## Agenda Item, objective and background information | Time
---|---
1) Welcome and Introductions | 1:00-1:10 (10)

Discussion:

2) Revised Indoor Clean Air Act (ICAA) and Enforcement --TPEP | 1:10-1:30 (20)

**Objective:** Review changes to the ICAA and discuss enforcement implementation of the new law.  
**Background:** Starting January 1, 2016, the ICAA now includes the use of “inhalants” (nicotine, marijuana or any other substance delivered into a person’s respiratory system) and “inhalant delivery systems,” which are devices that can be used to deliver nicotine, cannabinoids and other substances in the forms of a vapor or aerosol. These include e-cigarettes, vape pens, e-hookah and other devices.

Discussion:

Decision and Action Steps:

3) Tobacco Prevention Policy Options -- ALL | 1:30-2:00 (30)

**Objective:** Learn about and discuss various tobacco prevention policy strategies, such as tobacco retail licensure, Tobacco 21 and Tobacco Master Settlement Agreement talking points.  
**Background:** The retail environment is an important setting for tobacco prevention policy. The tobacco industry spends $1 million an hour on marketing and promotion of their products in retail stores. Oregon is one of nine states that do not require retailers to have a license to sell tobacco.

**Objective:** Review the cessation and prevention media efforts and discuss how they contribute to the Tobacco Prevention and Education Program’s policy work.

**Background:** The prevention initiative is designed to help Oregonians eliminate exposure to secondhand smoke, prevent youth from initiating tobacco use, and identify and eliminate tobacco-related disparities in all populations. The cessation initiative is designed to help Oregon smokers quit. Together, these comprise the Smokefree Oregon brand, which supports local voices and conversations within a statewide education effort.
