

Oregon Health Authority
Public Health Division - Chapter 333
Division 333
PSILOCYBIN

333-333-1010

Definitions

For purposes of chapter 333, division 333, in addition to the definitions in ORS 475A.220, the following definitions apply:

(1)(a) “Adulterant” means:

(A) Chemicals, drugs, plants or substances that alter the potency, intoxicating effect, duration of effect, toxicity or potential for excessive use when added to psilocybin products.

(B) Any additives that are intended to manipulate the ratio of any analyte or to manipulate the ratio of compound relative to another analyte or compound present in the fungi used in extraction or processing.

(b) Adulterant does not mean naturally occurring substances contained in food items such as, but not limited to chocolate.

(2) “Adverse reaction” means an adverse behavioral or medical reaction that occurred during an administration session and does not require transport to a hospital.

(3) “Adverse behavioral reaction” means a client’s behavioral reaction to consuming psilocybin products that required contacting emergency services or receiving care from a medical care provider that occurred during an administration session.

(4) “Adverse medical reaction” means a client’s medical reaction to consuming psilocybin products that required contacting emergency services or receiving care from a medical care provider that occurred during an administration session.

(5) “Advertising” means publicizing the trade name of a licensee together with words or symbols referring to psilocybin or publicizing the brand name of a psilocybin product.

(6) “Aggregate,” for the purpose of reporting 303 service center data and 303 client data, means to combine and categorize quantitative data in a manner that prevents a client or an individual from whom the data was collected, from being identified, taking into consideration how the data could be used in combination with other data sources.

(7) “Applicant” means an individual who applies for a facilitator license and an individual or legal entity who:

(a) Holds or controls an interest of more than 20 percent in the entity proposed to be licensed;

(b) Is entitled to receive 20 percent or more of revenue, profits or proceeds from the entity proposed to be licensed; or

(c) Is entitled to exercise control over the entity proposed to be licensed.

(8) “Attractive to minors” means:

(a) Cartoons;

(b) A design, brand or name that resembles a non-psilocybin consumer product of the type that is typically marketed to minors;

(c) Symbols or celebrities that are commonly used to market products to minors;

(d) Images of minors; or

(e) Words that refer to products that are commonly associated with minors or marketed by minors.

- (9) “Authority” means the Oregon Health Authority.
- (10) “Authorized Authority representative” means an employee of the Authority who is authorized to conduct inspections or investigations and otherwise enforce ORS chapter 475A and any rules adopted thereunder.
- (11) “Batch” means a quantity of whole fungi from a harvest lot, or a quantity of psilocybin product from a process lot.
- (12) “Billboard” means a large outdoor advertising structure.
- (13) “Capsule” means a small soluble pill, tablet or container that contains psilocybin extract or homogenized fungi and is intended for human consumption.
- (14) “Cartoon” means any drawing or other depiction of an object, person, animal, creature or any similar caricature which may exhibit any of the following:
- (a) The use of comically exaggerated features;
 - (b) The attribution of human characteristics to animals, plants or other objects, or the similar use of anthropomorphic technique; or
 - (c) The attribution of unnatural or extra-human abilities, such as imperviousness to pain or injury, X-ray vision, tunneling at very high speeds or transformation.
- (15) “Chemical synthesis” means a method of producing psilocybin products using precursor ingredients rather than cultivation of fruiting bodies and mycelium, or a method of producing psilocybin products that results in psilocybin products that contain analytes or compounds that were not present in the source fruiting bodies, mycelium and other ingredients.
- (16) “Client administration area” means any area within the licensed premises of a service center where:
- (a) Psilocybin products may be transferred to a client.
 - (b) Psilocybin products may be consumed by a client.
 - (c) Administration sessions may take place.
- (17) “Client information form” means the form required by ORS 475A.350.
- (18) “Client packaging” means packaging containing psilocybin products intended to be sold to clients.
- (19) “Client records” means information held or known by a service center or facilitator that may be used to identify a client or prospective client, including any communication made by a client or prospective client and any information related to providing psilocybin services or selling psilocybin products to a client.
- (20) “Client support person” means a person who will be present during a client’s administration session for any purposes described in OAR 333-333-5050(5)(d), (f), (g) or (m).
- (21) “Control over the entity” includes but is not limited to the authority to bind the entity to contracts, obligations or debt and does not include a licensee representative acting under the direction of a licensee.
- (22) “Cultivation batch” means a quantity of unharvested fruiting body or mycelium that is grown together under the same conditions, that may contain fungi that originates from diverse spores or mycelial tissue of *psilocybe cubensis*.
- (23) “Cultural equity” means values, policies, and practices that ensure all people, especially those who have been historically marginalized based on race, ethnicity, religion, language, disability, age, gender, gender identity, sexual orientation, social class, intersections among these communities or

identities, or other socially determined circumstances are considered in the development of social pathways to health equity.

(24) “Curriculum” means the topics, subjects, and activities that make up courses taught by a training program.

(25) “De-identified data” means data that cannot be reasonably used to infer information about, or otherwise be linked to, an identified or identifiable client, or to a device that identifies, is linked to or is reasonably linkable to a client.

(26) “Direct owner” means an individual, legal entity or partnership that holds an ownership interest in a business proposed to be licensed directly rather than holding that interest through ownership of or affiliation with another legal entity or partnership.

(27) “Disciplinary actions,” for the purpose of Oregon Laws 2023, chapter 150, means any final order issued under ORS chapter 183 finding a licensee violated ORS chapter 475A or these rules.

(28) “Edible psilocybin product” means psilocybin extract or homogenized fungi that has been incorporated into a food product or potable beverage.

(29) “Elementary school”:

(a) Means a learning institution containing any combination of grades kindergarten through 8.

(b) Does not mean a learning institution that includes only pre-kindergarten, only kindergarten, or only a combination of pre-kindergarten and kindergarten.

(30) “Extraction” means:

(a) The process of separating psilocybin from fungi by using a solvent; and

(b) Manufacturing psilocybin extracts.

(31) “Facilitation” means the provision of services to a client by a licensed facilitator during a preparation, administration, or integration session.

(32) “Financial interest”:

(a) Means entitlement to receive a portion of revenue, proceeds or profits from a licensed entity or an entity proposed to be licensed; or

(b) A membership interest, partnership interest or other ownership interest in a licensed entity or an entity proposed to be licensed.

(c) Includes any individual person or legal entity that qualifies as an applicant under OAR 333-333-1010 or 333-333-4030.

(d) Does not include an investment interest that the investor does not control in nature, amount or timing.

(33) “Fruiting bodies” means the spore producing organs of the fungi *Psilocybe cubensis*.

(34) “Fungi” means the fruiting bodies or mycelium of the fungi *Psilocybe cubensis*.

(35) “Harvest” means the act of removing mycelium or fruiting bodies from a production environment for drying or processing.

(36) “Harvest lot” means a specifically identified quantity of fungi that is cultivated and dried under the same conditions and harvested within a seven calendar-day period at the same location within the licensed premises, that may be partially harvested, and may use the substrate material for multiple harvests.

(37) “Health equity” means the opportunity for all people to reach their full health potential and well-being without being disadvantaged by their race, ethnicity, religion, language, disability, age, gender, gender identity, sexual orientation, social class, intersections among these communities or identities or other socially determined circumstances.

(38) “Homogenized fungi” means dried fruiting bodies or mycelium that have been mixed by powdering or other techniques which uniformly distribute psilocybin throughout the product. Homogenized fungi may be packaged in capsules and may contain inactive ingredients such as binders, dilutants and carrying agents.

(39) “Intervention” means taking proactive steps to respond to the client’s behavior, experience, or condition during an administration session.

(40) “Intoxicant” means any substance that has intoxicating effects, and includes alcohol, prescription drugs, non-prescription drugs and any other controlled substances. Intoxicant does not include caffeine or nicotine.

(41) “Laboratory” means a laboratory licensed under ORS 475A.594.

(42) “Lead educator” means a person affiliated with a training program who is responsible for tracking the progress of students throughout the program.

(43) “Licensee representative”:

(a) Means an owner, director, officer, manager, employee, agent or other representative of a manufacturer, service center, or laboratory licensee.

(b) Does not mean a facilitator who provides services at a service center unless that facilitator is also an owner, director, officer, manager, employee, agent or other representative of the service center.

(c) Includes an independent contractor of a manufacturer, service center, or laboratory licensee who acts in a representative capacity.

(44) “Licensed premises”:

(a) Means the area of a location that is licensed under ORS chapter 475A, including:

(A) All public and private enclosed areas at the location that are used in the licensee’s operations at the location;

(B) All areas outside a building that are used in the licensee’s operations at a location for which the Authority has issued a license for a manufacturer or service center; and

(C) For a location that the Authority has specifically issued a license for the operation of a psilocybin service center, any outdoor area of the location used to operate the psilocybin service center and provide psilocybin services to clients.

(b) Cannot include a residence.

(c) Cannot contain unlicensed areas within the boundaries of the licensed premises.

(45) “Licensee” means any person who holds a license issued under ORS chapter 475A and includes each individual and legal entity identified as an applicant on an application that the Authority has approved and each individual or legal entity who is added to the license as described in OAR 333-333-4200.

(46) “Limited access area” means any area of a licensed premises where psilocybin products or psilocybin waste are stored or produced.

(47) “Manufacturer” means a manufacturer licensed under ORS 475A.290.

(48) “Manure” means animal excreta, alone or in combinations with litter, such as straw and feathers used for animal bedding, for use as a soil amendment or substrate. Manure does not include stabilized compost produced through a controlled composting process.

(49) “Marijuana” has the meaning given that term in ORS 475C.009.

(50) “Mycelium” means the fungal threads or hyphae of *Psilocybe cubensis*.

(51) “Nondirective facilitation” means a client-centered approach to facilitation in which the client makes decisions related to their participation in psilocybin services and the facilitator maintains a consistent disposition with a client, while avoiding giving the client direct advice or offering an interpretation of a client’s statements, behaviors or needs unless appropriate for health and safety reasons. Nondirective facilitation does not prohibit a facilitator from offering options, resources, referrals or providing health and safety support to clients within their scope of practice.

(52) “Non-profit entity” means a nonprofit corporation organized under ORS chapter 65, registered with the Secretary of State as a nonprofit organization, and registered with the Oregon Department of Justice as a charitable organization, if applicable.

(53) “Operational name” means an individual, legal entity or business name listed on an application and license certificate of a service center, manufacturer or laboratory license that the licensee(s) will use for purposes of advertising and doing business with the public.

(54) “Oregon Psilocybin Services Act” means ORS 475A.210 to ORS 475A.722.

(55) “Pesticide” means any substance or mixture of substances included in ORS 634.006(8).

(56) “Permittee” means a person who holds a permit issued under ORS 475A.480.

(57) “Practicum site” means a designated service center that provides practicum training.

(58) “Practicum site supervisor” means an onsite practicum supervisor of assigned trainees, affiliated with a practicum site.

(59) “Pre-production process” means cultivation environments that are used to facilitate growth of mycelial tissue prior to that tissue being transferred to production growth medium. Examples include but are not limited to agar dishes and grain spawn.

(60) “Process lot” means homogenized fungi, psilocybin extract or edible psilocybin product of the same type that was processed at the same time using the same processing method, ingredients, and standard operating procedures.

(61) “Production process” means cultivation environments from which fruiting bodies or usable mycelium are harvested, including but not limited to substrates used in the production of fruiting bodies.

(62) “Psilocybin” has the meaning described in ORS 475A.220.

(63) “Psilocybin analyte” has the meaning described in OAR 333-064-0025. As used in these rules psilocybin analyte refers to content of psilocybin analyte as measured by potency tests required by OAR 333-333-7040.

(64) “Psilocybin extract” means:

- (a) A substance consisting entirely of solid or liquid psilocybin and may include other compounds which were simultaneously extracted from fruiting bodies or mycelium of *Psilocybe cubensis*; and
- (b) A substance consisting of solid or liquid psilocybin and may include other compounds which were simultaneously extracted from fruiting bodies or mycelium of *Psilocybe cubensis* and inactive ingredients that are used to form capsules, tinctures and other oral preparations.

(65) “Product tracking system” or “PTS” means the system for tracking psilocybin products required by ORS 475A.400.

(66) “Psilocybin product” means psilocybin-producing fungi, mycelium and mixtures or substances containing a detectable amount of psilocybin, including whole fungi, homogenized fungi, psilocybin extract and edible psilocybin products.

(67) “Psilocybin waste” means:

- (a) Waste material that is a byproduct of manufacturing psilocybin products that contains a detectable amount of psilocybin.
- (b) Partially consumed psilocybin products, excluding client packaging.
- (c) Psilocybin products that a manufacturer, service center or laboratory disposes.
- (d) Any psilocybin product that is required to be designated as waste by these rules.
- (68) “Radio” means a system for transmitting sound without visual images, and includes broadcast, cable, on-demand, satellite, or internet programming. Radio includes any audio programming downloaded or streamed via the internet.
- (69) “Residence” means real property inhabited by an owner, renter or tenant, including but not limited to manufactured homes and vehicles used as domiciles, and attached garages or other structures that may be directly accessed from any ingress or egress of a residence.
- (70) “Responsible referral and support” means supporting the personal needs, growth, and wellbeing of others, particularly those going through temporal crises such as houselessness, illness or marginalization.
- (71) “Safe” means a fireproof metal cabinet with a mechanical or electronic combination lock that is capable of storing psilocybin products and weighs at least 375 pounds.
- (72) “Scope of practice” means practice boundaries related to psilocybin facilitation and avoiding the unlicensed practice of other disciplines including but not limited to medicine or psychotherapy.
- (73) “Secondary school” means a learning institution containing any combination of grades 9 through 12 and includes junior high schools that have 9th grade.
- (74) “Service center” means a premises licensed under ORS 475A.305.
- (75) “Severe adverse reaction” means an adverse behavioral or medical reaction that requires a client to be transported to a hospital.
- (76) “Stabilized compost” means any organic material that has undergone the process to further reduce pathogens and has reached a stage of reduced biological activity as indicated by a lower temperature and a rate of respiration below that of active compost.
- (77) “Sublet” means to sublease or otherwise allow a person who is not a licensee representative to exercise privileges that require a manufacturer, service center, facilitator or laboratory license on the licensed premises. Sublet does not include a facilitator providing psilocybin services at a service center.
- (78) “Synchronous learning” means that students learn from their instructor at the same time as their fellow students.
- (79) “Television” means a system for transmitting visual images and sound that are reproduced on screens, and includes broadcast, cable, on-demand, satellite, or internet programming. Television includes any video programming downloaded or streamed via the internet.
- (80) “These rules” means OAR 333-333-1010 through 333-333-8250.
- (81) “Tincture” means a liquid containing psilocybin that consists of either:
 - (a) A non-potable solution of at least 25 percent non-denatured alcohol, that is exempt from the Liquor Control Act under ORS 471.035; or
 - (b) A non-potable solution comprised of glycerin, plant-based oil, syrup and other ingredients.
- (82) “Training, Licensing and Compliance System” means the online training, license and compliance portal maintained by the Authority to receive applications, communicate with applicants, licensees, permittees and training programs, and track compliance actions.

(83) “Training program” means a program that has been approved to offer training to psilocybin facilitators as described in ORS 475A.380.

(84) “Training program applicant” means a program that has applied to offer training to psilocybin facilitators as described in ORS 475A.380.

(85) “Unique identification number” means a unique number generated by the product tracking system for the purpose of tracking psilocybin products within the product tracking system.

(86) “Whole fungi” means dried fruiting bodies of *Psilocybe cubensis*, or portions thereof, that have not been homogenized.

(87) “Wood chips” mean substrates consisting primarily of wood products that have not been composted.

(88) “Worker permit” means a permit required by ORS 475A.480.

(89) “303 client data” means information that OAR 333-333-4900 requires service centers to collect from clients, store and maintain.

