Oregon State Public Health Laboratory  
7202 NE Evergreen Pkwy, Suite 100  
Hillsboro, OR 97124  
PH (503) 693-4122  
FAX (503) 693-5602

Revised 1/8/2021

**Question: Is there a complete list of analytes for ORELAP accreditation?**

Answer: A list of *Cannabis* fields of accreditation can be found on the “Cannabis Testing” page on the ORELAP website. These are currently the analytes a *Cannabis* laboratory can be accredited for.

Environmental laboratories can be accredited for a wide range of analytes, including emerging pollutants. A complete list can be found in the ORELAP Data Input and Edit (ODIE) system. Please be aware ORELAP may be phasing out certain analytes, adding new analytes, or changing analyte names or codes as new information becomes available. If you cannot find a specific analyte in ODIE, please contact the program manager at [travis.j.bartholomew@dhsosha.state.or.us](mailto:travis.j.bartholomew@dhsosha.state.or.us).
