

October 29, 2025

Greetings,

The Oregon Psilocybin Services (OPS) [Training program, Licensing, and Compliance \(TLC\) system](#) is currently not functioning.

The issues lie solely with Microsoft and its Azure platform. (Azure hosts TLC.) Azure is experiencing a worldwide outage that is impacting all of our cloud production applications. Microsoft appears to have identified the issue.

We will keep you posted as we have more information but believe the system issue will be addressed soon.

Sincerely,  
Oregon Psilocybin Services
