Joint Committee on Ways and Means

Co-Chair Lieber and Co-Chair Sanchez

Re: Support for Reappropriation Request for the Lane County Behavioral Health Stabilization Center

Dear Co-Chair Lieber and Co-Chair Sanchez,

I write in support of Lane County's request to reappropriate funds in the 2025 early session rebalance bill to close the capital gap for the Lane County Behavioral Health Stabilization Center.

The Behavioral Health Stabilization Center is a critical initiative that will address urgent community needs. The facility will provide 24-hour urgent care for individuals experiencing acute-level behavioral health crises, with dedicated units for adult and youth behavioral health supervision, intensive substance abuse treatment, and post-acute care services. This comprehensive approach will reduce strain on emergency departments and offer life-changing support to adults and youth in need.

Additionally, Lane County has engaged in a private/public partnership with PeaceHealth to co-locate the Stabilization Center with their planned behavioral health unit, Timber Springs. Timber Springs Behavioral Health Hospital will feature a 96-bed inpatient unit providing comprehensive services for adolescent, adult, and geriatric patients, as well as intensive outpatient treatment. These co-located facilities will provide convenient access to individuals experiencing a behavioral health emergency.

The project has secured half of the necessary capital funds through Lane County funds, federal HRSA grants, and Oregon Lottery Bond allocations. Reappropriating funding in the 2025 Rebalance Legislation will allow the Stabilization Center to stay in alignment with building and stand-up timelines for the co-located facilities.

This reallocation will allow the community to expedite the implementation of this critical public service, addressing the growing crises of homelessness, addiction, and mental health challenges.

Please give this request full and fair consideration, which will enable the Lane County Behavioral Health Stabilization Center to provide vital services to our community.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer MacLean".

Jennifer MacLean, Executive Director

The mission of NAMI Lane County is to improve the quality of life for individuals living with a mental health condition and their families, friends, and loved ones through support, education, and advocacy.
La misión de NAMI Lane County es mejorar la calidad de vida de las personas con trastornos mentales y de sus familias a través del apoyo, la educación y la defensa.
