Welcome to the OIP Training Portal

Oregon Immunization Program (OIP) introduces our new Training Portal. Here you will find courses and materials designed to help you learn and navigate ALERT IIS, vaccine management, and VFC and CDC requirements. We will continue to expand our training resources to cover additional topics to better support Oregon vaccine providers.

Creating an Account

1. Go to the [OIP Training Portal](#)
2. Click on "Create an Account"
3. Fill out self-registration form
4. Log in

Reports Training Series

Starting January 15th - March 15th, 2025. Join our highly requested training series to learn how to use the new reporting tool and make reporting easy and effective. Reserve your spot now and get started!

Get Started:

1. Log in to the OIP Training Portal
2. Click the "Vaccine Providers" button
3. Sign up for Reports Training (starting January 15th)

New Vaccine Eligibility Report Resources!

Streamline your immunization planning with our new ALERT IIS Vaccine Eligibility Report.

- On-Demand Training: Learn how and when to run this essential report at your own pace.
- Quick Reference Guide: Step-by-step instructions for effortless report generation.

Use these tools to prepare for flu season, exclusion days, and VFC/VIA recertification ahead!

Updated Required State-Supplied Vaccine Courses

- 2025 Oregon State-Supplied Vaccine Overview Course- Required yearly.
- 2025 Oregon Vaccine Management Course- Required every other year.
