

### **Client Release from Administration Session**

**Instructions:** OPS rules state that facilitators must require a client to sign a release form that states that the client agrees to end their administration session. To end an administration session, the following criteria must be met:

- The required minimum duration of the administration session at the licensed service center has been reached based on dose consumed.
- The client is comfortable being released from the administration session.
- The facilitator is comfortable releasing the client from the administration session.
- Client agrees to follow the terms of their transportation plan.

This form must be kept in the client file.

Client name:

---

Service Center:

---

Facilitator name:

---

Date and time administration session concluded:

---

I agree to conclude my administration session at the time listed above.

I agree to follow the terms of my transportation plan.

Client Signature: \_\_\_\_\_
