Health Centers. The information you provide helps to tell the story of your accomplishments, informs SPO priorities and demonstrates the positive impact of your work to key decision makers.

This report covers the 2024-2025 school year.

If you support projects at multiple schools, feel free to submit separate reports or combine answers into one report by indicating specific sites where necessary (Truly, whatever is easiest for you!).

Summarized and deidentified information may be shared with partners, including the other SBHCs, legislators, policy makers, and internal partners.

Reports are due by July 15, 2025. Please email Mikah.Rotman@oha.oregon.gov with any questions.

Use of Grant Funding

- Name(s)
- County
- SBHC(s)
- How did you use grant dollars during this reporting period?
 - Salary and associated costs for staff directly supporting grant (including benefits, travel, training, etc.)
 - Supplies for projects / events
 - Supplies for meetings
 - Incentives for youth participants (swag, gift cards, etc.)
 - Student intern stipends
 - Subcontract with community-based org / other partner
 - Other (please specify)

Grant Activities:

- Please list 1-3 projects you'd like to highlight that were SBHC focused
- Please list 1-3 projects you'd like to highlight that were mental health focused

- Are there any other projects you'd like to highlight that are not specific to SBHCs or mental health?

Grant Impact:

- Approximately how many students were routinely engaged in activities related to this grant?
- Approximately how many students were engaged overall in activities related to this grant?
- What impact did the Youth-Led Projects Grant have on your SBHC or school community during this reporting period?

Project Materials:

- File Upload: Project Materials
- Please share any additional context that would be helpful to understand the uploaded materials and / or include hyperlinks of any materials you'd like to share.

Moving Forward:

- Share 1 - 3 goals / project priorities you have for the 2025 - 2026 school year.
- Are there any specific supports (including training) from our program that could help meet those goals / project priorities?
- Do you anticipate any major changes to your previously submitted budgets or how you will use grant funding during the 2025 - 2026 school year?
- List the email addresses of staff to be included on the email list for monthly check in calls
- List the email addresses of staff to be included on the email list for all other grant communications
- Is there anything else you'd like to share?
