The policies and procedures sent to this office cannot be returned to you. The length of the hospice initial licensure process varies depending on multiple factors such as whether or not the application is complete, whether or not additional information needs to be submitted, current work load and availability of resources necessary to complete the request review, etc. Therefore, it is not possible to establish specific time frames. Due to the large volume of applications received, please email all inquiries to mailbox.hclc@state.or.us (attention Hospice Team).

Please note that once a hospice is licensed and is providing care to patients, it may become Medicare certified.
