RE: Request to change services provided by the in-home care agency

In order to change an agency classification, the following documents are required:

[ ] Application: Complete and submit an in-home care agency application, found online in the application section of [www.healthoregon.org/hcrqi](http://www.healthoregon.org/hcrqi).

[ ] Policies and Procedures: Develop policies and procedures (including associated forms). Submit the agency's policies and procedures, with associated forms, which reflect compliance with the Oregon Administrative Rules (OARs) related to the requested services. These rules include, but is not limited to:

- Medication Assistance 333-536-0070 & 0075 (needed for basic, intermediate, and comprehensive)
- Medication Administration 333-536-0070 & 0075 (needed for intermediate and comprehensive)
- Nursing Services 333-536-0080 (needed for comprehensive)
- Additional policies, procedures and forms effected by a change in licensure classification, including but not limited to, 333-536-0050, 0051, 0055, 0065 & 0090.

[ ] HCRQI Background Check Request Form: All owners and administrators that have direct contact with clients must submit this form. The form is online at [www.healthoregon.org/hcrqi](http://www.healthoregon.org/hcrqi), in the application and licensure section under in home care.

[ ] IHC Licensure Fee Change: Oregon Administrative Rule (OAR) revisions require new licensure fees, based on classification, for IHCs. Change of classification surveys will now require the difference between the current classification and the classification requested. Example: A licensed Limited classification agency requesting to change to a Comprehensive classification would submit a fee of \$500.00 (1500.00-1000.00) with

their classification change request and documentation.