(90) “303 service center data” means information that OAR 333-333-4910(3) and (4) require service centers to compile, aggregate, compute and report to the Authority.

333-333-2010

Psilocybin Production

(1) A manufacturer is prohibited from:

- (a) Using manure in cultivation or production of psilocybin products.
- (b) Using wood chips as a growing medium in cultivation or production of psilocybin products.
- (c) Producing psilocybin by using genetically modified organisms such as bacteria.
- (d) Producing psilocybin by chemical synthesis.

(2) Manufacturers who produce their own compost in cultivation must comply with the following requirements:

(a) Compost shall not exceed the maximum acceptable pathogen concentrations described in subsection (2)(b) of this rule. Compost that contains any pathogens in amounts that exceed these pathogen reduction requirements shall be designated for additional processing, disposal, or other use as approved by local or state agencies having appropriate jurisdiction.

(b) Manufacturers that produce their own compost shall ensure that:

(A) The density of fecal coliform in compost, that is or has at one time been active compost, shall be less than 1,000 Most Probable Number per gram of total solids (dry weight basis), and the density of *Salmonella* sp. bacteria in compost shall be less than three Most Probable Number per four grams of total solids (dry weight basis).

(B) If using a vessel composting process, active compost is maintained at a temperature of 55 degrees Celsius or higher for a pathogen reduction period of three days.

(C) If using a windrow composting process, active compost is maintained under aerobic conditions at a temperature of 55 degrees Celsius higher for a pathogen reduction period of 15 days or longer.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

During the period when the compost is maintained at 55 degrees Celsius or higher, there shall be a minimum of five turnings of the windrow.

(D) If using an aerated static pile composting process, all active compost is covered with 6 to 12 inches thickness of insulating material, and the active compost shall be maintained at a temperature of 55 degrees Celsius or higher for a pathogen reduction period of three days.

(c) Manufacturers that utilize a windrow composting process or an aerated static pile composting process shall monitor as follows to ensure that the standards in subsection (2)(b) of this rule are met:

(A) Each day during the pathogen reduction period, at least one temperature reading shall be taken per every 150 feet of windrow, or fraction thereof, or for every 200 cubic yards of active compost, or fraction thereof.

(B) Temperature measurements for pathogen reduction are measured as follows:

(i) Windrow composting processes and agitated bays shall be monitored 12 to 24 inches below the pile surface.

(ii) Aerated static pile composting processes shall be monitored 12 to 18 inches from the point where the insulation cover meets the active compost.

(d) Alternative methods of compliance to meet the pathogen reduction requirements of this section may be approved by the Oregon Health Authority (Authority) if the Authority determines that the alternative method will provide equivalent pathogen reduction.

General Manufacturer Requirements

(1) A manufacturer must:

(a) Use equipment, counters and surfaces for post-harvest processing that are food-grade and do not react adversely with any solvent being used.

(b) Construct and maintain floors, walls, ceilings, counters and surface areas in a manner that reduces the potential development of microbials, molds and unintended fungi.

(c) Maintain the licensed premise in a manner that is free from conditions which may result in contamination of psilocybin products and that is suitable for safe and sanitary operations.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(d) Store all psilocybin products in a locked area when not in use, including psilocybin products that require refrigeration.

(e) Associate every process lot and harvest lot with a unique identification number and enter this information into the product tracking system.

(2) A manufacturer may not produce, transfer or sell a psilocybin product that appeals to minors, including but not limited to:

(a) Products that are modeled after non-psilocybin products primarily consumed by and marketed to children; or

(b) Products in the shape of an animal, vehicle, person or character.

Manufacturer Endorsements

(1) A manufacturer may only produce and sell psilocybin products if the manufacturer has received an endorsement from the Oregon Health Authority (Authority) for that type of product. Endorsement types are:

(a) Fungi cultivation;

(b) Psilocybin extraction; and

(c) Edible psilocybin production.

(2) An applicant for a manufacturer license must request an endorsement upon submission of an initial application but may also request to add or remove an endorsement at any time following licensure.

(3) To apply for an endorsement, an applicant or licensee must submit a form prescribed by the Authority that identifies the proposed endorsement.

(4) Only one application and license fee are required regardless of how many endorsements an applicant or licensee requests or when the request is made.

(5) An individual manufacturer may hold multiple endorsements.

(6) The Authority may deny a manufacturer's request for an endorsement or revoke an existing endorsement if the manufacturer cannot or does not meet the requirements of these rules. If the Authority denies or revokes approval, the manufacturer has a right to a hearing under ORS chapter 183.

Adulterants

- (1) A licensee may not add to psilocybin products, substrates, growing medium or client packaging any chemical, drug, plant, or substance that has the effect of altering potency, intoxicating effect, duration of effect, toxicity or potential for excessive use, including but not limited to monoamine oxidase inhibitors (MAOI's), beverage alcohol or cannabis.
- (2) A licensee may not produce, store or transfer adulterated psilocybin products.
- (3) A psilocybin product that contains an adulterant is considered adulterated
- (4) In addition to section (3) of this rule, a psilocybin product may be considered adulterated if:
 - (a) It bears or contains any poisonous or deleterious substance in a quantity rendering the psilocybin product a risk to human health;
 - (b) It bears or contains any added poisonous or deleterious substance exceeding a safe tolerance if such tolerance has been established;
 - (c) It consists in whole or in part of any unsanitary, putrid, or decomposed substance, or is otherwise unfit for human consumption;
 - (d) It is processed, prepared, packaged or held under improper time-temperature conditions or under conditions increasing the probability of contamination with excessive microorganisms or physical contaminants;
 - (e) It is processed, prepared, packaged, or held under unsanitary conditions increasing the probability of contamination or cross-contamination;
 - (f) It is held or packaged in containers composed, in whole or in part of any poisonous or deleterious substance rendering the contents potentially injurious to health;
 - (g) Any substance has been substituted wholly or in part;
 - (h) Damage or inferiority has been concealed in any manner; or
 - (i) Any substance has been added, mixed or packaged to make it appear better or of greater value than it is.
- (5) Except for extraction allowed under these rules, a licensee may not utilize any manufacturing process that alters potency, intoxicating effect, duration of effect, toxicity or potential for excessive use.
- (6) Psilocybin products that are intended for product development and will not be made available for consumption must be labeled in bold, capital letters, no smaller than 12-point font, "NOT FOR CONSUMPTION" and may be stored in states that are unfit for human consumption.

Psilocybin Extract Manufacturing Requirements

- (1) A manufacturer with a psilocybin extraction endorsement may use only water, vegetable glycerin, acetic acid, ethanol and methanol as solvents in extraction. All other solvents are prohibited.
- (2) A manufacturer with a psilocybin extraction endorsement may not use extraction processes intended to manipulate the ratio of any analyte or to manipulate the ratio of compound relative to another analyte or compound present in the fungi used in extraction.
- (3) A manufacturer with a psilocybin extraction endorsement may not remove psilocybin analyte from psilocybin extracts. This section does not prevent diluting extracts with inactive ingredients.
- (4) A manufacturer with a psilocybin extraction endorsement may not use denatured alcohol.
- (5) A manufacturer with a psilocybin extraction endorsement may not apply pressure or heat over 140 degrees Fahrenheit when using the solvents ethanol or methanol to manufacture psilocybin extracts.
- (6) If using methanol or ethanol, a manufacturer must process psilocybin extracts in a room with equipment, including all electrical installations that meet the requirements of the Oregon Structural Specialty Code, related Oregon Specialty Codes and the Oregon Fire Code.
- (7) The manufacturer's licensed premises must be licensed by the Oregon Department of Agriculture as a food establishment and must comply with applicable provisions of OAR chapter 603, division 21, division 24, division 25 and division 28.

333-333-2070

Psilocybin Extract Manufacturing Safety Procedures

- (1) A manufacturer with an extraction endorsement must:
 - (a) Work in an environment with proper ventilation, controlling all sources of ignition where flammable vapors may be present;
 - (b) Use only potable water in processing;
 - (c) Have an emergency eye-wash station, rinse kit and emergency shower in any room in which solvents other than water are used; and
 - (d) Make appropriate personal protective equipment available to employees.
- (2) A manufacturer with a psilocybin extraction endorsement must create and maintain a comprehensive training program that includes the hazards presented by all solvents used at the licensed premises as described in the material safety data sheet for each solvent.

333-333-3010

Psilocybin Training Program Curriculum Approval Process

(1) A training program applicant must submit the following to the Oregon Health Authority (Authority) to be considered for curriculum approval to train psilocybin facilitators:

(a) A completed application package, including a description of the proposed curriculum that shows the applicant meets the requirements of OAR 333-333-3050, OAR 333-333-3060, OAR 333-333-3070 and OAR 333-333-3090; and

(b) A US\$500 non-refundable application evaluation fee paid in the form and manner specified by the Authority.

(2) Following receipt of the items described in section (1) of this rule, the Authority will notify a training program applicant whether its application is complete or incomplete.

(a) If an application is incomplete, the training program applicant will have 90 days from the date the notice is issued to submit a complete application. If the training program applicant does not complete their application within 90 days, the Authority will refuse to process the application. If the Authority refuses to process an application, the applicant may submit a new application, including a non-refundable application evaluation fee, for the program to be considered for approval.

(b) If an application is complete, the Authority will evaluate the training program application to determine if the curriculum meets the standards in OAR 333-333-3005 to OAR 333-333-3090.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(3) The Authority will notify a training program applicant in writing if its complete application for curriculum approval is approved or denied. If the application is approved, the approval is effective on the date of notice. The Authority may not retroactively approve or pre-approve training program applications.

(4) For training programs that received curriculum approval prior to December 31, 2023, a training program must no later than June 1, 2024, provide documentation that:

(a) The program has applied for any approvals required from the Higher Education Coordinating Commission in accordance with applicable law governing the type of school or institution and paid any required application fees; or

(b) The program has requested a determination from the Higher Education Coordinating Commission that approval is not required in accordance with applicable law governing the type of school or institution.

(5) For training programs who receive curriculum approval after December 31, 2023, a training program must within 180 calendar days of receiving curriculum approval, provide documentation to the Authority that:

(a) The program has applied for any approvals required from the Higher Education Coordinating Commission in accordance with applicable law governing the type of school or institution and paid any required application fees; or

(b) The program has requested a determination from the Higher Education Coordinating Commission that approval is not required in accordance with applicable law governing the type of school or institution.

(6) The Authority may deny a training program application for curriculum approval or revoke or suspend approval of a previously approved training program curriculum if:

(a) The training program or training program application does not meet the requirements of OAR 333-333-3005 to OAR 333-333-3090; or

(b) The program instructors, staff or representatives have made false or misleading statements to the Authority, students or the public.

(c) For training programs that received curriculum approval prior to December 31, 2023, a training program fails to comply with requirements of section (4) this rule.

(d) For training programs that received curriculum approval after December 31, 2023, a training program fails to comply with requirements of section (5) this rule.

(e) The Higher Education Coordinating Commission denies a training program's application for any approvals required in accordance with applicable law governing the type of school or institution.

(f) A training program fails to maintain its approval status with Higher Education Coordinating Commission in accordance with applicable law governing the type of school or institution.

(7) If the Authority denies an application or suspends or revokes a curriculum approval, the Authority will provide notice of the denial, suspension or revocation and the training program has a right to a hearing under ORS chapter 183.

(8) Training program curriculum approval has a term of five years from the date of initial approval. If the requirements of OAR 333-333-3005 to OAR 333-333-3090 change substantively during the term, the Authority may require training programs to resubmit an application for approval.

Psilocybin Training Instructor Qualifications and Program Performance

- (1) In order for curriculum to be approved, a training program must demonstrate that each instructor and person who trains instructors at a training program has sufficient experience, knowledge, skills and ability to competently train students in their assigned subject matter.
- (2) Sufficient experience, knowledge, skills and ability can be demonstrated via education, certifications, professional experience, personal narratives and references.
- (3) Training programs shall treat personal narratives and references as confidential unless an instructor has consented to their publication.
- (4) Each instructor at a training program must:
 - (a) Understand the objectives of the training program and be able to communicate effectively with students; and
 - (b) Demonstrate skill in instruction and student supervision.
- (5) Training programs must notify the Oregon Health Authority (Authority) of any material changes to the curriculum listed in their application that affect the requirements of OAR 333-333-3005 to OAR 333-333-3090 in a form and manner prescribed by the Authority. A training program must use its previously approved curriculum until its request has been accepted.
- (6) Training programs must notify the Authority of any changes of instructors, lead educators, program director, registered agent or responsible party identified in the application in a form and manner prescribed by the Authority.

Psilocybin Training Curriculum Reapproval

- (1) A training program that wishes for its curriculum to be reapproved upon expiration of its initial approval term must submit a completed reapproval application, including proof that the program has received and continues to hold any approvals required from the Higher Education Coordinating Commission in accordance with applicable law governing the type of school or institution and a non-refundable US\$500 reapproval fee.
- (2) The Oregon Health Authority (Authority) must receive the reapproval application and fee at least 30 days prior to the date that the training program's approval is set to expire.
- (3) If a training program files a reapproval application and fee at least 30 days prior to the date that the training program's approval is set to expire, the training program's curriculum approval remains valid while the Authority considers their reapproval application. A training program must use its previously approved curriculum until the reapproval application is approved.
- (4) If a training program does not file a reapproval application and fee at least 30 days prior to the date that the training program's approval is set to expire, the training program's curriculum approval will expire, and the training program must submit a new application.
- (5) If the Authority approves reapproval, the reapproval is valid for five years.
- (6) The Authority may deny the application for reapproval if:
 - (a) The training program has not complied with these rules; or
 - (b) The training program instructors, staff or representatives have made false or misleading statements to the Authority, students or the public.

 - (A) Ethical considerations relating to equity, privilege, bias and power;
 - (B) Awareness of increased vulnerability associated with altered states of consciousness;
 - (C) Appropriate use of touch and client consent to physical contact;
 - (D) Appropriate emotional and sexual boundaries between facilitators and clients both during provision of psilocybin services and at other times, potential harm to clients and consequences for facilitators of breaching those boundaries;
 - (E) Historical and contemporary abuse of power associated with psychedelics, including sexual, emotional and physical abuse, and implications for facilitators;
 - (F) Financial conflicts of interest and duties to clients; and
 - (G) Reasonable expectations regarding client outcomes.
 - (d) Accurate record keeping and client confidentiality.
 - (e) Awareness of new research related to safety and ethics of providing psilocybin services and resources for professional development following program completion.
 - (f) Appropriate measures to mitigate risks associated with psilocybin services, including harm reduction, de-escalation, and conflict resolution.
- (4) "Psilocybin Pharmacology, Neuroscience, and Clinical Research" module shall include:
- (a) Pharmacodynamics and pharmacokinetics of psilocybin;
 - (b) Drug and supplement interaction;
 - (c) The metabolism of psilocybin and psilocybin products including concentration of psilocybin and psilocin in available psilocybin products;
 - (d) The primary effects and mechanisms of action of psilocybin on the brain, including connectivity in the brain and activation of serotonin receptors;
 - (e) Key areas of psilocybin research; and
 - (f) Models of substance use, addiction, and recovery.
- (5) "Core Facilitation Skills" module shall include the following subjects and their application during preparation, administration, and integration sessions:

Psilocybin Facilitator Practicum Requirements

(1) Programs shall require students to complete practicum training that provides an opportunity to observe the facilitation of non-ordinary states of consciousness.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

- (2) If a practicum site is available, practicum training shall include placement at a practicum site where students can observe psilocybin services under the supervision of a practicum site supervisor.
- (3) Any licensed Service Center can function as practicum site. If a training program uses a Service Center as a practicum site to satisfy the requirements of this rule, the training program shall notify the Oregon Health Authority (Authority) in a form and manner prescribed by the Authority.
- (4) A practicum site must obtain written client consent prior to allowing a client to be observed by practicum students and prior to sharing any client information with practicum students or a training program.
- (5) The practicum site supervisor is responsible for developing students' practicum skills and evaluating students' practicum performance, related to psilocybin services.
- (6) If a practicum site is not reasonably available or accessible to students, a training program may identify alternative practicum in its application for approval that reasonably approximates training at a practicum site. For alternative practicum, the lead educator or program director is responsible for developing students' alternative practicum skills and evaluating students' alternative practicum performance, focusing on services with clients.
- (7) Alternative practicum may include but is not limited to observation of taped facilitation sessions that were recorded with participants' consent, participating in psychedelic peer support organization, role playing, and experience with altered states of consciousness that are not drug-induced, for example breath work, meditation or spiritual journeys.
- (8) Students shall complete a minimum of 40 hours of practicum training, including at least 30 hours of direct practice in which students directly observe clients receiving psilocybin services or directly participate in alternative practicum activity as described in section (7), and at least 10 hours of consultation relating to the student's direct practice
- (9) All practicum training, including direct practice, consultation and alternative practicum, must be conducted in person.

