Recommendation to recruit for open positions:

It was decided to send the recruitment for open positions to the above lists for recruitment. Stella shared the link for appointment application to the group through chat:

<https://www.surveymonkey.com/r/EMSTSCOMMITTEE>

Action	Recruitment for open positions: State- send a recruitment letter with information for interested parties to apply.
---------------	---

Agenda Item	<i>EMS & Trauma System Program update – Dr. David Lehrfeld, Dr. Dana Selover, Elizabeth Heckathorn, NRP</i>
--------------------	---

HB 2076 – EMS Modernization

2021 Session: did not progress through committee and the ambulance agency/vehicle licensing fee increases passed in HB 2910

Feedback on the bill :

- Support for emergency health care system concepts and continuing work from 2010, improvement is still relevant, important for health equity in EMS, essential for disaster readiness.
- Concern about membership on boards (addressed), authority of boards (addressed), EMS Medical Direction, data confidentiality, hospital designations for STEMI and pediatric and unintended consequences of regionalization and county Ambulance Service Area work.

Next steps: work with legislative sponsors on a workgroup to resolve concerns and bring back a bill for future session.

Workgroup to analyze the current emergency health care system and recommend framer for modernization and sets evaluation criteria.

There was support from the Stroke system during the legislative session and will need to continue the support for the next legislative session.

Other EMS-Related bills:

HB 2359 Health Care Interpreters – participate in rulemaking

HB 3159 REAL-D and SOGI Data collection – exception for EMS

HB 2397 Senior EMS Innovation Program Advisory committee at ODHS – track rulemaking

HB 2417 Behavioral Health Crisis Intervention – participate in workgroups for 988

hotline/911 dispatch collaboration, mobile crisis response units/EMS response

connections and hand-offs and Crisis Stabilization Centers/licensed hospital overlap.

Will track implementation and rulemaking.

The state is still in the process of hiring a State Trauma Coordinator. Background checks are taking place. Two administrative support staff positions are still open and will start recruiting soon.

Renewals for EMS providers, agencies and vehicle are complete. Just under 10,000 providers have renewed. This is 1,000 below the average. The state plans to analyze and review data regarding the lower renewal rates.

