Name of school or program: _____	Date of report: _____
Name of person completing report: _____	
Phone: _____	Email: _____

H. All students enrolled at this school in grades K-12

1. Complete for entire student body, grades K-12.

Grades served at this school (mark all that apply):

K	1	2	3	4	5		
6	7	8	9	10	11	12	

How many students in grades K-12 were excluded on Exclusion Day? _____

Total enrollment: _____

Students not counted: _____

Adjusted enrollment: _____

2. Fill in the number of students with:

No record: _____

Medical exemptions: _____

Nonmedical exemptions: _____

How many nonmedical exemptions are from:

- the online module _____
- a health care practitioner _____

3. Fill in the total number of students who have all of the vaccines required for their grade level

DTaP/Tdap	<input type="text"/>	Polio	<input type="text"/>
Varicella	<input type="text"/>	MMR	<input type="text"/>
Measles	<input type="text"/>	Hep B	<input type="text"/>
Hep A	<input type="text"/>	All (Student has received all of the vaccines)	<input type="text"/>

4. Fill in the number of students with a nonmedical exemption for each vaccine

D/T/P	<input type="text"/>	Polio	<input type="text"/>
Varicella	<input type="text"/>	Measles	<input type="text"/>
Mumps	<input type="text"/>	Rubella	<input type="text"/>
Hep B	<input type="text"/>	Hep A	<input type="text"/>

Number of students with a nonmedical exemption for **all** the vaccines required for their grade

Instructions for Immunization Primary Review Summary Page 4 — Section H
Follow-up statistical report for all students enrolled at your school in grades K-12

This page tells us the final status of all of the students in grades K – 12 after all records have been updated. If your school has PreK students, do not include them on this report only report them in Section E. Complete this page after the records of all students needing updates have been updated or by 12 days after exclusion day (even if students are still excluded), whichever comes first.

This report needs to be complete even if you have already completed sections F or G. If students have left your school since you turned in the initial report, do not count them in this follow-up report. If children have enrolled in your school since the initial report, do not count them. These students will be counted in the next review cycle.

How many students in grades K-12 were excluded on Exclusion Day?

The number of students in grades K-12 excluded at the start of school on Exclusion Day. Record the number of children younger than kindergarten who were excluded on Section E, Page 3.

Total enrollment: This is the total number of students enrolled in your school/program in grades K-12.

Students not counted: Students who are enrolled at your site but attend classes elsewhere should not be included in this report.

Adjusted enrollment: This is the total enrollment, minus the students not counted.

No record: Students who have no immunization records or exemptions on file should be counted here. If all of the records have been updated, this number should be zero.

Medical exemptions: A student that has a temporary or permanent medical exemption should be counted here.

Nonmedical exemptions: Any student that has a nonmedical exemption, whether for one or all vaccines, should be counted here.

How many nonmedical exemptions are from:

Fill in the number of students with a nonmedical exemption that have documentation from the following two categories: the online vaccine education module or a health care practitioner.

DTaP/Tdap, Polio, Varicella, MMR, Measles, Hep B, Hep A:

Fill in the number of students who are complete for that vaccine.

All (Student has received all of the vaccines):

Fill in the number of students that are complete for all of the vaccines required at their grade level. Include students with history of disease or immunity documentation. Students with exemptions will not be counted in this number.

Nonmedical exemptions by vaccine:

Fill in the number of students who have a nonmedical exemption for each of the vaccines listed on the form. If a student has a nonmedical exemption for every vaccine, count them in each of the individual vaccine categories.

Number of students with a nonmedical exemption for **all** the vaccines required for their grade:

Fill in the number of students who have nonmedical exemptions for every vaccine required for their grade.

Once you have completed Section H, tear off the back (yellow) copy of the form. This information is also for your records, and must be kept for one year. The top (white) copy of this form along with the copies of the other reporting forms need to be turned in to the health department by 12 days after Exclusion Day.