Training Program Completion and Exams

(1) Training programs shall maintain a level of training for students such that students who successfully complete the program's training could reasonably expect to possess the knowledge and skills required to practice as a facilitator.

(2) Training programs must administer a comprehensive skills-based exam and each student must receive a passing score, established by the training program, as a condition of completing the training program.

(3) The exam required by section (2) of this rule is in addition to the exam required by ORS 475A.330.

(4) A lead educator or program director must ensure completion of core curriculum, practicum and comprehensive skills exam and must endorse each student as qualified to provide psilocybin services as a condition of completing the training program.

(5) Training programs shall provide every student written confirmation of program completion, including the endorsement described in section (4) of this rule, signed by a lead educator or program director upon the student's successful completion of the program, that includes:

(a) Student's full legal name;

(b) Date of completion; and

(c) Approved training program name and training program number issued by the Oregon Health Authority.

Application Process

- (1) Applications must be submitted to the Oregon Health Authority (Authority) in the form and manner prescribed by the Authority.
- (2) The application fee specified in OAR 333-333-4060(1) must be submitted at the time of application in the form and manner prescribed by the Authority.
- (3) An application must include the following:
 - (a) The names and required information for all individuals and legal entities who are applicants as required by OAR 333-333-4030.
 - (b) Any forms and information required by the Authority to evaluate the license application.
 - (c) A social equity plan as required by OAR 333-333-4020.
 - (d) Until January 1, 2025, proof of residency if required by OAR 333-333-4050.
 - (e) For manufacturer, service center and laboratory license applicants, a map and diagram of the proposed license premises, including the boundaries of the licensed premises relative to its location, identification of any unlicensed areas within the building where the licensed premises is located including suite numbers if applicable, identification of any residence or other unlicensed structures located on the same tax lot as the premises proposed to be licensed, a scaled floor plan identifying all points of ingress and egress, camera locations, limited access areas, client administration areas and areas where psilocybin products will be stored within the licensed premises as required by OAR 333-333-4510. The Authority may request additional documents or information related to the proposed licensed premises, including but not limited to photographs of the premises.
 - (f) If the applicant for a manufacturer license is not the owner of the real property proposed to be licensed, a written statement signed by the property owner that shows that the owner consents to manufacturing of psilocybin products on the property. This requirement must be satisfied by using the designated form published by the Authority on its website.
 - (g) For service center applicants, a service center emergency plan as described in OAR 333-333-4460.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

- (h) For service center applicants whose proposed licensed premises includes outdoor administration areas, a detailed description of the outdoor administration areas including their location and verification that the area is free from hazards as required by OAR 333-333-5210.
- (i) For service center and manufacturer applicants, a statement that every individual person and legal entity who holds a financial interest in the entity proposed to be licensed complies with the requirements of ORS 475A.280.
- (j) For facilitator applicants, documentation that the applicant has completed training at a training program with curriculum that has been approved by the Authority and that meets the requirements of OAR 333-333-3005 to OAR 333-333-3090.
- (k) For facilitator applicants, documentation that the applicant has passed the exam required by ORS 475A.325.
- (l) For laboratory applicants, documentation that the applicant has received accreditation as described in ORS 475A.606.
- (4) In addition to submitting an application form and the items described in section (3) of this rule, the Authority may require:
 - (a) Information or fingerprints required to perform a criminal background check in accordance with OAR 333-333-4100.
 - (b) Any additional information that is reasonably required to determine the merits of the license application.
- (5) The Authority must review an application to determine if it is complete. An application may be considered incomplete if the form is not complete, the application or license fee has not been paid, or additional information or documentation required under this rule has not been submitted, included but not limited to:
 - (a) Documentation that an applicant for a facilitator license has completed the training required by ORS 475A.325.
 - (b) Documentation that an applicant for a facilitator license has passed the exam required by ORS 475A.325.
 - (c) Results of required criminal background checks completed pursuant to OAR 333-333-4100.
 - (d) A land use compatibility statement from the city or county that authorizes land use in the city or county where the premises of a manufacturer or service center proposed to be licensed is located.
 - (e) Other required forms and documents identified in the training, licensing and compliance system.
- (6) The Authority will notify an applicant in writing if their application is determined to be incomplete. The applicant will have 90 days from the date the notice is issued to submit a complete application. If the applicant does not complete their application within 90 days, the Authority will close the application. If the Authority closes an application, the applicant may submit a new application, including a non-refundable application fee, at any time.
- (7) An applicant may submit a written request for reconsideration of an application that is closed as incomplete. Such a request must be received by the Authority within 10 calendar days of the date the closure notice was mailed to the applicant. The Authority will notify the applicant of the results of their request following receipt of the request for reconsideration.

- (e) Any conviction for any misdemeanor or felony committed by an individual listed as an applicant or licensee.
- (f) Any arrest for conduct that occurred on the licensed premises.
- (g) Any theft of psilocybin products or cash from the licensed premises.
- (2) If after receipt of information required under subsection (1)(a) of this rule the Authority determines that the addition of an individual or legal entity applicant could result in an initial or renewal application denial under OAR 333-333-4130 or serve as the basis of a license suspension or revocation, the Authority:
 - (a) Will notify the licensee of its determination.
 - (b) Will give the licensee 30 calendar days to take actions to ensure the individual or entity does not qualify as an applicant and provide documentation to the Authority that demonstrates such actions have been taken.
 - (c) May propose license suspension or revocation under OAR 333-333-4130 if the licensee does not comply with subsection (b) of this section.
- (3) If applicable, the licensee must pay the change fee specified in OAR 333-333-4060 prior to making changes to their licensed premises or approved licensees that require inspections or additional applicants.
- (4) A licensee who wishes to change the location of the licensed premises must submit a change of location request including required forms and documents and the license application fee specified in OAR 333-333-4060(1).
 - (a) A licensee that submits a change of location request is not required to pay an additional annual license fee.
 - (b) A change of location request submitted under this rule must be submitted in a form and manner prescribed by the Authority and must include:
 - (A) For changes to manufacturer or service center license location, a land use compatibility statement from the city or county that authorizes land use in the city or county where the new licensed premises will be located.
 - (B) For manufacturer, service center and laboratory license applicants, a map or diagram of the new location's licensed premises including the boundaries of the licensed premises relative to its location, identification of any residence or other structures located on the same tax lot as the premises proposed to be licensed that will not be included in the licensed premises, and a scaled floor plan identifying all limited access areas and client administration areas. The Authority may request additional documents or information related to the new locations, including but not limited to photographs of the premises to be licensed.
 - (C) For a manufacturer license, if the licensee is not the owner of the real property where the new location will be located, a written statement on a form prescribed by the Authority and signed by the property owner that shows that the owner consents to manufacturing of psilocybin products on the property. The form will be published by the Authority on its website.
- (5) The Authority may require a licensee to submit a new application including all required forms and documents and the fee specified in OAR 333-333-4060 for a change in ownership structure that is 51 percent or greater. For the purposes of this rule, a change is considered to be 51 percent or

License Renewal

(1) Renewal Applications:

(a) A renewal application must include documents, and information required by the Oregon Health Authority (Authority) to be complete.

(b) For facilitator applicants, a renewal application must include documentation that the applicant has completed training at a training program with curriculum that has been approved by the Authority and that meets the requirements of OAR 333-333-3005 to OAR 333-333-3090.

(c) A renewal application will be considered timely if a complete renewal application is received by the Authority at least 60 calendar days before the date the license expires. Applications received less than 60 days before the date the license expires will be considered untimely.

(d) A licensee who submits a complete timely renewal application may continue to operate after the stated license expiration date, pending a decision by the Authority on the renewal application.

(e) A licensee who submits an untimely or incomplete renewal application or who does not submit a renewal application must cease engaging in the licensed activity when the license expires.

(f) A person who, while not actively licensed, engages in any activity that would require a license may be subject to administrative and criminal sanctions regardless of their prior licensure status.

(2) The Authority may require a licensee with a pending renewal application to submit forms, documents and information described in OAR 333-333-4000 in order to complete an evaluation of a renewal application. Failure to submit forms, documents or information requested by the Authority under this section within a time period prescribed by the Authority may result in the renewal application being considered incomplete.

(3) If upon review of an application the Authority determines the renewal application meets all licensing requirements, the Authority will notify the applicant in writing that the renewal application is pending approval and will request license fee payment.

(4) If an applicant for any license type fails to pay the license renewal fee within 30 calendar days of the notice described in section (3) of this rule, the renewal application will be considered incomplete.

(5) The Authority will not renew the license until it has confirmed that payment of the license renewal fee has cleared and processing the renewal application is complete. When the license is renewed, the Authority will notify the applicant and provide the applicant updated proof of licensure that includes a unique license number, the licensee name(s), the operational name, the effective date of the license, and address of the licensed premises.

Standards for Authority to Operate a Licensed Business as a Trustee, a Receiver, a Personal Representative, or a Secured Party

(1) The Authority may issue a temporary certificate of authority to operate a licensed entity to a trustee, the receiver of an insolvent or bankrupt licensee, the personal representative of a deceased licensee, or a person holding a security interest in the licensed entity for a reasonable period of time to allow orderly disposition of the licensed entity.

(a) The trustee, receiver or personal representative must provide the Authority with the following information:

(A) Proof that the person is the legal trustee, receiver or personal representative for the legal entity; and

(B) A written request for a certificate of authority to operate as a trustee, receiver or personal representative of the licensee, listing the address and telephone number of the trustee, receiver or personal representative.

(b) The secured party must provide the Authority with the following information:

(A) Proof of a security interest in the licensed entity;

(B) Proof of the licensee's default on the secured debt;

(C) Proof of legal access to the real property; and

(D) A written request for authority to operate as a secured party listing the secured party's address and telephone number.

(2) The Authority may revoke or refuse to issue or extend a certificate of authority for the trustee, receiver, personal representative, or secured party to operate:

(a) If the trustee, receiver, personal representative or secured party does not propose to exercise licensed privileges immediately or does not begin exercising licensed privileges immediately upon receiving the temporary certificate of authority;

(b) For any of the reasons that the Authority may revoke or refuse to issue or renew a license;

(c) If the trustee, receiver, personal representative or secured party operates in violation of ORS 475A, or these rules; or

(d) If a reasonable time for disposition of the legal entity has elapsed.

(3) No person or entity described in section (1) of this rule may operate the licensed entity until a certificate of authority has been issued under this rule, except that the personal representative of a deceased licensee may operate the licensed entity for up to 10 days after the death provided that the personal representative submits the information required in subsection (1)(a) of this rule and obtains a certificate of authority within that time period.

(4) A certificate of authority under this rule is initially issued for a 60-day period and may be extended as reasonably necessary to allow for the disposition of the licensed entity.

Client Administration Areas

(1) Client administration areas must be designed to create an appropriate and comfortable setting for experiencing the effects of consuming psilocybin products. Client administration areas must offer clients comfortable options for sitting or reclining during administration session. Indoor client administration areas must be temperature controlled and adequately lit to allow for safe exit if necessary.

(2) Client administration areas must be free of conditions that could pose a risk to clients experiencing the effects of consuming psilocybin products.

(3) Indoor client administration areas must be constructed and used in a manner that effectively maintains confidentiality for clients participating in an administration session.

(4) During an administration session, only clients and facilitators may access a client administration area unless each client receiving services in that area has given prior written consent for other individuals to be present during their administration session. Licensees must take reasonable steps to prevent access to client administration areas by unauthorized individuals while administration sessions are taking place. The requirements of this section do not apply to service center licensee representatives who are present to deliver psilocybin products to clients to be consumed during an administration session or otherwise assist with operations subject to the requirements of OAR 333-333-5200.

(5) A client may leave a client administration area briefly during an administration session for reasons including accessing a restroom, moving to a separate client administration area or retrieving personal belongings. A client who leaves a client administration area under this section,

Client Bill of Rights

(1) A service center must post the following “Client Bill of Rights” in a prominent location within the licensed premises and must provide every client with a copy during their preparation session:

“Clients receiving psilocybin services in Oregon have the following rights:

To be treated with dignity and respect while receiving psilocybin services.

To receive competent and equitable care consistent with values, policies, and practices that ensure all people, especially those who have been historically marginalized based on race, ethnicity, religion, language, disability, age, gender, gender identity, sexual orientation, social class, intersections among these communities or identities, or other socially determined circumstances are considered in the development of social pathways to health equity.

To be free from physical, sexual, psychological, and financial abuse before, during, and after receiving psilocybin services.

To make decisions without coercion or undue influence. To be informed of the known benefits and risks associated with psilocybin services.

To refuse psilocybin services prior to beginning an administration session.

To privacy and confidentiality regarding participation in psilocybin services.

To refuse to release any information to third parties, except as required by law. Information may be required to be released by law when a client initiates a complaint, when communications reveal an intent to cause harm to others or disclose that a minor may have been a victim of abuse, or when responding to an investigation by the Oregon Health Authority.

To full disclosure of any facilitator conflicts of interest.

To a full and accurate explanation of the costs associated with receiving psilocybin services before receiving those services.

To store personal belongings securely while receiving psilocybin services.

To access their client records after providing reasonable notice to a facilitator or service center and to correct information that is inaccurate.

To request a private space in which to receive psilocybin services.

To be monitored and supported by a licensed facilitator for the duration of psilocybin services until it is safe for the client to leave the service center.

To receive psilocybin services from a licensed facilitator for the duration of those services, except in cases of emergency.

To access service centers and psilocybin services that are welcoming and accessible to people with disabilities.

To have access to a clean, single occupancy restroom for the duration of psilocybin services.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

To discuss this Bill of Rights with licensed facilitators and service center operators without facing discrimination or retaliation.

To report violations of this Bill of Rights to the Oregon Health Authority, or other appropriate governing body, without facing discrimination or retaliation.

To withdraw or alter my consent to receive psilocybin services at any time prior to beginning an administration session.

To withdraw or alter my consent to release information.

To receive services in a manner that considers my individual conditions, sensitivities and health concerns.

To be fully informed of a service center's policies on possession of firearms and other weapons on the licensed premises.

To make complaints to the Oregon Health Authority regarding psilocybin products and services.

To receive prior notice of any service center licensee representatives who may be present in the client administration area to assist with operations.

To choose their facilitator and request an opportunity to receive psilocybin services from an alternate facilitator. Facilitators and service centers may decline services to a client for any reason."

(2) The text of the Client Bill of Rights may not be altered and must be printed in an easily legible font.

(3) A facilitator or service center must provide the Client Bill of Rights in other languages or accessible formats upon a client's request.

(1) Except as provided in OAR 333-333 4620(3), a service center, manufacturer or laboratory licensee must house the recording equipment in a designated, locked, and secured room or other enclosure within the licensed premises with access limited to:

- (a) The licensee, licensee representatives, and authorized personnel.
- (b) Employees of the Oregon Health Authority (Authority).
- (c) Service personnel or contractors.

