

November 18, 2025

To Psilocybin Training Programs,

Effective January 1, 2026, under [OAR 333-333-3030](#), all training programs must register with the [Oregon Secretary of State](#) and maintain an active registration in order for curriculum to be approved or reapproved by Oregon Psilocybin Services.

This includes the registration of an Assumed Business Name (ABN) if required. The registered name (including any ABN, if applicable) must match the operational name listed on your training program application and materials.

Please be mindful of this new requirement as you prepare for your upcoming curriculum renewal. We encourage you to review your current business registration status with the [Oregon Secretary of State](#) to ensure compliance prior to submitting your renewal application.

If you have questions about registering through the Secretary of State, please visit the [Oregon Secretary of State](#) website or contact their office directly for guidance.

Sincerely,  
The Oregon Psilocybin Services Section