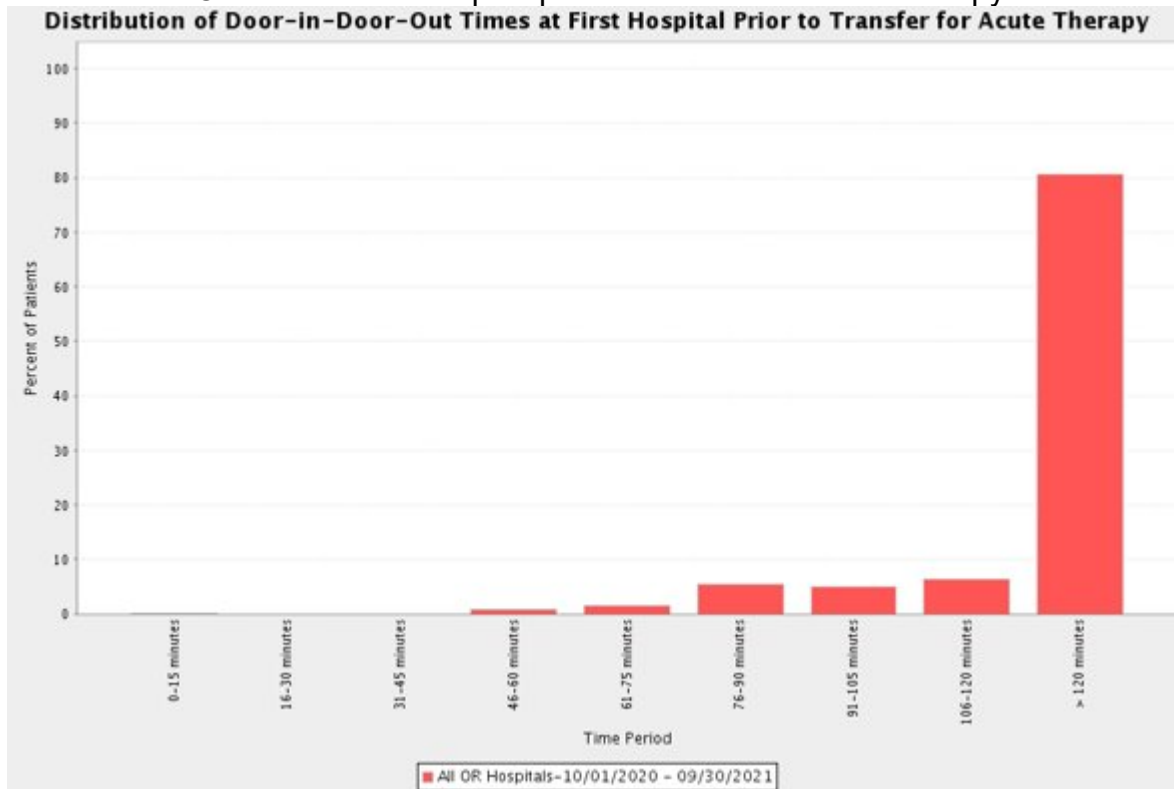

Agenda Item	<i>Rehabilitation Workgroup – Vivian Ugalde</i>
	<p>Dr. Vivian Ugalde met with Julia Buss, OHA Stroke Prevention, and discussed ways to send the survey out.</p> <p>Office of Rural Health Rural Health Care Newsletter was included and sent June 15th</p> <p>Cathy Orias, Policy Analyst – Safety, Oversight and Quality Unit – Nursing Facilities Licensing</p> <ul style="list-style-type: none"> • Emailed the survey to all Oregon Licensed Nursing Home Administrators <p>Alissa Robbins, Deputy Director, Transformation Center- Health Policy and Analytics Division contacted:</p> <ul style="list-style-type: none"> • PCPCH program newsletter – Rachel Palmer (June newsletter to be included) • Provider Matters newsletter – Kim Witbeck • Innovator Agents <p>Sent a message to the CCOs through the Innovator Agents, asking the CCOs to send to their provider networks to reach anyone who might've been missed through the other channels.</p> <p>If we let them know which regions are most in need of being reached, that can be helpful for the CCOs to know as well.</p> <p>With contacts sending the survey out only 2 responses were received.</p> <p>Next steps:</p> <ul style="list-style-type: none"> • Review and revamp the current survey to shorten the questionnaire • Work with other groups to review data already collected, requested in the survey. • Review the tasks allowed for Stroke Prevention. <p>Dr. Ugalde will follow up with:</p> <ul style="list-style-type: none"> • Oregon Hospital Association • American Heart Association <p>Dr. Selover will discuss with team the contacts and request. She will also discuss with Leadership in the Stroke section to discuss the resources and staff available to help with collecting the information requested in the current survey.</p>
Action Item	<p>Dr. Ugalde will follow up with: Oregon Hospital Association American Heart Association</p> <p>Dr. Selover will discuss with team the contacts and request. She will also discuss with Leadership in the Stroke section to discuss the resources and staff available to help with collecting the information requested in the current survey.</p>

