Agenda					

8:30am-8:40am Welcome and Introductions

1. Read grounding statement: We bring to this discussion a beautiful mosaic of experiences, lenses, cultures, passions, and energy. We must also acknowledge those who are not represented and those who our system has excluded. We are not a true representation of the Oregon families we serve. Let's welcome the challenging and uncomfortable path to change this and use this acknowledgment as a foundation from which to act.
2. Introductions: Share name, pronoun if you choose, and role in chat. Also send corrections to how your name and affiliation appear in the agenda.

8:40am-10:30am State Team Business

1. Review notes and action items from prior meeting (formal approval)
2. Updates (Name change, member changes, charter, Medical Examiner subgroup, resource and system improvement plan, county support)
3. Implementing the charter: Discussion about making the changes necessary to align with the vision outlined in the finalized charter.

10:30am-10:45am Break

10:45am-12:10pm Review and discuss prevention recommendations

12:10pm-12:25pm Member updates

12:25pm-12:30pm Wrap up
Next Meeting Date: Thursday, November 10th, 2022, 8:30am – 12:30pm
Adjourn

Notes from May meeting:

- Gratitude to Robin Reimer for reading the grounding statement
- ODHS, OHA, and DOJ partnering on different efforts aimed at funding the work of the state team
- Sudden Unexplained Infant Death Investigation (SUIDI) subgroup met. Participants include Dr. Carissa Cousins, Jennifer Snippen, Kris Karcher, Robin Reimer, and Deb Carnaghi. Exploring what content and approach to use to train law enforcement, district attorneys, medical professionals, and Child Welfare statewide. Also exploring resources to support SUIDI such as C-POD app used in Indiana.
- Subgroup to support the Oregon State Medical Examiners has begun to seek an understanding of the needs of the State Medical Examiner Office. Participants include Jill Baker, Amanda Couch, and Heather Morrow-Almeida. Dr. Hurst anticipates having more time in the fall to engage in these efforts.
- All feedback from county teams on the draft Resource and System Improvement Plan was positive and plan is now finalized with projected completion dates for each item. Final plan to be distributed to county teams (see action items below).

- Discussed reviewing prevention recommendations from the last quarter at next meeting to prioritize charter review and establishing the system within which we can act more substantively on recommendations.
- Presentation on child maltreatment fatality data from FFY 2021
- Discussion about having child maltreatment fatality data from prior years to support trend identification. Agreement to develop spreadsheet with prior years data to eventually have available on website through password protected portal for state team members.
- Suggestion by Robin Reimer to contract for needs assessment for the State Medical Examiner Office. Agreement to reach out to the National Center and use their list serve to inquire with other states about how they have successfully supported their state's medical examiner's office. Identify paths that have been successful.
- Commitment to improve how the chat is integrated into the flow of the meeting.
- Charter reviewed and feedback provided. Charter subgroup to incorporate feedback. Goal to have charter complete prior to August meeting via email review by state team. Feedback captured on shared document during meeting and not listed out here.
- Next meeting agenda to focus on prevention recommendations, suicide and injury prevention data and furthering work that is underway.

Action Items from May meeting:

Item	Assigned to	Status
Charter subgroup to incorporate feedback and send final draft to state team members for review and comments via email.	Charter subgroup	Done
Share finalized Resource and System Improvement Plan, aka action plan, with county teams (1) via email to coordinators and leads, and; (2) via Department of Justice newsletter to team members.	Deb, Robin	Done
Share with state team members instructions for accessing the SUIDI training. No access code needed, leave the 'box' blank. https://ncfrp.org/center-resources/child-dsi-learning-series/	Deb	Done
Watch the National Center for Fatality Review and Prevention Child Death Investigation training modules. Access here: https://ncfrp.org/center-resources/child-dsi-learning-series/ . Carry over from 05.22 meeting.	All state team members	Feb 2023
Contact National Center for Child Fatality Review and Prevention to inquire how any other states have successfully supported their medical examiner office. Contact both organization and reach out to other states using the National Center's email group.	Deb	Done
In response to substance use prevention recommendations ensure resources provided to counties are also provided to all county teams. Share information with Robin Reimer for dissemination through the DOJ fatality newsletter and county team email group.	Laura	In progress

Draft guidance to support information sharing between medical examiners and designated medical professionals at autopsy when possible and when differing conclusions impact decision making for partners. Carry over from 05.22.	Deb	In progress
Pursue information from lab re: possible modification to rush toxicology process. *Carry over from 11/2021 meeting	Dr. Hurst, Dr. Leonhardt	Limitations
Obtain data on number of rush toxicology requests and those that are specific to pediatric fatalities. *Carry over from 11/2021 meeting	Dr. Hurst	Carry over
