ALERT – Compatibility settings
If you are using IE please see attached. This information can help with Edit Org, List Org and Edit Users. If you are using a different browser please call the help desk and we will try to troubleshoot your errors sometimes just clearing your browser helps.

- Click on “Tools”
- Click on “Compatibility View Settings”

Now IE is in “Compatibility View”.

- Click “Add”
- Click “Close”

This site will work optimally for users logging in with Internet Explorer browse browsers and experience display issues, please consider switching to Internet...
