Portland State Office Building | 800 NE Oregon Street, Suite 305 | Portland, OR 97232-2162

ANNOUNCEMENT OF APPLICATION OPENING For TECHNOLOGY SUPPORT OF FRONTIER AND RURAL EMS ORGANIZATIONS

The Oregon EMS & Trauma Systems program announces a grant opportunity for Frontier and Rural EMS agencies to apply for iPads for the electronic reporting of patient care reports (ePCRs) to the Oregon Emergency Medical Services Information System (OR-EMSIS).

Qualifications: To be considered for this opportunity, any agency applying for these iPads must meet the following criteria:

- Complete an application, with submission by the stated deadline, outlining how this technology will benefit the agency and the communities served,
- Be a licensed transporting agency in a frontier or rural county of the State of Oregon,
- Have at least 50% volunteer staffing, and
- Be able to use the iPad device when on-scene, or when returned to station, to report patient care data.

APPLICATION DEADLINE: The application date for consideration is July 15, 2020 at 11:59 p.m. PST. Any application received after this date will not be considered.

To apply, complete the application form ([LINK](#)) and submit to by the submission date.

This opportunity is a partnership between the Oregon EMS & Trauma Systems program and the Oregon Department of Transportation- Traffic Safety Division.