(2) A service center, manufacturer or laboratory licensee must keep a current list of all authorized employees and service personnel who have access to the video recording system and room on the licensed premises.

(3) Service center, manufacturer or laboratory licensees must keep a video recording equipment maintenance activity log on the licensed premises to record all service activity including the identity of any individual performing the service, the service date and time and the reason for service to the video recording system.

(4) Service center, manufacturer or laboratory licensees must keep a video recording equipment outage log on the licensed premises to record all camera outages lasting more than 30 minutes. The log must identify the cameras affected and record time and duration of the outage.

(5) Off-site monitoring of the licensed premises by a licensee or an independent third-party is authorized if standards exercised at the remote location meet or exceed all standards for on-site monitoring.

Duty to Contact Emergency Services

(1) Facilitators and service center licensee representatives are required to make reasonable efforts to resolve any activity or conditions on the licensed premises that endangers the safety of any person present on the premises.

(2) If activity or conditions on the licensed premises that endanger the safety of any person present on the premises persist following the reasonable efforts required by section (1) of this rule, facilitators and service center licensee representatives must immediately contact appropriate emergency services.

(3) If licensee is unable to contact emergency services while the activity is taking place, they must contact emergency services as soon as it is possible to do so.

(4) Facilitators and service center licensee representatives must contact emergency medical services, by calling 911, when any person on the licensed premises requires emergency medical care due to an immediate or potential life threat.

(5) In addition to the requirements of sections (1), (2), (3) and (4) of this rule, licensees must notify the Authority in writing in a form and manner prescribed by the authority within 48 hours of contacting emergency services.

Client Confidentiality

(1) A service center or facilitator may not disclose any information that may be used to identify a client, or disclose any communication made by a client related to psilocybin services or selling psilocybin products to a client, except with a client's consent or otherwise as allowed by ORS 475A.450. Service centers may allow facilitators to access records related to services a facilitator provided to clients at the service center without the client's consent. A licensed facilitator may only access client records for clients to whom they have provided preparation, administration, or integration sessions. A licensed facilitator may not access the client records of any other client unless the client has provided prior written consent and the facilitator accesses the records for the purpose of providing services to the client.

(2) A service center or facilitator must have a completed client consent form to disclose identifiable client information that contains the following:

- (a) A specific description of the client's identifiable information to be used or disclosed.
- (b) The name or specific identification of the person(s) or class of person(s) the client's information will be disclosed to.
- (c) The specific purpose for which the information will be used or disclosed.
- (d) The date and signature of the client.
- (e) An expiration date when the consent to use or disclose is withdrawn.

(3) A service center or facilitator must use the client written consent form provided by the Oregon Health Authority (Authority) to meet the requirements of section (2) of this rule. The consent form is available on the Authority's website.

(4) If a client consents to disclose their identifiable client information the client consent form described in section (2) of this rule must be completed at least 24 hours prior to the client's administration session or at least 72 hours after the conclusion of the client's administration session. If a client chooses to withdraw their consent form described in section (2), they may do so by providing written notice to the service center or facilitator in a form and manner prescribed by the Authority.

(5) A service center or facilitator must provide a client with a disclosure form during or prior to a preparation session if the facilitator or service center intends to share de-identified data related to the client's receipt of psilocybin product or services.

(a) The disclosure form must contain:

- (A) The name of the person or organization that will receive de-identified data.
- (B) The specific purpose for which the de-identified data will be used or disclosed.
- (C) The date the form was provided to the client and client signature acknowledging receipt.
- (D) An option that allows the client to opt out of having their de-identified data disclosed to third parties.

(b) The disclosure form is not required when reporting required data to the Authority pursuant to OAR 333-333-4910 and may not be used for clients to request that their data be withheld from the Authority as described in OAR 333-333-4900(4).

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(6) A service center or facilitator must use the disclosure form provided by the Authority to meet the requirements of section (5) of this rule. The disclosure form is available on the Authority's website.

(7) If a client chooses to withdraw their disclosure form described in section (5), they may do so by providing written notice to the service center or facilitator in a form and manner prescribed by the Authority.

(8) Service centers and facilitators may not alter client records after the completion of preparation, administration or integration sessions. Service centers and facilitators may create an addendum to existing records.

Record Retention

(1) Licensees shall store, maintain and destroy records, including client records, in a manner that prevents unauthorized access, protects client confidentiality and prevents alteration of client records.

(a) All client records and copies of client records, including records created by facilitators, must be stored at the service center where the client participates or intends to participate in an administration session.

(b) Service centers may store electronic records on cloud-based platforms that use security measures to effectively prevent unauthorized access and protect client confidentiality. Electronic records must be accessible at the licensed premises. Electronic records stored pursuant to this subsection are considered to be stored at the service center.

(2) Unless otherwise specified in these rules, licensees must retain required records for a period of five years. For example, licensees must retain security video required by OAR 333-333-4650 for a period of 30 calendar days.

(3) Service centers must allow current and former clients to access and examine their own client records and request an addendum to those records. Following the retention period described in section (2) of this rule a service center must destroy client records upon the client's request.

(4) Service centers must allow facilitators who will provide or have provided psilocybin services at the service center to access and examine client records related to those services. Facilitators may not access the records of other clients without the client's prior written consent and may not alter the records.

(5) Licensee representatives of a service center may not access client records, without the client's prior written consent, unless doing so is necessary to support operations of the service center where the client has received or will receive psilocybin services.

(6) If a service center license is revoked, surrendered or expired the Oregon Health Authority may address in an order the manner and condition under which client records held by the licensee must be maintained, destroyed or transferred to other licensees.

Financial and Business Records

In addition to any other recordkeeping requirements in these rules, a licensee must have and maintain records that clearly reflect all financial transactions and the financial condition of the licensed entity. The following records may be kept in either paper or electronic form in a manner that prevents unauthorized access and protects confidential employment records. Records required by this rule must be maintained for a five-year period and must be made available for inspection if requested by the Authority:

- (1) Purchase invoices and supporting documents for items and services purchased for use in the production, processing, research, testing and sale of psilocybin products that include from whom the items were purchased and the date of purchase.
- (2) Bank statements for any accounts associated with the licensed entity.
- (3) Accounting and tax records associated with the licensed entity.
- (4) Documentation of all financial transactions related to the licensed entity, including contracts and agreements for services performed or received that relate to the licensed entity.
- (5) All employee records, including training.
- (6) Information relating to the structure and ownership of the entity, including:
 - (a) A list of all individuals and legal entities identified as applicants.
 - (b) For each legal entity identified as an applicant, complete information about the ownership structure of that legal entity.
 - (c) A list of all individuals and legal entities who are entitled to receive a portion of revenue, proceeds, or profits from the licensed entity.

Collection and Maintenance of 303 Client Data

- (1) On and after January 1, 2025, service centers must collect 303 client data in a manner prescribed by the Oregon Health Authority (Authority), consistent with OAR chapter 950, division 30, by using the form published by the Authority on its website prior to beginning an administration session for every client who will participate in an administration session at the licensed premises.
- (2) Service centers must store, maintain and destroy 303 client data, in a manner that prevents unauthorized access and protects client confidentiality.
- (3) 303 client data may only be accessed by licensee representatives of a service center and only for the purposes of aggregating and reporting the data to the Authority as required by OAR 333-333-4910.
- (4) Prior to beginning an administration session, every client must provide written confirmation, in a form and manner prescribed by the Authority, that the client has had an opportunity to request that

303 client data related to their receipt of psilocybin services be withheld from data submitted to the Authority.

(5) A service center must collect 303 client data by using the form described in section (1) from every client, even if a client requests their information be withheld from data submitted to the Authority.

(1) Beginning March 31, 2025, all data required to be submitted under this rule must be submitted in a form and manner prescribed by the Oregon Health Authority (Authority) on a quarterly basis no later than 15 days after the last day of the quarter. The last days of each quarter are March 31, June 30, September 30 and December 31 of every calendar year.

(2) A service center must aggregate and submit the following aggregated 303 client data that pertains to the previous quarter for clients who participated in an administration session at the licensed premises, except for clients who have requested that their data be withheld from being submitted to the Authority:

(a) The race, ethnicity, preferred spoken and written languages, disability status, sexual orientation, gender identity, income, age and if applicable the county of residence.

(b) The reasons, or reasons, for which clients requested psilocybin services.

(3) A service center must aggregate and submit the following aggregated 303 service center data that pertains to the previous quarter for psilocybin services provided at the licensed premises.

(a) The number of clients served by participating in an administration session.

(b) The number of individual administration sessions provided.

(c) The number of group administration sessions provided.

(d) The number of individuals to whom the psilocybin service center denied psilocybin services by declining to allow the individual to participate in an administration session and the reasons for which psilocybin services were denied.

(4) A service center must compute and submit the following averaged 303 service center data that pertains to the previous quarter for psilocybin services provided at the licensed premises.

(a) The average number of times per client that a client participated in an administration session.

(b) The average number of clients participating in each group administration session.

(c) The average dose of psilocybin per client per administration session measured in milligrams of psilocybin analyte.

(5) A service center must compile records of adverse reactions required by OAR 333-333-5100(1)(g) and aggregate and submit the following aggregated data that pertains to the previous quarter:

(a) The number of severe adverse behavioral reactions experienced by clients who participated in an administration session at the licensed premises.

(b) The number of adverse behavioral reactions experienced by clients who participated in an administration session at the licensed premises.

Preparation Session Requirements

(1) A facilitator must complete a preparation session with every client who will participate in an administration session at least 24 hours but no more than 90 days prior to the commencement of the client's first administration session with the facilitator. All required forms and prior written consent described in this rule must be signed and completed prior to a client participating in an administration session. If different facilitators will conduct a client's preparation session, administration session or integration session, the client must provide written consent as described in subsection (8)(g) of this rule. A client must have an opportunity to approve and meet any facilitator who will provide psilocybin services prior to receiving services from that facilitator. Any facilitator who was not present for a client's preparation session must review the forms and documents required by this rule before providing psilocybin services to a client.

(2) Preparation sessions required under this rule must be conducted privately with each individual client to allow clients to share personal information.

(3) For every client who will participate in an administration session, a facilitator must receive a completed client information form as described in OAR 333-333-5050.

(4) On or after January 1, 2025, for every client who will participate in an administration session, a service center must receive written confirmation, in a form and manner prescribed by the Oregon Health Authority (Authority), that the client has had an opportunity to request that 303 data related to their receipt of psilocybin services be withheld from data submitted to the Authority.

(5) For every client who will participate in an administration session, a facilitator must complete a transportation plan as described in OAR 333-333-5150 in coordination with the client. The

transportation plan may not approve a client to operate a motor vehicle, bicycle, or other form of self-operated transportation following the administration session.

(6) For every client who will participate in an administration session, a facilitator must coordinate with the client to complete a safety and support plan as described in OAR 333-333-5080.

(7) A facilitator must review each of the following documents with a client during a preparation session:

(a) Informed consent document as described in OAR 333-333-5040.

(b) Client Bill of Rights as described in OAR 333-333-4520.

(c) Product information document as described in OAR 333-333-2410 for any products that may be consumed during an administration session, except as provided in OAR 333-333-2410(2).

(d) Documentation of the fees charged for provision of psilocybin services prepared in coordination with the service center. This documentation must indicate whether fees for services will be paid to the service center or directly to the facilitator. This documentation must describe applicable refund policies for psilocybin services and any additional fees, including but not limited to cancellation fees, that could be charged to the client. Documentation required by this subsection must be provided to a client prior to collecting any money from the client for psilocybin services.

(e) Documentation of the price charged for sale of psilocybin products prepared in coordination with the service center. This documentation must list product prices separately from taxes as required by OAR 333-333-5180. Documentation required by this subsection must be provided to a client prior to collecting any money from a client for psilocybin products.

(f) Applicable sections of the service center emergency plan required by OAR 333-333-4460.

(g) The service center's policy on possession of firearms and weapons required by OAR 333-333-4480(4).

(8) In addition to the documents required by sections (3), (4), (5), (6) and (7) of this rule, a facilitator must obtain prior written consent from a client for the following activities and circumstances:

(a) Participation in a group administration session, including the opportunity to meet other clients and facilitators participating in the group session as described in OAR 333-333-5020.

(b) Use of supportive touch during an administration session, if any, as described in OAR 333-333-5120(7).

(c) Participation in a training practicum, including information regarding training program students and instructors who will be present during the client's administration session. The client must have an opportunity to meet any students or instructors who will be present during their administration session prior to the commencement of an administration session.

(d) Video or audio recording of an administration session pursuant to requirements of OAR 333-333-4640.

(e) Presence of an interpreter or client support person allowed by OAR 333-333-5070, in the administration area during an administration session.

(f) Sharing of identifiable client data as described in OAR 333-333-4810(2).

(g) The use of different facilitators to conduct a client's preparation, administration sessions or integration session.

(h) Consuming secondary doses of psilocybin products after the administration session has begun, including the maximum amount of psilocybin analyte that a client has agreed to consume, not to exceed 50 mg of psilocybin analyte.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

- (i) Participating in an administration session where licensee representatives of a service center will be present pursuant to OAR 333-333-5200(9).
- (j) Disclosure form for de-identified client data required by OAR 333-333-4810(5).
- (9) If a facilitator or service center intends to share de-identified data related to the client's receipt of psilocybin product or services, a facilitator or service center must provide a disclosure form required by OAR 333-333-4810(5) during the client's preparation session.
- (10) During a preparation session, facilitators must provide clients an opportunity to discuss internal and external factors that could impact a psilocybin experience including but not limited to the client's intention and expectations. If the client will participate in an outdoor administration session, the facilitator must provide an opportunity to discuss the client's specific concerns that may be relevant to participating in an outdoor administration session, including but not limited to allergies and sensitivity to sun exposure.
- (11) Preparation sessions may be completed in person or virtually using video conferencing technology.
- (12) The requirements of this rule may be satisfied by conducting multiple preparation sessions.
- (13) A facilitator must complete an initial preparation session with every client before conducting an administration session with that client for the first time. After a client completes an initial preparation session at a service center, the client is not required to complete additional preparation sessions prior to participating in an administration session at the same service center for a period of 12 months.
- (14) If a facilitator does not complete additional preparation sessions as allowed by section (13) of this rule, the facilitator must confirm that the information contained in the client's previously completed client information form remains accurate prior to conducting an administration session. If the previously completed client information form is no longer accurate on the date of the client's proposed administration session, a facilitator must conduct an additional preparation session to complete an updated client information prior to conducting administration sessions.
- (15) A facilitator must discuss the process for verification of license status and process for making complaints to the Authority during a preparation session.
- (16) The documents described in sections (7), (8) and (9) of this rule must be provided to a client prior to a preparation session upon the client's request.
- (17) All client records, including any copies of client records, described by this rule must be stored at the service center where the client participates or intends to participate in an administration session as required by OAR 333-333-4820.
- (18) If different facilitators will conduct preparation and administration sessions, the facilitator conducting the administration session must receive and review all forms and documents required to be completed during a preparation session prior to beginning the administration session.
- (19) Except for practicum site supervisors, lead educators and students participating in a practicum with the client's prior written consent, only the client, and any facilitators and client support persons who will be present during the client's administration session may be present during a preparation session.

Group Preparation Sessions

(1) In addition to the requirements of OAR 333-333-5000 clients who will participate in a group session must be informed of additional considerations for participating in group administration sessions including:

(a) Safety considerations related to adverse reactions from other clients in the group, appropriate boundaries, using a consent model when interacting with other clients and appropriate touch between clients as described in OAR 333-333-5230(5).

(b) Considerations for groups participating in outdoor administration sessions including an understanding that outdoor groups may be required to stay outdoors regardless of individual client preference.

(2) Clients who will participate in a group administration session must have the opportunity to meet and interact with other clients and any interpreters or client support persons who will participate in the group administration session prior to the session commencing.

