

NREMT Renewal - National Continued Competency Program (NCCP)

NREMT is breaking the 2019 renewal up into 3 categories:

- 50% - National Continued Competency Requirements (NCCR)
- **25% - Local Continued Competency Requirements (LCCR)**
- 25% - Individual Continued Competency Requirements (ICCR)

The State of Oregon is an NCCP state and you will be required to renew by this model **for NREMT** in 2019. Oregon EMS & Trauma Systems has not established what educational requirements each licensed provider will be responsible for. Treat the 25% LCCR as individual hours and choose any EMS related topic to fulfill this category.
