Oregon Health Licensing Agency Body Art Program Earlobe Piercing; Client Care, Safety, Sanitation and Infection Control Education and Examination

Client Care, Safety, Sanitation and Infection Control (CCSSIC): This education session, in addition to the study references used to source the examination, will provide individuals with the necessary information pertaining to CCSSIC in the earlobe piercing industry. There is an examination immediately following this session to ensure individuals gain a basic understanding of CCSSIC for earlobe piercing. This session is a requirement for individual applying for Temporary Ear Lobe Piercing Licensure.