(3) Clients who will participate in a group administration session must have an opportunity to meet every facilitator who will participate in the group administration session prior to the session commencing.

(4) The requirements of sections (2) and (3) of this rule may be satisfied at any time prior to commencement of the group administration session, including the day of the administration session. Clients must have the opportunity to reschedule their administration session with alternate groups or facilitators after the meetings described in sections (2) and (3) of this rule.

Informed Consent

(1) A facilitator or service center must provide every client a copy of the following informed consent document during the client's preparation session or prior to the preparation session upon a client's request:

Introduction:

In the State of Oregon, psilocybin services include a preparation session, administration session, and integration session. You should receive this informed consent form prior to or during your preparation session. During the preparation session, your facilitator will review and discuss this form with you. Please make sure you read and understand every section because you must sign the form before the administration session begins. If you do not understand any part of this document, please ask your facilitator for clarification before signing.

I have been informed of and understand the following:

(Please initial each item below)

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

1. ____ *I have reviewed the Psilocybin Services Client Bill of Rights, my facilitator has explained it to me, and I understand my rights as a client.*
2. ____ *I understand that psilocybin services do not require medical diagnosis or referral and that psilocybin services are not a medical or clinical treatment.*
3. ____ *I understand that psilocybin has not been approved by the Food and Drug Administration and the federal government currently classifies psilocybin as a Schedule I controlled substance under the Controlled Substances Act.*
 - a. *Federal law prohibits the manufacture, distribution, and possession of psilocybin even in cities and states that have adopted laws to allow its possession or use.*
 - b. *Despite its federal Schedule I status, research suggests that psilocybin is very unlikely to be addictive. Additionally, research and other information suggests that psilocybin may improve symptoms of depression, anxiety, end of life distress, various forms of trauma, and problematic substance use.*
4. ____ *I understand that the risks, benefits, and drug interactions of psilocybin are not fully understood, and individual results may vary.*
5. ____ *I understand that some people have found psilocybin administration sessions to be challenging or uncomfortable. Common potential side effects include nausea, mild headache, fatigue, anxiety, confusion, increased blood pressure, elevated heart rate, paranoia, perceptual changes, altered thought patterns, reduced inhibitions, recovery of repressed memories and past traumas, and altered perception of time and one's surroundings. If they occur, these side effects are usually mild and temporary. Because the potential risks and benefits of psilocybin administration are not fully understood, there may be unanticipated side effects.*
6. ____ *I understand that if I am taking prescription medications or have a medical condition or mental health condition, I should consider consulting with a medical or clinical provider before participating in an administration session.*
7. ____ *I understand that psilocybin is derived from fungi. If I have a known mushroom allergy, I should consult with a medical or clinical provider before participating in an administration session.*
8. ____ *I understand that the risks of consuming psilocybin while pregnant or feeding with breast milk are unknown.*
9. ____ *I understand that facilitators may not use touch while providing psilocybin services without my prior written consent. My facilitator and I have discussed acceptable types of supportive touch and the requirement to provide prior written consent prior to the start of my administration session.*
10. ____ *I understand that facilitators may be mandatory reporters of abuse. If my facilitator is a mandatory reporter, they have shared this information with me and explained their legal obligations to report abuse.*
11. ____ *I understand that facilitators have a duty to report misconduct that harms or endangers a client to the Oregon Health Authority. If the misconduct presents an immediate risk to health and safety, facilitators have a duty to contact emergency services.*
12. ____ *I agree to follow my agreed upon transportation plan. I understand that a facilitator may contact emergency services if failure to follow my transportation plan presents a risk to my safety or the safety of others.*
13. ____ *I understand that consuming psilocybin is completely voluntary and I may decide not to consume psilocybin at any time.*

14. ___ I understand that I have the right to update my client information form prior to beginning an administration session and I have the right to receive a copy of my client information form upon request.

15. ___ I understand that if de-identified data collected by facilitators and service centers is shared with people and institutions outside of the facilitator or psilocybin service center, I must be provided with a disclosure form that describes who will receive the data and how it will be used, and that I have the opportunity to opt-out of having my de-identified data provided to third parties .

16. ___ I understand data that may be used to identify me as a client will only be shared to the extent permitted or required by law. Specifically, ORS 475A.450 allows disclosure in the following circumstances:

(1) When the client or a person authorized to act on behalf of the client gives consent to the disclosure;

(2) When the client initiates legal action or makes a complaint against the psilocybin service center operator, the psilocybin service facilitator, or the employee;

(3) When the communication reveals the intent to commit a crime harmful to the client or others;

(4) When the communication reveals that a minor may have been a victim of a crime or physical, sexual or emotional abuse or neglect; or

(5) When responding to an inquiry by the Oregon Health Authority made during the course of an investigation into the conduct of the psilocybin service center operator, the psilocybin service facilitator, or the employee under ORS 475A.210 to 475A.722.

17. ___ I understand that my facilitator may take short restroom breaks during my administration session.

18. ___ I understand that for my own safety, leaving a psilocybin service center during an administration session once it has begun is strongly discouraged. Doing so could lead to safety and legal risks.

19. ___ I understand and have been informed of the potential benefits, risks, and complications of psilocybin services with my facilitator to the extent that they are known.

20. ___ My facilitator has shared locations of client restrooms and protocols for use of restrooms during an administration session.

21. ___ My facilitator has shared information regarding verification of license status and process for making complaints to the Oregon Health Authority.

22. ___ I have had the opportunity to ask questions regarding anything I may not understand or that I believe should be made clear.

23. ___ If participating in a group administration session, I understand that I will be experiencing the effects of psilocybin in the presence of other clients who are also experiencing the effects of psilocybin and may be reacting to the experience in a different manner.

24. ___ I understand that activation times for psilocybin products are variable and cannot be accurately predicted.

25. ___ I acknowledge that the risks and benefits of consuming doses greater than 35 mg of psilocybin analyte are unknown.

26. ___ If consuming whole fungi during an administration session, I understand that psilocybin content can vary between individual fruiting bodies.

27. ___ I understand that the risks and benefits of repeated psilocybin use are unknown.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

28. ____ I understand that a facilitator has a duty to call emergency services if required and a client assumes responsibility for costs of emergency services.

29. ____ I understand that I will be required to identify an emergency contact and a facilitator or service center may contact this person in the event of a medical or other emergency.

30. ____ I understand that I may be charged a cancellation fee if I cancel a scheduled preparation, administration or integration session.

31. ____ I understand that I have the right to choose my facilitator and if a facilitator has supervisory, evaluative, or other authority over me, I will be provided an opportunity to receive psilocybin services from another facilitator.

32. ____ I understand that service center licensee representatives may be present during my administration session to assist licensed facilitators with operations.

(2) A facilitator must review the contents of the informed consent form with each client and receive a signed copy of each client's informed consent document prior to beginning an administration session.

(3) A facilitator or service center must provide the informed consent document in other languages or accessible formats upon a client's request. If a facilitator or service center is unable to provide a translated or accessible document upon a client's request, they may not conduct an administration session with the client.

(4) Informed consent documents may be delivered electronically as long as the facilitator receives a signed informed consent document, in either paper or electronic format, prior to beginning an administration session.

(5) All client records, including any copies of client records, described by this rule must be stored at the service center where the client participates or intends to participate in an administration session as required by OAR 333-333-4820.

Client Information Form

(1) A client must review and complete a client information form in coordination with a facilitator prior to participating in an administration session. This requirement must be satisfied by using the designated form published by the Oregon Health Authority (Authority) on its website.

(2) A facilitator must provide a client information form in other languages or accessible formats upon a client's request. If a facilitator is unable to provide a translated or accessible client information form upon a client's request, they may not conduct an administration session with the client.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(3) The client information form must include the following questions, and a client must answer each question by indicating “yes” or “no”:

- (a) Have you taken the prescription drug Lithium in the last 30 days?
- (b) Are you currently being treated by a medical, clinical or other healthcare provider for a medical, mental health, or behavioral health condition?
- (c) Have you ever had an allergic reaction to consuming mushrooms or other fungi?
- (d) Are you currently taking any medications that might need to be consumed during an administration session?
- (e) Will you require assistance from an interpreter during an administration session?
- (f) Will you require assistance from a client support person for catheter, ostomy, or toileting assistance, ambulation or transfer mobility support, or medical device assistance during the administration session?
- (g) Will you require assistance from a client support person for augmentative and alternative communication (AAC) device support or assistive listening device support during the administration session?
- (h) Are you having thoughts of causing harm, or wanting to cause harm, to self or others?
- (i) Do you have a history of causing harm, or wanting to cause harm, to self or others?
- (j) Have you ever been diagnosed with active psychosis or treated for active psychosis?
- (k) Are you pregnant or feeding with breast milk?
- (l) Do you require any assistive mobility devices?
- (m) Will you require assistance to consume psilocybin products?
- (n) Would you like to share any other conditions, sensitivities or health concerns with your facilitator?

(4) The client information form must include the following questions, and a client may provide a narrative answer to these questions.

- (a) Would you like to share anything about your medical history, including current medications, that you feel would be helpful for an administration session?
- (b) Would you like to share anything about your mental health history, including traumatic experiences that you feel would be helpful for an administration session?
- (c) Would you like to share anything about specific behaviors, internal or external stimuli (“triggers”) that could cause you to be uncomfortable during an administration session?
- (d) Would you like to share anything about your history of substance use, including current substance use, that you feel would be helpful for an administration session?
- (e) Would you like to share any past experiences with psychedelics or altered states of consciousness?
- (f) Would you like to share any information about your relationships, your living situation, or your educational or work environment that may be affected by your administration session or may require additional safety or support planning?

(5) A facilitator must evaluate the answers to questions listed in section (3) of this rule to determine whether the client should participate in an administration session.

- (a) If a client answers yes to question (3)(a), the client may not participate in an administration session.
- (b) If a client answers yes to question (3)(b), a facilitator shall encourage the client to consult a medical, clinical or other healthcare provider regarding the risk of consuming psilocybin.

(c) If a client answers yes to question (3)(c), the client should be encouraged to consume an alternative psilocybin product rather than whole fungi or homogenized fungi during the administration session.

(d) If a client answers yes to question (3)(d), a facilitator should encourage the client to schedule their administration session at a time that allows them to participate without taking medication. A facilitator should also encourage the client to consult with a pharmacist or medical, clinical or other healthcare provider regarding contraindications. If the client will take medication during an administration session, the client and facilitator must work together to identify whether the client will be able to administer the medication themselves. If the client is unable to administer the medication themselves, the client must identify a client support person who will be available to administer the medication when required.

(e) If a client answers yes to question (3)(e), the client and facilitator must work together to identify an appropriate interpreter who will be present in person or virtually during the client's administration session.

(f) If a client answers yes to question (3)(f), the client and facilitator must work together to create a written assistance and medical device plan.

(A) If the client requires a medical device, the plan must describe the required medical device and indicate whether the client will be able to use the medical device without assistance. If the client is unable to use the medical device without assistance, the plan must identify a client support person who will be available to assist the client with their medical device when required.

(B) If the client requires assistance with catheter, ostomy, or toileting assistance, ambulation or transfer mobility support, the plan must identify the type of assistance required and a client support person who will be available to assist the client.

(g) If a client answers yes to question (3)(g), the client and facilitator must work together to identify an appropriate client support person who will be present during the client's administration session to assist with the client's alternative communication device support or assistive listening device support during the administration session.

(h) If a client answers yes to question (3)(h), the client may not participate in an administration session.

(i) If a client answers yes to question (3)(i), a facilitator shall encourage the client to consult with a medical or clinical provider regarding the risk of consuming psilocybin.

(j) If a client answers yes to question (3)(j), the client may not participate in an administration session.

(k) If a client answers yes to question (3)(k), the facilitator must inform the client that the risks of consuming psilocybin while pregnant or feeding with breast milk are unknown.

(l) If a client answers yes to question (3)(l), the client and facilitator must work together to create a written plan that describes how the client will safely exit the service center in the event that an emergency occurs during their administration session.

(m) If a client answers yes to question (3)(m), the client and facilitator must work together to identify an appropriate client support person who will be present to assist the client with consuming psilocybin products during their administration session.

(n) If a client answers yes to question (3)(n), the client and facilitator must work with the client to create a written plan that describes how the facilitator will take reasonable steps to accommodate the conditions, sensitivities or health concerns identified by the client. For example, if a client has a

compromised immune system, the written plan will describe efforts to prevent the transmission of viruses and bacteria.

(6) All client records, including any copies of client records, described by this rule must be stored at the service center where the client participates or intends to participate in an administration session as required by OAR 333-333-4820.

Interpreters and Client Support Persons

(1) If an interpreter or client support person will be present during receipt of psilocybin services, a client and facilitator must meet with the interpreter or client support person prior to beginning the administration session.

(2) During the meeting required by section (1) of this rule a client and facilitator must work together with the interpreter or client support person to complete a written support person plan using the form published by the Oregon Health Authority (Authority) that contains the following information:

(a) The name of the interpreter or client support person who will attend the session.

(b) The specific purpose for which the interpreter or client support person will be present, including but not limited to identifying any medications or medical devices that the client will utilize during administration session.

(c) Whether the interpreter or client support person will be present for the duration of an administration session or whether they will be available as needed.

(d) A signed statement that the interpreter or client support person agrees to the following conditions:

(A) Interpreters and client support persons will be present for the specific purposes described in their support person plan and shall not interfere or otherwise participate in the administration session.

(B) Interpreters and client support persons, facilitators and service centers shall not share or disclose any information regarding clients' participation in psilocybin services.

(3) Client support persons shall perform only those activities identified in the written support person plan described in section (2) of this rule.

(4) Client support persons are prohibited from touching clients except as required to perform activities identified in the written support person plan described in section (2) of this rule.

(5) During the meeting required by section (1) of this rule a facilitator must provide a copy of the Client Bill of Rights and allow the interpreter or client support person an opportunity to ask questions.

(6) All client records, including any copies of client records, described by this rule must be stored at the service center where the client participates or intends to participate in an administration session as required by OAR 333-333-4820.

Facilitator and Service Center Record Keeping and Confidentiality

(1) A facilitator shall create the following records for every client to whom they provide psilocybin services. These records must be shared with the service center and stored at the service center where the client received services as required by OAR 333-333-4820:

(a) Completed information form described in OAR 333-333-5050.

(b) Completed informed consent document described in OAR 333-333-5040.

(c) Transportation plan described in OAR 333-333-5150.

(d) The date, start time and end time, for every preparation, administration and integration session.

(e) The psilocybin products, including unique identification number, consumed by each client, including the amount of product consumed and whether it was consumed in a single dose or multiple doses.

(f) Any deviation from the client's transportation plan.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(g) Any adverse behavioral reactions or adverse medical reactions, including a record of severe adverse reactions.

(2) If applicable and as required by these rules, a facilitator shall create the following records, and these records must be stored at the service center where the client received services as required by OAR 333-333-4820:

(a) Consent for any applicable circumstances described in OAR 333-333-5000(7).

(b) Support person plans as required by OAR 333-333-5070.

(c) Safety and support plans as described in OAR 333-333-5080.

(3) Records required by this rule must be provided to the client upon request pursuant to OAR 333-333-4820(3).

(4) Records required by this rule must identify the client receiving services.

(5) Facilitators and service centers shall not share or disclose any records required by this rule unless permitted or required to do so by ORS 475A.450 or these rules.

Facilitator Conduct

(1) Facilitators have a duty to put clients' interest above their own and to use a standard of care that other reasonable facilitators would use under similar circumstances.

(2) A facilitator shall not make any misrepresentations to clients regarding psilocybin products or services, the requirements of ORS 475A.210 to 475A.722 and these rules, or the facilitator's qualifications and experience.

(3) A facilitator must use a nondirective facilitation approach to providing psilocybin services to clients during preparation, administration and integration sessions.

