RE: Notice of proposed permanent rulemaking – OAR chapter 333, division 333,
"Oregon Psilocybin Services"

The Oregon Health Authority (OHA), Public Health Division, Oregon Psilocybin Services (OPS) section is proposing to permanently amend administrative rules in chapter 333, division 333. The proposed rules are needed to implement ORS 475A, the Oregon Psilocybin Services Act ("the Act") and to implement Oregon Laws 2025, Chapter 147 (HB 2387) and Chapter 236 (SB 907).

ORS 475A created a first of its kind regulatory framework for licensed production of psilocybin products and sale of psilocybin products and services to clients. The Oregon Health Authority ("the Authority") adopted rules in 2022, 2023 and 2024 that address a variety of subject matter including requirements for licensure, storage and security, standards for psilocybin products, packaging and labeling requirements, safety standards and guidelines for provision of psilocybin services, client rights and informed consent processes, facilitator duties, compliance, product tracking and transportation. These proposed rules supplement prior rules and make further refinements to requirements for training programs, licensees and permittees. The proposed rules address all aspects of implementation and support the Act's goals of promoting access and equity while protecting health and safety. The proposed rules are necessary to effectively implement the Act because they make important changes to the previously adopted rules that will provide greater clarity and efficiency of operations for both licensees and the Oregon Psilocybin Services Section (OPS) of the Oregon Health Authority. The rules also implement Oregon Laws 2025, Chapter 236 (Senate Bill 907) and Oregon Laws, 2025, Chapter 147 (House Bill 2387). The proposed rules make changes to align with revised statutory language, address requirements for facilitators who hold other license types, require additional information on product labels, additional reporting by licensees and additional requirements for verification of property ownership.

You are invited to review and comment on the proposed rules. If you wish to present oral comments on the proposed rules, two virtual public hearings are scheduled.