Agenda Item

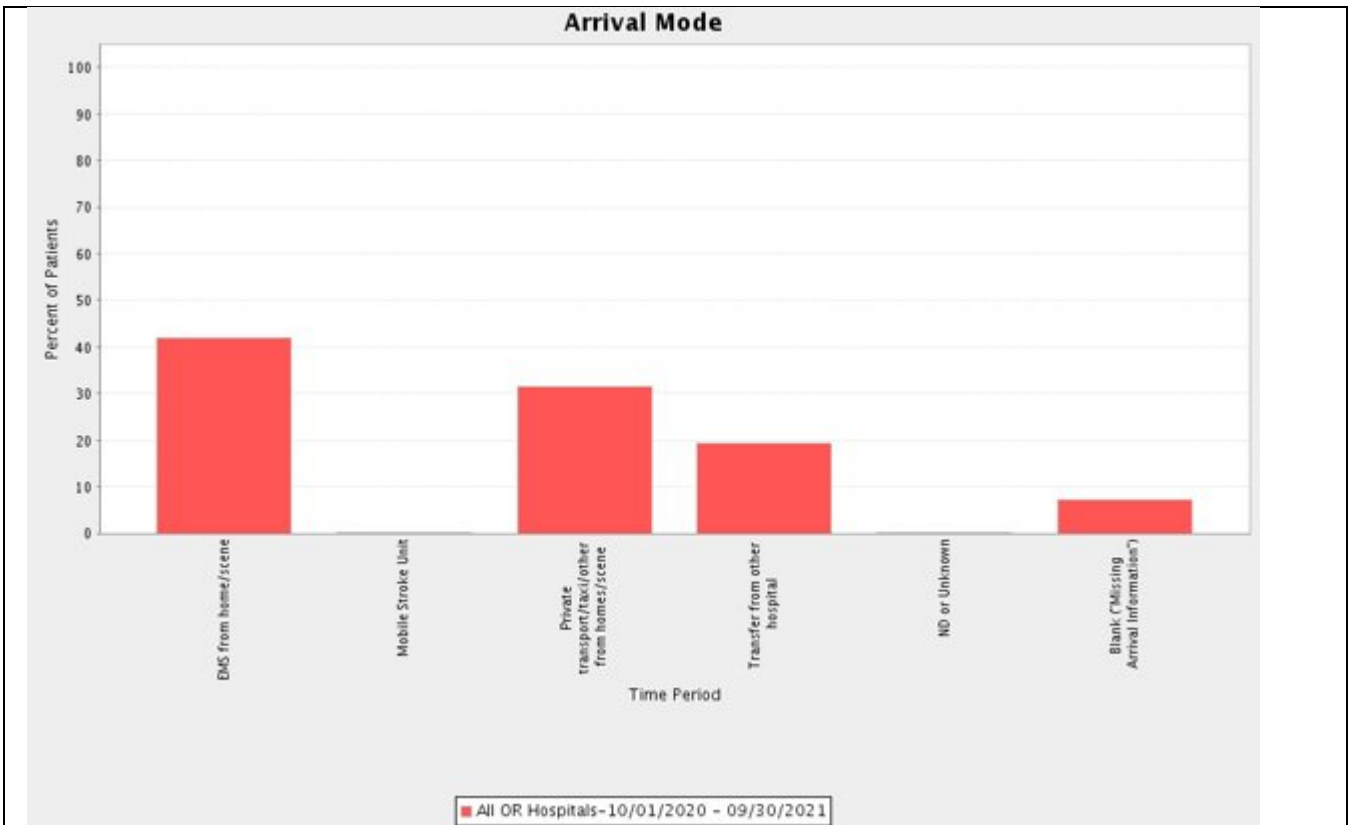

GWTG Stroke Date – Peter Geisser

GTWTG Stroke data from stock reports included:

Door-in-Door-Out time at first hospital prior to transfer for acute therapy

Arrival Mode

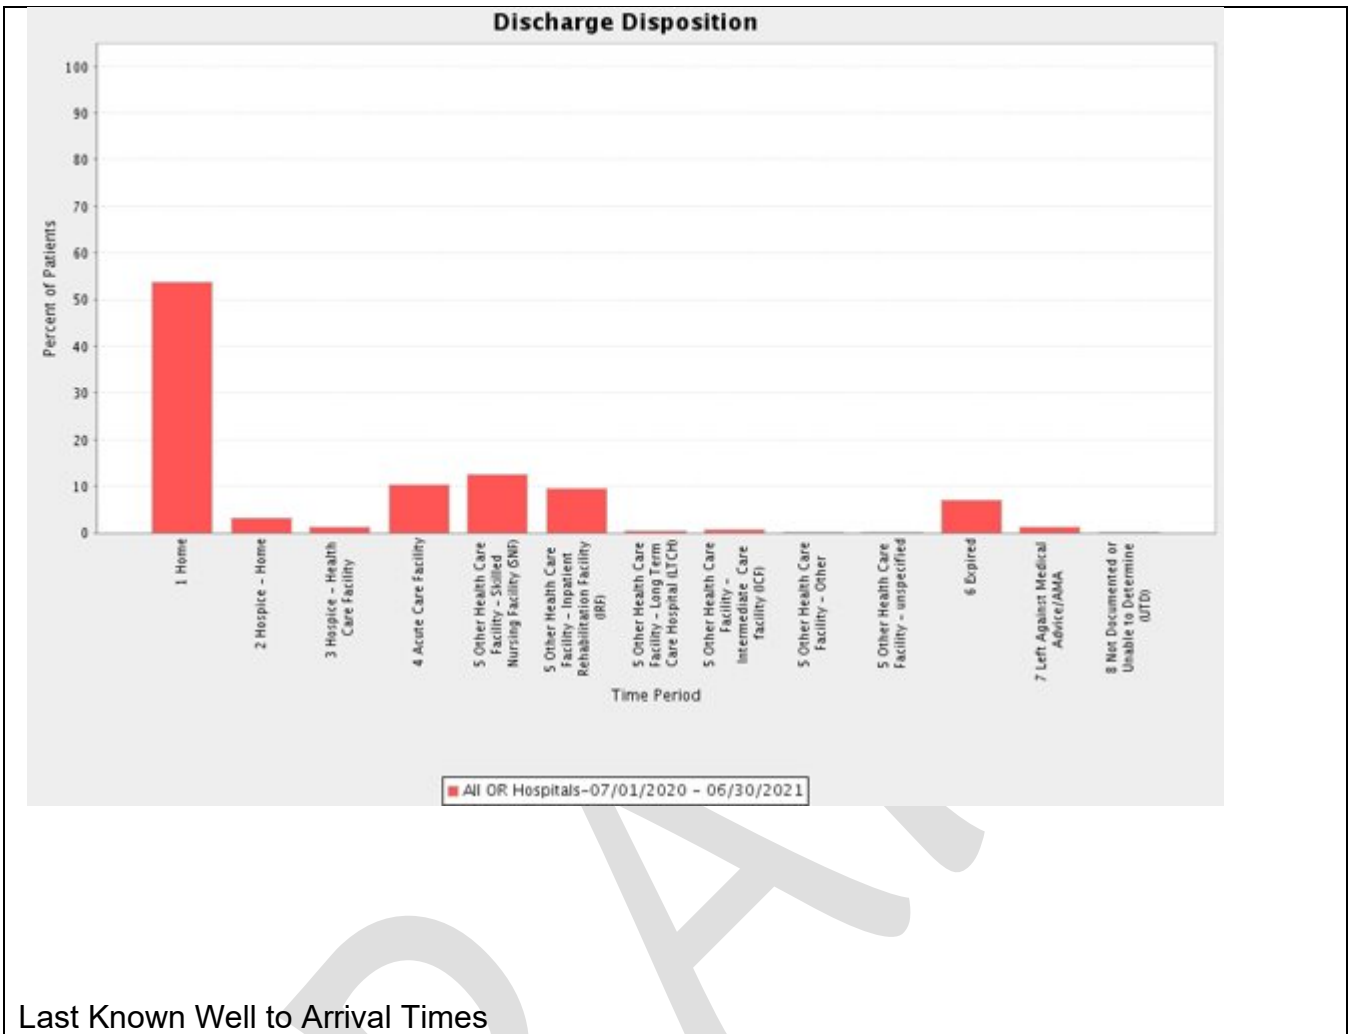

Rankin Score by Prehospital Notification

Distribution of Rankin Score on Discharge by Prehospital Notification

- 0 - No symptoms at all
- 1 - No significant disability despite symptoms: Able to carry out all usual activities
- 2 - Slight disability
- 3 - Moderate disability: Requiring some help but able to walk without assistance
- 4 - Moderate to severe disability: Unable to walk without assistance and unable to attend to own bodily needs without assistance
- 5 - Severe disability: Bedridden, incontinent and requiring constant nursing care and attention
- 6 - Death

Discharge Disposition

Last Known Well To Arrival Times

Last Known Well to IV Alteplase Times

Last Known Well To IV Alteplase Times

PUBLIC HEALTH DIVISION
EMS and Trauma Systems

46

Additional Proposed Metrics:

- Geographic distribution
- Stroke scale with outcome

Peter and Ron will discuss ways to collaborate and present useful data to the committee. Specifically, looking at ways to filter patient and advanced care for stroke patients. Request to review the non-notification of prehospital care compared to those notified and how many were missed. Look specifically at patient who received TPA and time to CT with notified vs. not notified by prehospital.

Priorities for next meeting:

Geographic distribution – this will support the systems of care within the state and impact intervention.

Time to imaging / ED arrival broken out by geographic distribution. Focus on the patient zip code.

Review at other states to identify what is being shared at the state level.

AHA Hospital Account update –

2 AHA GWTG Stroke hospitals still have not signed the amended contract for state requirements.

5 AHA GWTG Stroke hospitals that are not required still have not signed the amended contract.

Interfacility transfer layer – Superuser account

An optional Prehospital layer for hospital GWTG data. The layer can be added to the hospital account by contacting AHA.

Action Item	State office and AHA will collaborate and present useful data.
--------------------	--

Agenda Item	<i>Committee Legislative Report – Stella Rausch-Scott</i>
--------------------	---

The Stroke Care Committee is required to present a Legislative Report. The Legislative report is a maximum of two pages and includes updates to Legislation on the work that is taking place through the Stroke Care Committee.

A draft of the committee report has already been created. At this time only one submission has been received. Noah Jacobson was on the workgroup but has since left the committee as his job transitioned to a different state.

Stella Scott will send the updated drafted report to the workgroup.

Action Item	Workgroup email to include next step and the drafted legislation report.
--------------------	--

Agenda Item	<i>2021 Committee work – Barri Stiber</i>
--------------------	---

The state presented a Stroke map that was created in 2017. This was manually created with reviewing data from multiple locations. The map needs to be updated. A request to support the map. OSN stated the same process took place for their state map.

-Endovascular Ready hospital is a new center type

It was discussed that one map be created and that all would reference the single map.

A state website was discussed that would support a resource list. This would include links to hospital data that OHA already created and published.

Action Item	Review map and hospital list Start creating a Stroke resource website
--------------------	--

Agenda Item	<i>Public Comment</i>
Oregon Stroke Network 2021 conference has opened registration.