(4) A facilitator shall utilize their training to distinguish between typical side effects of consuming psilocybin and medical emergencies. In the event of a medical emergency, a facilitator must contact emergency responders or other appropriate medical professionals immediately.

(5) A facilitator shall determine whether they are able to provide psilocybin services to a client. If a facilitator determines that they are unable to provide services to a client for any reason, the facilitator may refer the client to another facilitator.

(6) If a facilitator has supervisory, evaluative, or other authority over a client, the facilitator shall provide the client an opportunity to receive psilocybin services from another facilitator.

(7) Facilitators may provide supportive touch during administration sessions when requested by the client and with the client's prior written consent.

(a) Supportive touch is limited to hugs or placing hands on a client's hands, feet or shoulders. A facilitator shall not use any other forms of touch, nor permit another person to use any other form of touch during an administration session.

(b) Clients participating in a group administration session may provide prior written consent to authorize supportive touch from other clients participating in the administration session.

Supportive touch is limited to hugs or placing hands on a client's hands, feet or shoulders.

(8) A facilitator shall not assist a client with any of the activities required to be performed by a client support person pursuant to OAR 333-333-5070.

(9) A facilitator shall not engage in any romantic relationship, sexual contact, or sexual intimacy with a client during the provision of psilocybin services including preparatory, administration, and integration sessions.

(10) A facilitator shall not engage in any romantic relationships, sexual contact, or sexual intimacy with clients, or clients' partners or immediate family members, for a period of one year following the last date that the facilitator provided psilocybin services to the client.

(11) A facilitator may not engage in any financial transactions with clients or the client's partners or immediate family members that violate a facilitator's duty to place client's interests above their own as required by section (1) of this rule.

(12) If a facilitator is a mandatory reporter of abuse under Oregon law, the facilitator must disclose their status and obligations to a client at the beginning of the client's first preparation session.

(13) The requirements of this rule apply to all facilitators, regardless of whether facilitator is also a licensee representative of a service center.

Facilitator Scope of Practice

(1) A facilitator shall not engage in any conduct that requires additional professional licensure while providing psilocybin services to clients, including but not limited to diagnosing and treating physical or mental health conditions.

(2) A facilitator is prohibited from transferring, selling or otherwise handling any psilocybin product while they are facilitating a preparation, administration or integration session, regardless of whether the facilitator is also a licensee representative of a service center.

(3) If a facilitator holds a professional license in another field, the facilitator shall not exercise the privileges of that license while providing psilocybin services to clients.

Transportation Plans

(1) A facilitator must create and record a transportation plan for every client that receives psilocybin services.

(2) Transportation plans must be signed by the client and describe how the client will access safe transportation away from the service center at the conclusion of an administration session.

(3) Transportation plans shall advise a client not to operate a motor vehicle directly following an administration session. Facilitators shall make reasonable efforts to prevent clients from operating a motor vehicle at the conclusion of an administration session. If a client's failure to follow their transportation plan creates a danger to the client's safety or the safety of others, a facilitator must make reasonable efforts to resolve the safety issue.

(4) If facilitators are unable to resolve safety issues caused by clients failure to follow their transportation plan after making reasonable efforts required by section (3) of this rule, facilitators must contact appropriate emergency services.

(5) If a client is unable to follow their transportation plan, a facilitator must make reasonable efforts to arrange for alternative transportation.

(6) A facilitator must document in writing and retain documentation for all instances in which a client does not follow their transportation plan.

(7) All client records, including any copies of client records, described by this rule must be stored at the service center where the client participates or intends to participate in an administration session as required by OAR 333-333-4820.

Sale and Transfer of Psilocybin Products to Clients

- (1) Psilocybin products may only be sold and transferred to clients by licensee representatives of a service center. Licensee representatives of a service center may only sell and transfer products to clients consistent with dosage, product type and method of consumption determined by a facilitator and client during the client's preparation session.
- (2) Payment for psilocybin products must be received prior to beginning an administration session. If purchased psilocybin products are not transferred to a client, a service center must provide a refund for the purchase price.
- (3) A licensee representative of a service center must transfer psilocybin products to clients within a designated administration area and clients must consume psilocybin products following transfer.
- (4) A licensee representative of a service center must transfer psilocybin products to clients in sealed client packaging. Facilitators who are also licensee representatives of a service center are prohibited from transferring products to clients while acting as a licensed facilitator.
- (5) A licensee representative of a service center must ensure that a client consumes psilocybin products promptly after psilocybin products are transferred to the client.
- (6) A licensee representative of a service center must observe a client consume any psilocybin products transferred to that client and dispose of packaging waste appropriately. Any portion of a product that is not consumed must be returned to a licensee representative and must be destroyed at the conclusion of the client's administration session. If a client is unable to open or consume a psilocybin product without assistance, they may identify a client support person to assist them subject to the requirements of OAR 333-333-5050(5)(m) and OAR 333-333-5070.
- (7) Facilitators are prohibited from transferring, preparing or otherwise handling psilocybin products, unless the facilitator is also a licensee representative of a service center.
- (8) Facilitators are prohibited from transferring, selling or otherwise handling any psilocybin product while they are facilitating a preparation, administration or integration session, regardless of whether the facilitator is also a licensee representative of a service center.
- (9) Clients may mix psilocybin products with packaged food or packaged beverages prior to consuming, as long as the packaged food or packaged beverage was unopened prior to mixing. Potable water is not required to be packaged.
- (10) Licensees shall not permit clients to mix psilocybin products with any items other than packaged food and beverages, including but not limited to:
 - (a) Homemade food and beverage items.
 - (b) Dietary and nutritional supplements, including herbal supplements and products derived from cannabis.
 - (c) Prescription and non-prescription drugs.
 - (d) Any intoxicant.

Collection of Taxes

- (1) A service center must collect from clients, at the point of sale, the tax imposed on psilocybin products under ORS 475A.662 and ORS 475A.666.
- (2) A service center must hold the tax described in section (1) of this rule in trust for the State of Oregon and remit the tax to the Oregon Department of Revenue in accordance with Department of Revenue rules.
- (3) A service center must separately state the cost of psilocybin products and the tax owed on any invoice or receipt provided to clients.
- (4) A service center may not collect a tax on psilocybin products except for the tax imposed on psilocybin products under ORS 475A.662 and ORS 475A.666.
- (5) A service center may not collect a tax on the cost for psilocybin services.
- (6) Notwithstanding section (1) of this rule, a service center may collect a deposit from a client prior to an administration session for the costs of psilocybin products to be consumed during the administration session, including a projected tax amount. The operator must hold the deposit in trust on behalf of the client until completion of the administration session.

Administration Session Requirements

- (1) Administration sessions must be conducted by a facilitator and may only take place within a service center's designated administration area.
- (2) The requirements of OAR 333-333-5000 and OAR 333-333-5020, if applicable, must be satisfied prior to any client participating in an administration session in an administration area.
- (3) A facilitator must always be present during administration sessions and shall continuously monitor any client participating in the administration session. Continuous monitoring means that a facilitator must maintain visual and audio contact with clients and monitor clients for signs of physical or emotional distress. Video monitoring or other equipment may not be used to satisfy the requirement to continuously monitor clients.
- (4) The requirements of section (3) of this rule do not apply to client restroom breaks.
- (5) A facilitator may take restroom breaks of approximately five minutes or less during an administration session if the facilitator remains on the licensed premises and a service center licensee representative is available to monitor clients.
- (6) In addition to a facilitator conducting the administration session, at least one licensee representative of a service center license must be present on the licensed premises at all times when an administration session is taking place at a service center. The licensee representative required by this rule may take restroom breaks of approximately five minutes or less during an administration session as long as they remain on the licensed premises and adequate measures to prevent unauthorized access to the licensed premises are in place as required by OAR 333-333-4550. Licensee representatives may traverse through client administration areas to access restrooms as long as they do not interfere with client administration sessions. If the licensee

representative required by this rule holds a facilitator licensee, they are prohibited from transferring, selling or otherwise handling any psilocybin product while they are facilitating a preparation, administration or integration session.

(7) Facilitators must ensure that a back-up facilitator is available to assist in case of unforeseen circumstances that prevent the primary facilitator from completing the session. Back up facilitators must be able to reach the licensed premises within a reasonable period of time.

(8) Except for individuals described in OAR 333-333-5070 and service centers acting as practicum sites, only clients, facilitators and licensee representatives of a service center may be present during an administration session.

(9) Licensee representatives of a service center who are present during an administration session:

(a) May not provide psilocybin services.

(b) May only be present to assist with operations and shall not interfere or otherwise participate in the administration session.

(c) May not share or disclose any information regarding clients' participation in psilocybin services without the client's prior written consent.

(10) If licensee representatives of a service center are scheduled to be present during an administration session, every client participating in the administration session must receive notice of the names of the licensee representatives and have an opportunity to meet the licensee representatives who may be present prior to the administrative session beginning.

(11) A service center may not host administrative sessions for more than 100 clients at any given time regardless of whether the clients are participating in separate individual or group administration sessions.

Outdoor Administration Sessions

(1) Facilitators may conduct outdoor administration sessions within designated outdoor administration areas at a service center.

(2) Outdoor administration areas must be free of falling hazards, drowning hazards and any other conditions that could pose a safety risk to clients.

(3) The boundaries of an outdoor administration area must be clearly marked with visible signage or barriers.

(4) Administration sessions may not be conducted outdoors if weather or air quality conditions present a risk to the health and safety of clients.

(5) Service centers with designated outdoor administration areas must also have an indoor administration area available for use if weather or air quality conditions present a risk to the health and safety of clients.

333-333-5230

Group Administration Sessions

- (1) Group administration sessions may be conducted pursuant to the requirements of OAR 333-333-5020 and this rule.
- (2) Client to Facilitator Ratio. The minimum facilitator to client ratio depends on the amount of psilocybin product clients participating in the group administration session will individually consume, including any secondary doses. If the clients consume different amounts of psilocybin, the largest amount consumed will dictate the required facilitator to client ratio.
 - (a) For clients consuming up to 5 mg of psilocybin analyte, the minimum facilitator to client ratio is 1 to 25.
 - (b) For clients consuming equal or greater than 5 mg and less than 10 mg of psilocybin analyte, the minimum facilitator to client ratio is 1 to 15.
 - (c) For clients consuming equal or greater than 10 mg and less than 15 mg of psilocybin analyte, the minimum facilitator to client ratio is 1 to 8
 - (d) For clients consuming equal or greater than 15 mg and less than 25 mg of psilocybin analyte, the minimum facilitator to client ratio is 1 to 6.
 - (e) For clients consuming equal or greater than 25 mg and up to 35 mg of psilocybin analyte, the minimum facilitator to client ratio is 1 to 4
 - (f) For clients consuming equal or greater than 35 mg and up to 50 mg of psilocybin analyte, the minimum facilitator to client ratio is 1 to 2.
- (3) Group administration sessions may not exceed a total of 25 clients, or the service center's maximum occupancy for the administration area where the session takes place whichever is smaller, regardless of the number of facilitators present.
- (4) Client administration areas where group sessions take place, must provide an appropriate setting for the group sessions that:
 - (a) Provide sufficient space for clients and facilitators to participate in the session without touching or coming into close physical contact with other clients. Client administration areas where group administration sessions will take place must contain at least twenty-five square feet of area for every person who will be present during the session.
 - (b) Allows a facilitator to monitor clients as required by OAR 333-333-5200(3).
- (5) Clients participating in a group administration session are prohibited from touching one another except for supportive touch as described in OAR 333-333-5120(6). If supportive touch will be used during an administrative session, each participating client must provide prior written consent as described in OAR 333-333-5000(5)(b).
- (6) Every client participating in a group session must be provided with an opportunity to request individual support from a facilitator.
- (7) If a client becomes disruptive during a group administration session, a facilitator must make reasonable efforts to move that client to a separate area within the administration area that mitigates disruption to the other clients in the group.
- (8) Every client participating in a group administration session must be present at the beginning of the session.

Consumption Limits

(1) A service center licensee or licensee representative may not allow a client to consume more than a total of 50 mg of psilocybin analyte during an administration session. Both initial doses and secondary doses described in this rule may be transferred and consumed in multiple packages. For example, a dose consisting of 20 mg of psilocybin analyte could be transferred to a client in the form of two packages containing 10 mg of psilocybin of analyte.

(2) A service center licensee or licensee representative may permit a client to consume secondary doses of psilocybin product during an administration session as long as the total amount of psilocybin analyte contained in the products is 50 mg or less.

(3) If a client wants the option to consume secondary doses during their administration session, up to a total of 50 mg of psilocybin analyte, a service center must:

(a) Receive written consent from the client prior to the beginning of their administration session.

(b) Require the client to purchase and take possession of secondary doses prior to beginning their administration session.

(c) Require the client to store secondary doses at a designated secured location outside of a limited access area and within the service center's licensed premises.

(d) Require the client, or a client support person, to retrieve secondary doses from the designated location and consume without assistance from a licensee representative or facilitator if the client chooses to consume the secondary dose.

(e) Ensure that secondary doses remain in sealed client packaging until consumed.

(f) Require the client to return the secondary dose to the service center at the conclusion of their administration if they do not consume it during their administration session.

(4) A service center licensee or licensee representative may decline to make secondary doses available for purchase for any reason.

(5) During an administration session, a service center licensee representative, in consultation with the client's facilitator, may decline to make a secondary dose available to a client who has purchased the secondary dose pursuant to section (3) of this rule. A service center must provide clients a refund for the purchase price of any secondary dose that is not made available to clients.

(6) A service center must provide clients a refund for the purchase price of any secondary dose that is not consumed and remains in its original sealed client packaging. After providing a refund, a service center may make the product in its original sealed client packaging available for sale to other clients.

333-333-5250

Duration of Administration Session

(1) The minimum duration of an administration session shall be dependent on the total amount of psilocybin a client consumes during that session, including any secondary dose consumed.

(a) For clients consuming less than 2.5 mg of psilocybin analyte, the minimum duration of the administration session shall be one hour for the client's initial administration session at a service center. Except as described in section (2) of this rule, after completing an initial administration session at the service center, the minimum duration shall be 30 minutes when the client participates in any subsequent administration session at the same service center within a period of 12 months following the initial administration session.

(b) For clients consuming equal or greater than 2.5 mg and less than 5 mg of psilocybin analyte, the minimum duration of the administration session shall be one hour.

(c) For clients consuming equal or greater than 5 mg and less than 10 mg of psilocybin analyte, the minimum duration of the administration session shall be two hours.

(d) For clients consuming equal or greater than 10 mg and less than 25 mg of psilocybin analyte, the minimum duration of the administration session shall be four hours.

(e) For clients consuming equal or greater than 25 mg and up to 35 mg of psilocybin analyte, the minimum duration of the administration session shall be five hours.

(f) For clients consuming equal or greater than 35 mg and up to 50 mg of psilocybin analyte, the minimum duration of the administration session shall be six hours.

(2) Notwithstanding subsection (1)(a) of this rule, the minimum duration of an administration session shall be one hour for clients consuming whole fungi that contains less than 2.5 mg of psilocybin analyte.

(3) Upon or after the conclusion of the minimum duration period described in sections (1) and (2) of this rule, a facilitator, in consultation with the client, shall determine whether the administration session should be concluded. If the facilitator and client determine that continuing the administration session is not required to ensure the safety of the client and the public, the administration session may be concluded.

(4) If following the consultation described in section (3) of this rule, a facilitator determines that it is appropriate to continue the administration session beyond 11:59 PM local time, the service center where the client received services, in consultation with the facilitator, shall notify the Oregon Health Authority (Authority) in a form and manner prescribed by the Authority no later than 4:00 PM local time the next calendar day. Notices required by this section must include:

(a) Start and end time of the administration session.

(b) Amount each client consumed during the administration session, including any secondary doses.

(c) Minimum duration of the administration session required by OAR 333-333-5250.

