**Question: How do we pay using a credit card?**

Answer: ORELAP invoices should be paid by check when possible. Depending on how quickly the check can be generated it can be faster, in some cases, to pay by check through the mail. If you need to pay by credit card, forward the invoice email you received with the invoice attached to [ORELAP.info@odhsoha.oregon.gov](mailto:ORELAP.info@odhsoha.oregon.gov) and request an account receivable be set up for online payment. An accounts receivable allows the laboratory to pay an invoice by credit card via a weblink.
