Documenting COVID-19 cases: OR-EMSIS data updates

<https://govstatus.egov.com/OR-OHA-COVID-19>

Under the form tab, you will find that you can drill down to specifics moving from left to right, choosing first a Section, a Panel until you arrive at a list of data elements contained in the form.

On the right-hand side, there is a list of data elements that may be added to your form. You may search under the data element name and then drag into the form. You can reorder data elements by dragging as well.

Temperature

In the screenshot below, you can see that Temperature has been added to the Oregon EMS form here:

Activities > Vital Signs > Vitals > Vital.

The screenshot displays the 'EMS - Oregon' form manager interface. The top navigation bar includes 'Form', 'Times', 'Mileage', and 'Worksheets' tabs. The main content area is divided into a left sidebar, a central panel, and a right sidebar. The left sidebar shows a tree view with 'Sections' (Dispatch and Resp..., Scene, Patient, Patient Assessment, Activities, Narrative, Transport/Transfer, Outcomes, Billing) and 'Panels' (Protocols, Exams, Vital Signs, Procedures, Medications). The 'Vital Signs' panel is selected. The central panel shows a list of dataset fields: 'Temperature' (Single Select), 'Level of Responsiveness (AVPU)' (Single Select), 'Pain Scale Score' (Integer Textbox), 'Stroke Scale Score' (Single Select), 'Stroke Scale Type' (Single Select), and 'Reperfusion Checklist' (Single Select). A dashed box at the bottom of the central panel says 'Drag another Dataset field to this panel'. The right sidebar, titled 'Dataset', contains a search bar and a list of fields including 'Date/Time Vital Signs Taken (eVitals.01)', 'Obtained Prior to this Units EMS Care (eVitals.02)', 'Cardiac Rhythm / Electrocardiography (ECG) (eVitals.03)', 'ECG Type (eVitals.04)', 'Method of ECG Interpretation (eVitals.05)', 'SBP (Systolic Blood Pressure) (eVitals.06)', 'DBP (Diastolic Blood Pressure) (eVitals.07)', 'Method of Blood Pressure Measurement (eVitals.08)', and 'Mean Arterial Pressure (eVitals.09)'. The 'Temperature' field is highlighted in the central panel.

You can add this element to your own form by drilling down to this location in the form manager and searching in the dataset sidebar for the element:

- eVitals.24 - Temperature

Drag this data element into the form.

EMS Personnel and PPE documentation

You can find these data elements in the Oregon EMS form here:

Scene > Scene > EMS Personnel Exposures > Exposures

The screenshot displays the form manager interface for the 'Current: EMS Personnel Exposures Grid'. The interface is divided into several sections:

- Form Manager:** Includes tabs for 'Form', 'Times', 'Mileage', and 'Worksheets'. A search bar labeled 'Find field...' is at the top.
- Sections and Panels:** A table with two columns: 'Sections' and 'Panels'. The 'Scene' section is selected, and the 'Scene' panel is active. A '+ Create New' button is visible in the 'Panels' column.
- Dataset Configuration:** A central panel titled 'Current: EMS Personnel Exposures Grid' showing a list of fields to be added to the form:
 - Single Select: EMS Professional (Crew Member) ID
 - Multi Select: Personal Protective Equipment Used
 - Single Select: Suspected EMS Work Related Exposure, Injury, or Death
 - Multi Select: The Type of Work-Related Injury, Death or Suspected ExposureA dashed box below the list contains the text 'Drag another Dataset field to this panel'.
- Dataset Sidebar:** A panel on the right titled 'Dataset' with a search bar. It lists fields under 'Fields' and 'Other':
 - Fields:** Personal Protective Equipment Used (eOther.03), EMS Professional (Crew Member) ID (eOther.04), Suspected EMS Work Related Exposure, Injury, or Death (eOther.05), The Type of Work-Related Injury, Death or Suspected Exposure (eOther.06).
 - Other:** Generic Label, Hyperlink.

You can add these elements to your own form by drilling down to this location in the form manager. If the form does not already have “EMS Personnel Exposures Grid,” search for the “Exposures” grid in the dataset sidebar and drag it into the form. Drill into the grid and then search in the dataset sidebar for the elements:

- eOther.03 - Personal Protective Equipment Used
- eOther.04 - EMS Professional (Crew Member) ID
- eOther.05 – Suspected EMS Work-Related Exposure, Injury, or Death
- eOther.06 - The Type of Work-Related Injury, Death or Suspected Exposure

Drag these data elements into the form.

Recent Travel and Destination

You can find these data elements in the Oregon EMS form here:

Patient > Patient History

The screenshot shows the form manager interface with the 'Patient History' panel selected. The 'Dataset' sidebar on the right is open to the 'travel' dataset, showing a list of fields and grids. The 'Fields' section includes 'Recent Travel (eHistory.901)', 'Recent International Travel (eHistory.904)', and 'Recent State Travel (eHistory.905)'. The 'Grids' section includes 'Recent City Travel' (with sub-items for County, State, and Location Lookup Button) and 'Travel Locations' (with 'Travel Location (eHistory.902)').

You can add these elements to your own form by drilling down to this location in the form manager and searching in the dataset sidebar for the elements:

- eHistory.901 Recent Travel
- eHistory.902 Travel Location
- eHistory.904 - Recent International Travel
- eHistory.905 - Recent State Travel
- eHistory.906 - Recent City Travel

Drag these data elements into the form. To add the Travel Location element, first drag the “Travel Locations” grid into the form, then drill into it and drag the “Travel Location” element into the form.