(d) Whether the administration session was a group session or an individual session.

(e) For group sessions, the number of clients participating in the administration session.

(f) The names and worker permit numbers, if applicable, of all facilitators, licensee representatives and other authorized individuals who were present at the licensed service center after 11:59 PM.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(5) A facilitator shall record and retain the time and date that each administration session began and concluded.

(6) A facilitator shall require every client to sign a release document at the conclusion of the administration session which states that the client agrees to end their administration session and follow the terms of their transportation agreement.

(7) A facilitator shall attempt to contact every client within 72 hours of the conclusion of the administration session to offer the client information on integration sessions and other services, including but not limited to peer support groups and community resources, in support of a client's ongoing integration needs.

(b) Contain any content that can reasonably be considered to target individuals under the age of 21, including but not limited to images of minors, cartoons, toys, or similar images and items typically marketed towards minors, or references to products that are commonly associated with minors or marketed by minors.

(c) Encourage activity that is illegal under state law.

(d) Assert that psilocybin products are safe because they are regulated by the Authority or have been tested by a certified laboratory or otherwise make claims that any government agency endorses or supports psilocybin.

(e) Make claims that psilocybin products and services have curative or therapeutic effects or make other health claims that are not supported by the totality of publicly available scientific evidence (including evidence from studies conducted in a manner that is consistent with generally recognized scientific procedures and principles), and for which there is significant scientific agreement, among experts qualified by scientific training and experience to evaluate such claims.

(2) A licensee may not make any deceptive, false, or misleading assertions or statements on any informational material, any sign, or any document provided to a consumer.

Inspections

(1) The Authority may conduct:

(a) An inspection of a licensed premises at any time to ensure that a licensee or permittee is in compliance with ORS 475A.210 to 475A.722. and these rules.

(b) Compliance transactions in order to determine whether a licensee or permittee is complying with ORS 475A.210 to 475A.722.and these rules.

(2) The Authority will provide reasonable notice when inspecting a licensed premises except when unannounced inspections are necessary to ensure compliance with ORS 475A.210 to 475A.722 or these rules.

(3) A licensee, licensee representative, or permittee must cooperate with authorized Authority representative's reasonable requests during an inspection.

Suspension, Cancellation, Civil Penalties, Sanction Schedule

(1) The Authority may suspend or revoke:

(a) A license issued under ORS chapter 475A for violation of a provision of ORS chapter 475A or these rules, in accordance with section (4) of this rule.

(b) A permit issued under ORS 475A.480 for violation of a provision of ORS chapter 475A or these rules, in accordance with section (4) of this rule.

(2) Civil Penalties.

(a) The Authority may impose a civil penalty under ORS 475A.513, ORS 475A.618, or ORS 475A.654 for violation of a provision of ORS chapter 475A or these rules, in accordance with section (4) of this rule.

(b) Failure to pay a civil penalty imposed by final order of the Authority is a violation.

(3) The Authority uses the following violation categories for licensees licensed under ORS chapter 475A:

(a) Category I — Violations that pose the highest risk to public health and safety or make a licensee ineligible for a license.

(b) Category II — Violations that create a threat or substantial likelihood of a threat to public health or safety.

(c) Category III — Violations that create an increased risk to public health or safety.

(d) Category IV — Violations that are technical in nature and are inconsistent with the orderly regulation of the testing, sale or manufacture of psilocybin products and the provision of psilocybin services.

(4) Violation sanctions.

(a) The Authority may sanction a licensee or permittee in accordance with the guidelines set forth in Exhibit 1, incorporated by reference.

(b) Exhibit 1 lists the proposed sanctions for single or repeat violations that occur within a two-year period for each category described in section (3) of this rule. The Authority may allege multiple violations in a single notice and may count violations alleged in notices issued within the previous two-year period toward the total number of violations. In calculating the total number of violations, the Authority may consider a proposed violation for which the Authority has not yet issued a final order.

(c) The proposed sanctions in Exhibit 1 are guidelines. If the Authority finds one or more mitigating or aggravating circumstances, it may assess a lesser or greater sanction, up to and including

revocation. Mitigating circumstances may decrease the sanction but will not result in dismissal of the violation. The Authority may decrease or increase a sanction to prevent inequity or to take account of particular circumstances in the case.

(d) Mitigating circumstances include, but are not limited to:

(A) Making a good faith effort to prevent a violation.

(B) Extraordinary cooperation in the violation investigation demonstrating the licensee or permittee accepts responsibility.

(e) Aggravating circumstances include, but are not limited to:

(A) Receiving a prior warning about one or more compliance problems.

(B) Repeated failure to comply with laws.

(C) Efforts to conceal a violation.

(D) Intentionally committing a violation.

(E) A violation involving more than one client or employee.

(F) A violation involving unwanted or inappropriate touching of a client.

(G) A violation involving injury or death.

(H) A violation involving the transfer of psilocybin products to anyone other than a client during an administration session.

(I) A violation that resulted in a monetary benefit for the licensee or conduct that intended to create a monetary benefit for the licensee.

(J) Three or more violations within a two-year-period, regardless of the category, where the number of violations indicate a disregard for the law or failure to control the licensed premises.

(5) A licensee may not avoid the sanction for a violation or the application of the provision for successive violations by changing their corporate structure for example, by adding or dropping a partner or converting to another form of legal entity when the individuals who own, operate, or control the licensed entity are substantially similar.

Licensee Responsibility

(1) A licensee is responsible for:

(a) The violation of any of these rules and any provision of ORS 475A.210 to 475A.722.

(b) Any act or omission of a licensee representative in violation of these rules or of ORS 475A.210 to 475A.722.

(2) If a facilitator is a licensee representative of a service center, a service center shall be responsible for any violation of these rules or ORS 475A.210 to 475A.722 that occurs on the service center's licensed premises that is related to the facilitator's acts or omissions.

(3) If a facilitator is not a licensee representative of a service center, a service center shall be responsible for any violations of these rules or ORS 475A.210 to 475A.722 that is related to the facilitator's acts or omissions if:

(a) The violation occurs on the licensed premises; and

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(b) The service center fails to take reasonable steps to prevent the violation.

(4) Sections (1), (2) and (3) of this rule apply to every individual and legal entity identified as a licensee on a license issued by the Authority.

(5) Violation of any of these rules or any provision of ORS 475A.210 to 475A.722 shall be attributed to every individual and legal entity identified as a licensee on a license issued by the Authority for the purpose of considering the individual or legal entities record of compliance under 475A.250(2)(h).

Suspended Licenses: Posting of Suspension Notice Sign, Activities Allowed During Suspension

(1) Before 6:00 AM on the date a license suspension goes into effect, and until the suspension is completed, Authority staff must ensure that a suspension notice sign is posted on each outside entrance or door to the licensed premises of a service center, manufacturer or laboratory.

(2) The suspension notice sign must be posted in a way that allows any person entering the licensed premises to read it. Licensees must use the suspension notice sign provided by the Authority. The sign will state that the license has been suspended by order of the Authority. If there are multiple licenses at the location, the sign will specify which license privileges have been suspended.

(3) During the period of license suspension, the licensee is responsible for ensuring:

(a) Compliance with all applicable laws and rules.

(b) That the suspension notice sign is not removed, altered, or covered.

(4) A service center licensee or licensee representative may not allow sale, delivery to or from, or receipt of psilocybin products at the licensed premises, or provision of psilocybin services at licensed premises, during the period that the license is under suspension, except as otherwise permitted by the Authority in the order of suspension. During the period that the license is under suspension, a licensee may operate the licensed entity only in compliance with this rule.

(5) A manufacturer licensee or licensee representative may not allow sale, delivery to or from, or receipt of psilocybin products at the licensed premises, harvesting or drying of fungi, processing of psilocybin product during the period that the license is under suspension, except as otherwise permitted by the Authority in the order of suspension. During the period that a license is suspended, a licensee may operate the licensed entity only in compliance with this rule.

(6) A facilitator licensee may not provide psilocybin services during the period that the license is under suspension, except as otherwise permitted by the Authority in the order of suspension.

(7) A laboratory licensee or licensee representative may not allow delivery to or from, or receipt of psilocybin products at the licensed premises or testing of psilocybin products during the period that the license is under suspension, except as otherwise permitted by the Authority in the order of suspension. During the period that the license is under suspension, a licensee may operate the licensed entity only in compliance with this rule.

Ordering Tests

(1) A manufacturer must provide to a laboratory, prior to the laboratory taking samples, the following information:

- (a) The manufacturer's license number and endorsement type;
- (b) The manufacturer's name, address and contact information;
- (c) Type of psilocybin product;
- (d) Unique identification numbers assigned to products that will be sampled;
- (e) Total mass or volume of each batch to be sampled; and
- (f) Identification of tests requested.

(2) If the manufacturer informs a laboratory that a psilocybin product is being re-sampled after a failed test, the manufacturer must provide the laboratory with documentation of the failed test.

(3) A manufacturer is responsible for ordering the compliance tests necessary to comply with these rules.

(4) A manufacturer may not order more than one compliance test for the same harvest lot, process lot or psilocybin product except as allowed under OAR 333-333-7120.

(5) A manufacturer violates these rules if they:

- (a) Fail to provide information required in these rules to a laboratory.
- (b) Submit false or misleading information to a laboratory.

(6) Tests ordered under these rules expire after one year. If a test has expired, the psilocybin product must be tested again before it can be sold to a client, transferred to another licensee, or converted to another product type.

Speciation Testing

(1) A manufacturer must order a test for a batch taken from the first harvest lot recorded in a calendar year to ensure that the lot contains *Psilocybe cubensis*. This test must be performed prior to transferring the harvest lot to another licensee or converting the harvest lot to a psilocybin extract or edible psilocybin product.

(2) Following the test described in section (1) of this rule, a manufacturer must order tests for the first batch harvested in each calendar month that a harvest lot is recorded to ensure that the lot contains *Psilocybe cubensis*.

(3) A batch fails speciation testing if the test demonstrates that the batch does not contain *Psilocybe cubensis*.

(4) If a batch fails speciation testing, a manufacturer must order tests for every harvest lot for a period of 12 months following the failed test to ensure that batches contain *Psilocybe cubensis*. This test must be performed prior to transferring the harvest lot to another licensee or converting the harvest lot to a psilocybin extract or edible psilocybin product.

(5) In addition to the requirements of section (1) of this rule, a manufacturer must submit one or more batches from a harvest lot or process lot for speciation testing upon written request by the Oregon Health Authority.

Potency Testing

(1) A manufacturer must order tests for every batch of finished psilocybin product from a harvest lot or process lot to determine the concentration (potency) of psilocybin and psilocin in the product.

(2) A process lot of homogenized fungi, psilocybin extract or edible psilocybin product fails potency testing if the amount of psilocybin or psilocin between primary and duplicate samples taken from the batch exceeds 20 percent relative percent difference between samples.

(3) In addition to the requirements of section (1) of this rule, a manufacturer must submit one or more batches from a harvest lot or process lot for potency testing upon written request by the Oregon Health Authority.

Solvent Testing

- (1) If methanol or acetic acid are used to manufacture psilocybin extract, a manufacturer must order tests for methanol or acetic acid for every process lot of psilocybin extract prior to selling or transferring the psilocybin extract or converting to another product type.
- (2) A batch fails solvent testing if a laboratory detects the presence of methanol above 3000 µg/g or acetic acid above 5000 µg/g in any sample.
- (3) If a sample from a batch fails solvent testing, the batch may be remediated using procedures that would reduce the concentration of solvents to less than the action level.
- (4) A batch that is remediated in accordance with section (3) of this rule, must be re-sampled and re-tested for solvents in accordance with these rules.
- (5) In addition to the requirements of section (1) of this rule, a manufacturer must submit one or more batches from a process lot for solvent testing upon written request by the Authority.

Contaminant Testing

- (1) A licensee must submit one or more batches from a harvest lot or process lot for contaminant testing upon written request by the Oregon Health Authority.
- (2) A psilocybin product required to be tested for contaminants under these rules must be sampled using appropriate aseptic technique and tested for total coliform count.
- (3) If the presence of any fecal coliforms is detected the sample must be assessed for *Escherichia coli* (E. Coli)
- (4) A batch fails microbial contaminant testing if the presence of E. Coli at more than 100 colony forming units per gram is detected in a sample.

(5) A psilocybin product required to be tested for contaminants may also be tested for aflatoxins and other harmful mycotoxins.

(6) A psilocybin product fails testing for aflatoxins and other harmful mycotoxins if the tests detect mycotoxins at levels that are unsafe for human consumption.

(7) If a sample from a batch of psilocybin product fails contaminant testing, the batch may not be remediated and must be destroyed.

Heavy Metals Testing

(1) A licensee must submit one or more batches from a harvest lot or process lot for heavy metal testing upon written request by the Oregon Health Authority.

(2) A harvest lot or process lot required to be tested for heavy metals may be tested for lead, cadmium, mercury and arsenic.

(3) A batch fails heavy metal testing if the presence of metals above the limits in section (4) of this rule are detected in any sample, including a field duplicate:

(a) During an initial test where no reanalysis is requested; or

(b) Upon reanalysis as described in OAR 333-333-7120.

(4) The limits for heavy metal testing are:

(a) Lead (Pb) above .5 µg/g.

(b) Cadmium (Cd) above .2 µg/g.

(c) Arsenic (As) above .2 µg/g.

(d) Mercury (Hg) above .1 µg/g.

(5) If a sample from a batch of psilocybin product fails heavy metal testing, the batch may not be remediated and must be destroyed.

(1) A manufacturer must separate each harvest lot of dried whole fungi into batches no larger than one kilogram.

(2) A process lot for psilocybin extracts, homogenized fungi or edible psilocybin products is considered a batch.

(3) A manufacturer must associate each batch with a unique identification number and that unique identification number must be:

(a) Provided to the individual responsible for taking samples; and

Psilocybin Product Sampling Requirements

(1) Whole fungi.

(a) Whole fungi may only be sampled after it is dried, regardless of whether the whole fungi will be processed into another product type.

(b) Sufficient sample increments must be taken to perform required tests and samples must be taken in a manner consistent with the laboratory's sampling policies and procedures.

(2) Other product types.

(a) Samples of psilocybin extracts, homogenized fungi, and edible psilocybin products intended for use by a client must be taken from the finished product.

(b) Sufficient sample increments from a batch must be taken to determine whether the batch is homogenous and must be taken in a manner consistent with the laboratory's sampling policies and procedures.

(c) A sufficient sample size must be taken for analysis of all requested tests and the quality control performed by the testing laboratory for these tests.

(3) Only individuals employed by a laboratory with an ORELAP accredited scope item for sampling under these rules may take samples.

(4) Sampling may be conducted at a manufacturer's licensed premises, or the manufacturer may transport the batch to a laboratory with an ORELAP accredited scope item for sampling under these rules.

Requirements for Pre-Tested Psilocybin Products

(1) Following samples being taken from a harvest or process lot a manufacturer must:

(a) Label the batch with the following information:

(A) The harvest or process lot unique identification number;

(B) The name of the laboratory that took samples and the name of the laboratory responsible for testing, if different;

(C) The test batch or sample unique identification numbers supplied by the laboratory;

(D) The date the samples were taken: and

(E) In bold, capital letters, no smaller than 12-point font, "PRODUCT NOT TESTED."

(b) Store and secure the batch in a manner that prevents the product from being tampered with or transferred prior to test results being reported; and

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(c) Be able to easily locate a batch stored and secured under subsection (1)(b) of this rule and provide that location to the Authority or a laboratory upon request.

(2) If the samples pass testing, the product may be sold or transferred in accordance with applicable rules.

(3) If the samples do not pass testing, the manufacturer must comply with OAR 333-333-7120.

