I think it would have cascading benefits to families and children in our area.

Hi Tracy,

Thank you so much for your public comments. I did want to make sure that you are discussing PeaceHealth's new Inpatient Rehabilitation Facility proposed for Springfield. Just want to make sure I get your comment file in the correct place. Let me know. Thanks, PLK

I can't make the meeting and honestly I work with children and their families but I can tell you there is a huge need for this! I work with so many families struggling with addiction and homelessness along with mental health issues and as you know this directly affects their ability to parent their children, causing cycles of trauma.

I hope you are able to secure funding for this project!
