- Access OIP Office Hours Summaries for meeting highlights and resources ([Office Hours Summaries](#)).

- **Office Hours Taking a Pause – Jill Retiring**

- Due to upcoming staffing changes, the immunization program is pausing office hours, with today's session being the last. A revised version may return in a few months in a different format. So, in the meantime, be sure to keep an eye out for listserv emails. It is the best resource for program updates. And continue to direct questions to the Help Desk as needed to support your immunization work.
- The Office Hours calendar invitations currently go into the first week of April. Anne is going to modify the invitation on her end, but you may need to go in and delete any future meetings already on your calendar
- Additionally, I want to let you know that I will be rolling off my limited duration position with OIP later in February. I will be transitioning to new adventures in my Central Oregon community and more grandkid time. I want to convey what a pleasure it's been to interact with this community of practice regularly. You are a smart and dedicated bunch. Keep up the good work and be sure to keep an eye on the listserv for ways to engage with OIP staff going forward.