Failed Test Samples

(1) If a sample or a field duplicate sample (collectively referred to as "sample" for purposes of this rule) fails any initial test, the laboratory that did the testing may reanalyze the sample. The laboratory that did the initial test may not subcontract the reanalysis. If a primary sample or a field duplicate sample fails, both must be reanalyzed. If the sample passes, another laboratory must resample the batch and confirm that result for the batch to pass testing.

(a) If a manufacturer wishes to have a sample reanalyzed, the manufacturer must request a reanalysis within seven calendar days from the date the laboratory sent notice of the failed test to the manufacturer. The reanalysis must be completed by the laboratory within 30 days from the date the reanalysis was requested.

(b) If a manufacturer has requested a reanalysis in accordance with subsection (1)(a) of this rule and the sample passes, the manufacturer has seven calendar days from the date the laboratory sent notice of the passed test to request that another laboratory resample the batch and confirm the passed test result. The retesting must be completed by the second laboratory within 30 days from the date the retesting was requested.

(c) A manufacturer must inform the Oregon Health Authority (Authority) immediately, of the following, in a manner prescribed by the Authority:

(A) A request for reanalysis of a sample;

(B) The testing results of the reanalysis;

(C) A request for retesting; and

(D) The results of retesting.

(2) If a sample fails a test or a reanalysis under section (1) of this rule the batch:

(a) May be remediated in accordance with these rules; or

(b) If it is not or cannot be remediated under this rule, must be destroyed in a manner specified by the Authority.

(3) If a manufacturer is permitted to remediate under this rule, the manufacturer must provide notice to the Authority of the registrant's intent to remediate.

(4) A psilocybin extract that is permitted to undergo remediation cannot be further processed into a psilocybin product during the remediation process.

(5) Failed microbiological contaminant testing. If a sample from a batch psilocybin product fails microbial contaminant testing the batch may not be remediated and must be destroyed as ordered by the Authority.

(6) Failed solvent testing.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

- (a) If a sample from a batch fails solvent testing the batch may be remediated using procedures that would reduce the concentration of solvents to less than the action level.
- (b) A batch that is remediated in accordance with subsection (a) of this section must be re-sampled and re-tested in accordance with these rules and must be tested if not otherwise required for that product under these rules for solvents.
- (c) A batch that fails solvent testing that is not remediated or that if remediated fails testing must be destroyed in a manner specified by the Authority.
- (7) Failed pesticide testing. If a sample from a batch of psilocybin product fails pesticide testing the batch may not be remediated and must be destroyed as ordered by the Authority
- (8) Failed heavy metal testing. If a sample from a batch of psilocybin product fails heavy metal testing the batch may not be remediated and must be destroyed as ordered by the Authority
- (9) Failed potency testing. A psilocybin product that fails potency testing under OAR 333-333-7040 may be re-mixed in an effort to meet the standards in OAR 333-333-7040. A psilocybin product that is re-mixed must be re-sampled and re-tested in accordance with these rules.
- (10) If a sample fails a test after undergoing remediation as permitted under this rule the batch must be destroyed in a manner approved by the Authority.
- (11) A manufacturer must inform a laboratory prior to samples being taken that the batch has failed a test and is being retested after undergoing remediation.
- (12) A manufacturer must document all sampling, testing, remediation and destruction that are a result of failing a test under these rules.
- (13) If a batch fails a test under these rules a manufacturer:
 - (a) Must store and segregate the batch in a secure area and label the batch clearly to indicate it has failed a test and the label must include a test batch number.
 - (b) May not remove the batch from the registered premises without permission from the Authority.

Quality Control and Product Development Testing

- (1) A manufacturer may request that a laboratory conduct testing for the purpose of assuring quality control or product development, except as provided in section (2) of this rule.
- (2) A manufacturer may not request that a laboratory conduct pesticide testing on psilocybin products for the purpose of quality control or product development. A pesticide test is always a compliance test.
- (3) A manufacturer that submits a psilocybin product for quality control or product development testing is not subject to OAR 333-333-7010 to OAR 333-333-7120.
- (4) A laboratory result from a quality control or product development test cannot be used as a compliance test result and may not be displayed on client packaging or labels. A psilocybin product that has undergone a quality control or product development test may not be transferred or sold without undergoing required compliance tests.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(5) Manufacturers must retain all quality control and product development test results for at least two years and provide copies of such results upon request to the Oregon Health Authority.

Waste Management

(1) A manufacturer, service center or laboratory licensee must store, manage and dispose of solid and liquid wastes generated during production and processing of psilocybin products in accordance with applicable state and local laws and regulations which may include but are not limited to:

(a) Solid waste requirements in ORS chapter 459 and OAR chapter 340, divisions 93 to 96.

(b) Hazardous waste requirements in ORS chapter 466 and OAR chapter 340, divisions 100 to 106.

(c) Wastewater requirements in ORS chapter 468B and OAR chapter 340, divisions 41 to 42, 44 to 45, 53, 55 and 73.

(2) Psilocybin waste consisting of psilocybin products that have not been rendered unfit for human consumption must be securely stored and disposed of on the licensed premises or transferred to another licensee for disposal. Licensees must store psilocybin waste in either a limited access area or a locked waste receptacle located on the licensed premises until it is disposed.

(3) Psilocybin waste consisting of psilocybin products that have been rendered unfit for consumption may be stored prior to final disposal in a locked dumpster or other locked receptacle outside of the licensed premises or may be stored pursuant to section (2) of this rule. Psilocybin products may be rendered unusable by composting, mixing with inactive ingredients, or any other method which renders the product unfit for consumption but does not pose a safety risk for accidental consumption.

(4) Manufacturers may dispose of waste that is a byproduct of cultivation or processing by composting that waste in a secured area on the licensed premises subject to the requirements of OAR 333-333-2010.

(5) If a licensee generates psilocybin waste after a harvest or process lot has been recorded, or if psilocybin waste was previously designated as a finished psilocybin product, the licensee must document:

(a) A reason for the waste in the product tracking system.

(b) The exact time and method of destruction in the product tracking system.

(6) All psilocybin waste must be disposed of in a manner that effectively prevents spontaneous growth of fruiting bodies or mycelium containing psilocybin. For example, through a controlled composting process or by placing waste in a sealed container.

(7) Material that has been designated as psilocybin waste must be disposed of pursuant to this rule and may not be used in the production of psilocybin products.

Product Transportation

(1) Psilocybin products transferred by licensees.

(a) Psilocybin products transferred between licensed premises may only be transported by a licensee or licensee representative of the originating or receiving licensee.

(b) Samples of psilocybin products obtained by a laboratory licensee pursuant to OAR 333-333-7100 may only be transported by the laboratory licensee or a laboratory licensee representative of the receiving laboratory.

(c) Every manufacturer, service center and laboratory licensee must maintain a list of licensee representatives authorized to transport product or travel in vehicles transporting product.

(d) Psilocybin products transferred between licensed premises must not exceed possession quantities described in OAR 333-333-2200.

(2) Physical transport requirements for licensees.

(a) A licensee representative of a manufacturer, service center or laboratory license who transports psilocybin products on behalf of a licensee must have a valid driver license.

(b) A manufacturer, service center or laboratory licensee must:

(A) Store psilocybin products in the delivery vehicle within a locked, secured area, shielded from view from the exterior of the vehicle.

(B) When transporting perishable psilocybin products, provide appropriate temperature control within the delivery vehicle.

(C) Use a delivery vehicle that is equipped with an alarm system and is insured at or above the legal requirements in Oregon.

(D) Deliver psilocybin products to all destinations and return any remaining psilocybin products to the licensed premises of origin within 60 hours of initial departure and notify the Oregon Health Authority (Authority) immediately in the manner prescribed by the Authority if they are unable to satisfy this requirement due to inclement weather, mechanical failure, or other unforeseen circumstances.

(E) Document all overnight stops in the planned route of the manifest and include the address, estimated arrival time at, and estimated departure time from the location of each overnight stop.

(F) Package all psilocybin products for transport in shipping receptacles and assign and affix a unique identification number to all receptacles containing psilocybin products as required by these rules.

(G) Provide a copy of the manifest to each location receiving the inventory described on the manifest but may prepare a separate product tracking system manifest for each receiving location in order to maintain transaction confidentiality.

(H) Contact the Authority as soon as possible under the circumstances and in the form and manner prescribed by the Authority, if a vehicle transporting psilocybin products is involved in any accident or other situation involving product loss.

(I) Travel directly from the originating location to the destination location described in the manifest route.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(J) Notify the Authority as soon as it is safe to do so of every stop at an unlicensed location that exceeds two hours in duration and is not already listed in the manifest route.

(K) Upon the Authority's request, make the vehicle and its contents available for inspection if the delivery vehicle is stopped at an unlicensed location.

(c) A licensee may not:

(A) Make any unnecessary stops in between the originating and destination locations except to other licensed premises receiving inventory as described on the manifest;

(B) Remove psilocybin products from the vehicle until they arrive at the destination recorded in the manifest. Licensees or laboratory licensees may not transfer psilocybin products to, nor store psilocybin products in or at any unlicensed premises;

(C) Void or change a manifest after departing the originating licensed premises; or

(D) Travel with any persons not listed on the manifest.

(d) Any vehicle that meets the requirements of this rule may be used as a delivery vehicle.

(3) Product tracking system manifest requirements.

(a) Prior to removing a psilocybin product from the originating licensed premises for the purposes of transport or delivery, the originating licensee must use the product tracking system to generate a printed transport manifest containing the following information:

(A) The originating location's license number and address as it appears in the product tracking system.

(B) The destination location's license number and address as it appears in the product tracking system.

(C) The unique identification number, product type, and quantity of each psilocybin product.

(D) The actual date and estimated time of departure.

(E) Location and duration of time for any overnight stop.

(F) The arrival date and estimated time of arrival or completion of delivery.

(G) The delivery vehicle make, model, and license plate number.

(H) The name, contact information, worker permit number and signature of any licensee representatives accompanying the transport.

(b) A physical, printed copy of the generated manifest must accompany every transport of psilocybin products.

(4) Product tracking system requirements when receiving psilocybin products. Upon receipt of a delivery of psilocybin products, the receiving licensee must:

(a) Record each applicable unique identification number as accepted and received or rejected in the product tracking system as applicable.

(b) Verify the psilocybin products received are as described on the manifest and record receipt of the psilocybin products in the product tracking system if accepted.

(c) Separately and for each unique identification number document any differences between the quantities specified on the manifest and the quantities received in the product tracking system.

Product Tracking — General Requirements

- (1) A service center, manufacturer or laboratory licensee must use the product tracking system as an inventory and recordkeeping system.
- (2) Each individual service center, manufacturer and laboratory licensee will have access to the product tracking system. A licensee may authorize additional licensee representatives to use the product tracking system for their licensed premises.
- (3) Each service center, manufacturer and laboratory licensee must:
 - (a) Maintain an accurate and complete list of all product tracking system users for each licensed premises and must update the list when a new product tracking system user is added.
 - (b) Train and authorize any new product tracking system users before those users are permitted to access the product tracking system or input, modify, or delete any information in the product tracking system.
 - (c) Remove access for any product tracking system user from an associated product tracking system account if that individual is no longer a licensee representative.
 - (d) Correct any data that is entered into the product tracking system in error.
- (4) Each service center, manufacturer and laboratory licensee is responsible for all actions licensee representatives take while logged into the product tracking system or while otherwise conducting inventory tracking activities.
- (5) Nothing in this rule prohibits a service center, manufacturer or laboratory licensee from using secondary separate software applications to collect information to be used in its operation including secondary inventory tracking or point of sale systems.
- (6) If at any point a service center, manufacturer or laboratory licensee loses access to the product tracking system for any reason, the licensee must keep and maintain comprehensive records detailing all tracking inventory activities that were conducted during the loss of access.
 - (a) Once access is restored, all inventory tracking activities that occurred during the loss of access must be entered into the product tracking system.
 - (b) A licensee must document when access to the system was lost and when it was restored.
 - (c) A licensee may not transport any psilocybin product to another licensed premises until such time as access is restored and all information is recorded into the product tracking system unless the Oregon Health Authority (Authority) has provided written authorization to do so.
- (7) The Authority may issue a temporary waiver of any requirements of these rules if the product tracking system is unable to perform required functions. Any temporary waiver issued under this section will be published on the Authority's website and will identify the specific rule sections affected and the duration of the waiver.

Product Tracking - Reconciliation of Inventory

- (1) Each service center, manufacturer and laboratory licensee must:

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

- (a) Use the product tracking system for all inventory tracking activities, as required by these rules.
 - (b) By 11:59 AM local time of the next calendar day, reconcile all psilocybin product inventory in the product tracking system to reflect the prior day's activity.
 - (c) For psilocybin products that have completed potency testing, use the product tracking system to record the total amount of psilocybin analyte contained in psilocybin products by weight, measured in grams or milligrams.
- (2) The requirements of subsection (1)(b) of this rule do not apply:
- (a) To psilocybin spores or mycelium that are in a preproduction process at a manufacturer's licensed premises.
 - (b) During the first 15 days following the harvest of fruiting bodies or mycelium, daily reconciliation by a manufacturer of the weight of moisture lost to evaporation is not required. The weight of moisture loss must be reconciled by a manufacturer prior to transferring, processing, selling, or packaging the fungi and no later than 15 days after the harvest, whichever comes first.
 - (c) To psilocybin products held by a laboratory licensee that are undergoing analytical testing required by these rules so long as the psilocybin products do not leave the laboratory's licensed premises and are reconciled on the same day that the analytical testing concludes.
- (3) In addition to the requirements in section (1) of this rule, service centers must record each sale or transfer of a psilocybin product to a client as a sales transaction and record the price before tax and amount of each item sold and the date of each transaction in the product tracking system for each individual transaction.

Product Tracking - Unique Identification Numbers

- (1) A service center, manufacturer or laboratory licensee must use unique identification numbers generated by the product tracking system for inventory tracking activities required by these rules.
- (2) A manufacturer licensee must:
 - (a) Assign and affix a unique identification number to each separated area containing a cultivation batch of mycelium or fruiting bodies as described in OAR 333-333-8230.
 - (b) After harvest, assign and affix a unique identification number to all psilocybin products or receptacles containing psilocybin products.
 - (c) Assign and affix unique identification numbers in a manner that:
 - (A) Establishes an accurate record of cultivation, harvest and drying of fungi, including documentation of harvest lots and batches as described in OAR 333-333-2020 and OAR 333-333-7090.
 - (B) Establishes an accurate record when one psilocybin product is converted to another product type.
 - (C) Uses a new unique identification number each time a psilocybin product is added to a quantity of psilocybin products grouped together under a pre-existing unique identification number.

This document contains all OPS administrative rules effective January 1, 2024 to December 31, 2024. Current administrative rules may always be found at [Oregon Secretary of State website](#).

(d) Affix unique identification numbers in a position that can be clearly read by an individual standing next to the item.

(3) To allow for a drying period, the requirements of subsection (2)(c) of this rule do not apply to harvested mycelium or fruiting bodies in the first 15 days after harvest.

(4) The requirements of section (2) of this rule do not apply to psilocybin spores or mycelium that are in a preproduction process at a manufacturer's licensed premises.

(5) A manufacturer licensee may not combine psilocybin products of different package or serving size, potency, or type under a single unique identification number, except for mixed lots of homogenized fungi or psilocybin extracts that will undergo further processing.

(6) A service center, manufacturer or laboratory licensee may not reuse unique identification numbers.

333-333-8230

Product Tracking — Cultivation Batches

(1) Within 72 hours of beginning a production process, a manufacturer must create a cultivation batch that will contain all fruiting bodies and mycelium produced by that production process.

(2) A manufacturer must create a batch name for each cultivation batch and record the cultivation batch name and location in the product tracking system with the unique identification number assigned to the cultivation batch.

(3) Unique identification numbers must be physically affixed to the cultivation batch or the separated area where the cultivation batch is physically located as required by OAR 333-333-8220.

(4) A manufacturer may have an unlimited number of cultivation batches at any one time.
