

Temperature Log for Freezer - Fahrenheit

Days 1-15

Month/Year: _____ VFC Pin: _____

Facility Name: _____

Monitor temperatures closely!

1. Write your initials below in "Staff Initials" and note the time in "Exact Time."
2. Record the maximum and minimum temperatures at the beginning of each clinic day. Max and min are the highest and lowest temps reached since the last time you checked them. Documenting the current temperature is optional.
3. If any out-of-range temps, see instructions to the right.
4. Keep this documentation, data logger logs, and vaccine storage troubleshooting records for three years.

Take action if temp is out of range—too warm (above 5°F).

1. Label the vaccines "Do Not Use". Store vaccine in proper conditions as quickly as possible. Do not discard vaccines unless directed to by the Oregon Immunization Program.
2. Call the Oregon VFC Helpdesk at 971-673-4832 to determine vaccine viability and next steps.
3. Document the action taken on your clinic's Vaccine Storage Troubleshooting Record.
